FINANCE, AUDIT & RISK MANAGEMENT COMMITTEE

Minutes

Meeting Date Monday 23 December 2024

Meeting Time 4:00 pm

Held at Microsoft Teams, Online Only

ACKNOWLEDGEMENT OF COUNTRY

The Shire of Chapman Valley would like to respectfully acknowledge the Naaguja peoples who are the traditional owners and first people of the land on which we stand.

We would like to pay our respect to the elders past, present and emerging for they hold the memories, the traditions, the culture and hopes of the Naaguja peoples.

DISCLAIMER

No responsibility whatsoever is implied or accepted by the Shire of Chapman Valley for any act, omission or statement or intimation occurring during Council Meeting. The Shire of Chapman Valley disclaims any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement or intimation occurring during Council of Committee Meetings.

Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council Meeting does so at that person's or legal entity's own risk.

The Shire of Chapman Valley warns that anyone who has any application or request with the Shire of Chapman Valley must obtain and should rely on written confirmation of the outcome of the application or request of the decision made by the Shire of Chapman Valley.

COMMITTEE PURPOSE & DELEGATIONS

To provide a review of Council's ongoing financial situation, provide a forum for ongoing review of strategic management plan for Council operations and discuss the Audit System.

- Delegations - Nil

The Finance, Audit & Risk Management Committee is comprised of:

Cr Eliott-Lockhart

4 Disclosure of Interest

Local Government Act 1995 Administration Part 5 Disclosure of financial interests and gifts Division 6

s. 5.59

Members should fill in Disclosure of Interest forms for items in which they have a financial, proximity or impartiality interest and forward these to the Presiding Member before the meeting commences.

Section 5.60A:

"a person has a financial interest in a matter if it is reasonable to expect that the matter will, if dealt with by the local government, or an employee or committee of the local government or member of the council of the local government, in a particular way, result in a financial gain, loss, benefit or detriment for the person."

Section 5.60B:

"a person has a proximity interest in a matter if the matter concerns –

(a) a proposed change to a planning scheme affecting land that adjoins the person's land; or (b) a proposed change to the zoning or use of land that adjoins the person's land; or (c) a proposed development (as defined in section 5.63(5)) of land that adjoins the person's land."

Regulation 34C (Impartiality):

"interest means an interest that could, or could reasonably be perceived to, adversely affect the impartiality of the person having the interest and includes an interest arising from kinship, friendship or membership of an association."

5 Petitions/Deputations/Presentations

Staff Recommendation

The Finance, Audit & Risk Management Committee recommends to Council that the Independent Audit Report for the year ending 30 June 2023 be received.

Committee En Bloc Resolution - Minute Reference FARMC 2024/02-3

The Finance, Audit & Risk Management Committee recommends to Council that the Independent Audit Report for the year ending 30 June 2023 be received.

Disclosure of Interest

No officer declared an interest under the Local Government Act 1995, Subdivision 1 (LGA 1995) in the preparation of this report.

Background

The Shire of Chapman Valley has received the Independent Audit Report from its Auditors; Nexia Perth performed this audit on behalf of the Office of Auditor General.

Comment

Councillors, Chief Executive Officer, Manager of Finance & Corporate Services and the Management Accountant met (via TEAMs) with representatives from the Office of the Auditor General for Western Australia (OAG) and the OAG appointed Auditors, Nexia Perth, on 19 February 2024 for an audit exit meeting. Both the OAG and Nexia Perth reported on Key Audit Risks and Focus Areas as outlined in the original Audit Strategy Memorandum.

Page 10 of 18

Att: 6.1.1 Unconfirmed FARM Minutes February 2024

Finance Audit and Risk Management Committee 22 February 2024 - Minutes

During the exit meeting attention was drawn to findings which are of a sufficient concern to call for action being taken in the following areas, yet there were no items considered significant:

- Inadequate Fair Value Assessment of Land & Building Assets
- Bank Signatories

Statutory Environment

Staff Recommendation

The Finance, Audit & Risk Management Committee receives the Internal Control Audit Report and recommendations and present this to council.

Committee En Bloc Resolution - Minute Reference FARMC 2024/02-3

The Finance, Audit & Risk Management Committee receives the Internal Control Audit Report and recommendations and present this to council.

Disclosure of Interest

No officer declared an interest under the Local Government Act 1995, Subdivision 1 (LGA 1995) in the preparation of this report.

Background

The State Government introduced legislation under the Local Government (Audit) Audit Regulations, 1996, to stipulate it is a legal requirement for a local government Chief Executive Officer to review the appropriateness and effectiveness of a local government's systems and procedures in relation to:

- a) Risk management,
- b) Internal controls; and
- c) Legislative compliance.

A local government must undertake an internal control audit at least once every two years.

Internal auditing is an independent, objective activity carried out by a person who is not involved in the operational management of the Shire. It assists the organisation accomplish its aims by bringing a systematic, disciplined approach to evaluate and improve the

Page 15 of 18

Att: 6.1.1 Unconfirmed FARM Minutes February 2024

Finance Audit and Risk Management Committee 22 February 2024 - Minutes

effectiveness of risk management systems, managing material operating risks, internal controls and legislative compliance processes.

Comment

The first of these audits commenced in December 2013 with subsequent audits 2016, 2018 and 2021. In late 2023, Margaret Hemsley, Principal Consultant from LG People and Culture performed the internal control audit review. This audit an expanded approach was undertaken with a survey implemented to find the level of knowledge within the Shires' designated Senior Staff. An audit tool has been provided by the consultant addressing the Local Government Operational Guidelines (No.9) Audit in Local Government. The internal audit addresses four sections

- Risk Management Systems and Processes
- Determining and Managing Material Operating Risks
- Internal Control
- Legislative Compliance

The purpose of this report is to inform the Finance, Audit & Risk Management Committee of the review undertaken by staff with an independent consultant and report any future improvements considered necessary.

Statutory Environment

Local Government (Audit) Regulations, 1996

Reg 17. CEO (Chief Executive Officer) to review certain systems and procedures

- (1) The CEO is to review the appropriateness and effectiveness of a local government's systems and procedures in relation to
 - (a) risk management; and
 - (b) internal control; and
 - (c) legislative compliance.
- The review may relate to any or all of the matters referred to in sub regulation (1)(a), (b) and (c), but each of those matters is to be the subject of a review at least once every 2 calendar years.
- (3) The CEO is to report to the audit committee the results of that review.

An Insignificant Compliance Risk of Level 1 - Which will likely result in no noticeable regulatory or statutory impact.

Att: 8.1.1 Independent Auditors Report 30 June 2024

INDEPENDENT AUDITOR'S REPORT 2024 Shire of Chapman Valley

To the Council of the Shire of Chapman Valley

Opinion

I have audited the financial report of the Shire of Chapman Valley (Shire) which comprises:

- the statement of financial position as at 30 June 2024, the statement of comprehensive income, statement of changes in equity, statement of cash flows and statement of financial activity for the year then ended
- notes comprising a summary of material accounting policies and other explanatory information.

In my opinion, the financial report:

- is based on proper accounts and records
- presents fairly, in all material respects, the results of the operations of the Shire for the year ended 30 June 2024 and its financial position at the end of that period
- is in accordance with the Local Government Act 1995 (the Act) and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.

Basis for opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial report section below.

I believe that the audit evidence have obtained is sufficient and appropriate to provide a basis for my opinion.

Other information

The Chief Executive Officer (CEO) is responsible for the preparation and the Council for overseeing the other information. The other information is the information in the entity's annual report for the year ended 30 June 2024, but not the financial report and my auditor's report.

My opinion on the financial report does not cover the other information and accordingly, I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial report, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or my knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I did not receive the other information prior to Page 1 of 3

7th Floor Albert Facey House 469 Wellington Street Perth MAIL TO: Perth BC PO Box 8489 Perth WA 6849 TEL: 08 6557 7500

Att: 8.1.1 Independent Auditors Report 30 June 2024

the date of this auditor's report. When I do receive it, I will read it and if I conclude that there is a material misstatement in this information, I am required to communicate the matter to the CEO and Council and request them to correct the misstated information. If the misstated information is not corrected, I may need to retract this auditor's report and re-issue an amended report.

Responsibilities of the Chief Executive Officer and Council for the financial report

The Chief Executive Officer (CEO) of the Shire is responsible for:

- · keeping proper accounts and records
- preparation and fair presentation of the financial report in accordance with the requirements
 of the Act, the Regulations and Australian Accounting Standards
- managing internal control as required by the CEO to ensure the financial report is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the CEO is responsible for:

- · assessing the Shire's ability to continue as a going concern
- disclosing, as applicable, matters related to going concern
- using the going concern basis of accounting unless the State Government has made decisions affecting the continued existence of the Shire.

The Council is responsible for overseeing the Shire's financial reporting process.

Auditor's responsibilities for the audit of the financial report

As required by the *Auditor General Act 2006*, my responsibility is to express an opinion on the financial report. The objectives of my audit are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

A further description of my responsibilities for the audit of the financial report is located on the Auditing and Assurance Standards Board website. This description forms part of my auditor's report and can be found at https://www.auasb.gov.au/auditors responsibilities/ar4.pdf.

My independence and quality management relating to the report on the financial report

I have complied with the independence requirements of the *Auditor General Act 2006* and the relevant ethical requirements relating to assurance engagements. In accordance with ASQM 1 Quality Management for Firms that Perform Audits or Reviews of Financial Reports and Other Financial Information, or Other Assurance or Related Services Engagements, the Office of the Auditor General maintains a comprehensive system of quality management including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Att: 8.1.1 Independent Auditors Report 30 June 2024

Matters relating to the electronic publication of the audited financial report

This auditor's report relates to the financial report of the Shire of Chapman Valley for the year ended 30 June 2024 included in the annual report on the Shire's website. The Shire's management is responsible for the integrity of the Shire's website. This audit does not provide assurance on the integrity of the Shire's website. The auditor's report refers only to the financial report. It does not provide an opinion on any other information which may have been hyperlinked to/from the annual report. If users of the financial report are concerned with the inherent risks arising from publication on a website, they are advised to contact the Shire to confirm the information contained in the website version.

Staff Recommendation

The Finance, Audit & Risk Management Committee recommends to the Council that the Management Report for the year ending 30 June 2024 be received and actions taken on items listed endorsed.

Committee ENBLOC Resolution - Minute Reference FARMC 2024/12-02

The Finance, Audit & Risk Management Committee recommends to the Council that the Management Report for the year ending 30 June 2024 be received and actions taken on items listed endorsed.

Disclosure of Interest

No officer declared an interest under the Local Government Act 1995, Subdivision 1 (LGA 1995) in the preparation of this report.

Background

The Shire of Chapman Valley has received the Management Report from its Auditors Nexia Perth who performed this audit on behalf of the Office of Auditor General (Please refer to Audit Report Letter).

Comment

The Management Report lists three findings with no impact on the audit opinion.

Index of findings	Potential impact on audit opinion	Rating		Prior year finding	
		Significant	Moderate	Minor	
Non-Compliance with Local Government (Audit) Regulations 1996 Regulation 17	No		√		
Corporate credit card statement not approved	No		√)
Lack of evidence of interview assessment conducted for new employee	No				

These findings are noted by management to be followed up prior to June 2025.

Management will undertake a robust assessment of the appropriateness and effectiveness of the systems and procedures in relation to risk management, internal control, and legislative compliance to meet the legislative requirements of the Local Government Audit Regulation 17. Quotes for service are currently being sought for suitable external experts to be engaged.

Management have acknowledged a misstep in internal processes had occurred and this has been tweaked to ensure Council Management Procedure CMP-021 Corporate Transaction Cards is adhered to fully.

Management have acknowledged the oversight of documenting the movement of an administration employee and will seek to resource the finance and corporate services team adequately to ensure full compliance with Council Management Procedure CMP-060 Recruitment and Selection Procedure.

Statutory Environment

Long Term Financial Plan

No major effect is anticipated on the Long-Term Financial Plan.

Policy/Procedure Implications

No Policy or Management Procedure affected.

Financial Implications

Long Term Financial Plan

No major effect is anticipated on the Long Term Financial Plan.

Strategic Implications

Strategic Community Plan/Corporate Business Plan Implications

GOVERNANCE & ACCOUNTABILITY

- 5.1 Ensure governance and administration systems, policies and processes are current and relevant.
- 5.1.1 Review policy categories and set ongoing accountability for review processes.
- 5.3 Make informed decisions within resources and areas of responsibility.
- 5.3.1 Council and Shire process formally incorporate integrated plans as references.
- 5.3.2 Regular and relevant briefings to Elected Members.

Consultation

Council Staff have been in contact and discussion with council auditors throughout the audit review process.

Risk Assessment

An Insignificant Compliance Risk of Level 1 – Which will likely result in no noticeable regulatory or statutory impact.

Tel: 08 6557 7500 Email: info@audit.wa.gov.au

Dear Mr Criddle

ANNUAL FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2024

The Office has completed the audit of the annual financial report for your Shire. In accordance with section 7.12AD (2) of the *Local Government Act 1995*, we enclose the Auditor General's auditor's report, together with the audited annual financial report.

We have also forwarded the reports to the President and the Minister for Local Government, as required by the Act. You are required to publish the annual report, including the auditor's report and the audited financial report, on your Shire's official website within 14 days after the annual report has been accepted by your Council.

Management control issues

While the result of the audit was generally satisfactory, I would like to draw your attention to the attached listing of deficiencies in internal control and other matters that were identified during the audit. These matters have been discussed with management and their comments have been included in the attachment.

Please note that the purpose of our audit was to express an opinion on the financial report. The audit included consideration of internal control relevant to the preparation of the financial report in order to design audit procedures that were appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control.

An audit is not designed to identify all internal control deficiencies that may require management attention. The matters being reported are limited to those deficiencies that have been identified during the audit that are of sufficient importance to warrant being reported. It is possible that other irregularities and deficiencies may have occurred and not been identified as a result of our audit.

The date the financial statements submitted by your entity and considered to be of audit ready quality is 27 September 2024. This date will be reported in our local government sector audit results report to be tabled in Parliament. I am providing this date for completeness of our Office's procedural fairness process.

If you have any queries in relation to this date, please contact me on 6557 7616 within 14 days of the date of this letter. If we do not hear from you, we will take this as confirmation of the date.

Att: 8.2.1 Management Report Office of Auditor General 30 June 2024

ATTACHMENT

SHIRE OF CHAPMAN VALLEY

PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2024 FINDINGS IDENTIFIED DURING THE AUDIT

Index of findings	Potential impact on audit opinion	Rating			Prior year finding
		Significant	Moderate	Minor	
Non-Compliance with Local Government (Audit) Regulations 1996 Regulation 17	No		1		
Corporate credit card statement not approved	No				✓
Lack of evidence of interview assessment conducted for new employee	No			✓	

KEY TO RATINGS

The Ratings in this management letter are based on the audit team's assessment of risks and concerns with respect to the probability and/or consequence of adverse outcomes if action is not taken. We give consideration to these potential adverse outcomes in the context of both quantitative impact (for example financial loss) and qualitative impact (for example inefficiency, non-compliance, poor service to the public or loss of public confidence).

Significant

- Those findings where there is potentially a significant risk to the entity should the finding not be addressed by the entity promptly. A significant rating could indicate the need for a modified audit opinion in the current year, or in a subsequent reporting period if not addressed. However even if the issue is not likely to impact the audit opinion, it should be addressed promptly.
- Moderate
- Those findings which are of sufficient concern to warrant action being taken by the entity as soon as practicable.
- Minor
- Those findings that are not of primary concern but still warrant action being taken.

Att: 8.2.1 Management Report Office of Auditor General 30 June 2024

ATTACHMENT

SHIRE OF CHAPMAN VALLEY PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2024 FINDINGS IDENTIFIED DURING THE AUDIT

1. Non-Compliance with Local Government (Audit) Regulations 1996 Regulation 17 (Regulation 17)

Finding

During the year, the Shire engaged an external consultant LG People and Culture, to conduct an internal audit for purpose of meeting the requirements of *Local Government (Audit)* Regulations 1996 Regulation 17 (Regulation 17). This regulation requires the CEO to review the appropriateness and effectiveness of the local government's systems and procedures around risk management, internal control and legislative compliance at least every 3 financial years.

From our review of the consultant's final report provided to the Shire (dated January 2024), we noted the consultant's review did not meet all the requirements of Regulation 17. Specifically, the following requirements were not met:

- Review of the risk management system policies, procedures and plans in place at the Shire:
- Evaluation of the non-financial/operational internal controls systems and procedures at the Shire; and
- Assessment of the systems and procedures for maintaining legislative compliance.

We further note that the Shire did not identify this issue nor perform its own review to meet the legislative requirements.

Rating: Moderate Implication

Non-compliance with the legislative requirements of Regulation 17 regarding assessment of the appropriateness and effectiveness of the systems and procedures around risk management, internal control and legislative compliance.

Recommendation

The Shire should reperform a robust assessment of the appropriateness and effectiveness of the systems and procedures in relation to risk management, internal control, and legislative compliance to meet the legislative requirements. Where an external expert is engaged, the expert's scope of work should be reviewed by the Shire to ensure it meets the requirements of the Regulations.

Management Comment

The CEO will revisit and ensure that the requirements that were not met in the review are covered as well as an additional robust internal assessment.

Responsible Person: Chief Executive Officer

Completion Date: 30.06.2025

Att: 8.2.1 Management Report Office of Auditor General 30 June 2024

ATTACHMENT

SHIRE OF CHAPMAN VALLEY PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2024 FINDINGS IDENTIFIED DURING THE AUDIT

2. Corporate credit card statements not approved

Findina

We noted that the CEO's September/October 2023 credit card statement was not independently reviewed and approved by the Manager Finance and Corporate Services, as required by the Shire's credit card approval procedures.

Rating: Moderate Implication

In the absence of an independent review, inappropriate use of employee corporate credit cards may not be detected and addressed in a timely manner. This could potentially lead to financial loss to the Shire.

Recommendation

All monthly credit card statements should be reviewed by the Manager Finance and Corporate Services in line with the Shires approved procedures to ensure that all expenses incurred are valid business expenses and adequately supported by relevant documentation such as purchasing receipts or supplier invoices.

Management Comment

Management will ensure all monthly credit card statements are reviewed by the Manager Finance and Corporate Services (or Management Accountant in her absence) in line with the Shires policies & approved procedures to ensure all expenses incurred are valid business expenses and adequately supported by relevant source documentation _such as purchasing receipts or supplier invoices).

Responsible Person: Manager Finance & Corporate Services

Att: 8.2.1 Management Report Office of Auditor General 30 June 2024

ATTACHMENT

SHIRE OF CHAPMAN VALLEY PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2024 FINDINGS IDENTIFIED DURING THE AUDIT

3. Lack of evidence of interview assessment conducted for new employee

Finding

We noted 1 instance (out of 3 tested) where a new employee did not undergo a formal interview assessment to determine suitability for the position. We understand from management that the candidate had an informal interview with the Manager of Finance and Corporate Services but no documentation was retained.

Rating: Minor Implication

Lack of documentation and informal interview processes may result in non-compliance with the Shire's policies and procedures. This may result in recruitment of candidates without the requisite skills and qualifications for the respective roles.

Recommendation

Management should ensure that interviews and assessments are performed and documented for all candidates as per the Shire's policy' on Recruitment and Selection Procedure as stipulated in the HR Induction & Guidelines Manual.

Management Comment

Management acknowledges oversight with documenting the movement of an administration employee and will ensure future interviews and assessments are performed and documented for all candidates as per the Shire's policy' on Recruitment and Selection Procedure as stipulated in the HR Induction & Guidelines Manual

Reason for Variation: Meeting to be moved to 17th February2025.

Disclosure of Interest

No officer declared an interest under the Local Government Act 1995, Subdivision 1 (LGA 1995) in the preparation of this report.

Background

The purpose of this item is to accept the Shire of Chapman Valley 2023/2024 Annual Report, receive the Auditors Report and Management Letter and set a date/time for the Annual General Meeting of Electors.

When considering setting a date for the Annual General Meeting of Electors it is a requirement of s5.27 'Electors General Meeting' of the Local Government Act 1995 this meeting can be no later than 56 days after accepting the Annual Report (17 February 2025).

Comment

The Staff Recommendation is suggesting the date, time and location to hold the Annual General Meeting of Electors as being:

- Friday 14 February 2025
- Commencing at 6.00pm
- Council Chambers, Nabawa

Bearing in mind the Act stipulates the Annual General Meeting of Electors must be held not more than 56 days after the local government accepts the annual report for the previous financial year. Therefore, the latest date the meeting could be held is the 17 February 2025.

It is important to maximise attendances at the Annual General Meeting of Electors by constituents, hence the Staff Recommendation has suggested a date and time, which is in the evening, after the harvest and school holiday periods.

Statutory Environment

No Financial Implications Identified.

Local Government Act 1995

The Local Government Act 1995 states the following:

"5.27. Electors' general meetings

- (1) A general meeting of the electors of a district is to be held once every financial year.
- (2) A general meeting is to be held on a day selected by the local government but not more than 56 days after the local government accepts the annual report for the previous financial year.
- (3) The matters to be discussed at general electors' meetings are to be those prescribed."

5.29. Convening electors' meetings

- (1) The CEO is to convene an electors' meeting by giving —
- (a) at least 14 days' local public notice; and
- (b) each council member at least 14 days' notice of the date, time, place and purpose of the meeting.
- (2) The local public notice referred to in subsection (1)(a) is to be treated as having commenced at the time of publication of the notice under section 1.7(1)(a) and is to continue by way of exhibition under section 1.7(1)(b) and (c) until the meeting has been held.

5.32. Minutes of electors' meetings

The CEO is to —

(a) cause minutes of the proceedings at an electors' meeting to be kept and preserved; and

Page 44 of 125

(b) ensure that copies of the minutes are made available for inspection by members of the public before the council meeting at which decisions made at the electors' meeting are first considered.

5.33. Decisions made at electors' meetings

- (1) All decisions made at an electors' meeting are to be considered at the next ordinary council meeting or, if that is not practicable —
- (a) at the first ordinary council meeting after that meeting; or
- (b) at a special meeting called for that purpose, whichever happens first.
- (2) If at a meeting of the council a local government makes a decision in response to a decision made at an electors' meeting, the reasons for the decision are to be recorded in the minutes of the council meeting.

5.54. Acceptance of annual reports

(1) Subject to subsection (2), the annual report for a financial year is to be accepted* by the local government no later than 31 December after that financial year.

5.55. Notice of annual reports

The CEO is to give local public notice of the availability of the annual report as soon as practicable after the report has been accepted by the local government."

Policy/Procedure Implications

No Policy or Management Procedure affected.

Financial Implications

No Financial Implications Identified.

Nil effect on the Long-Term Financial Plan

Strategic Implications

It is considered appropriate to conduct the Annual General Meeting of Electors to retain open and accountable governance and communication with the Shire's constituents

Strategic Community Plan/Corporate Business Plan Implications

GOVERNANCE & ACCOUNTABILITY

- 5.1 Ensure governance and administration systems, policies and processes are current and relevant.
- 5.1.1 Review policy categories and set ongoing accountability for review processes.

Page 45 of 125

^{*} Absolute majority required.

Consultation

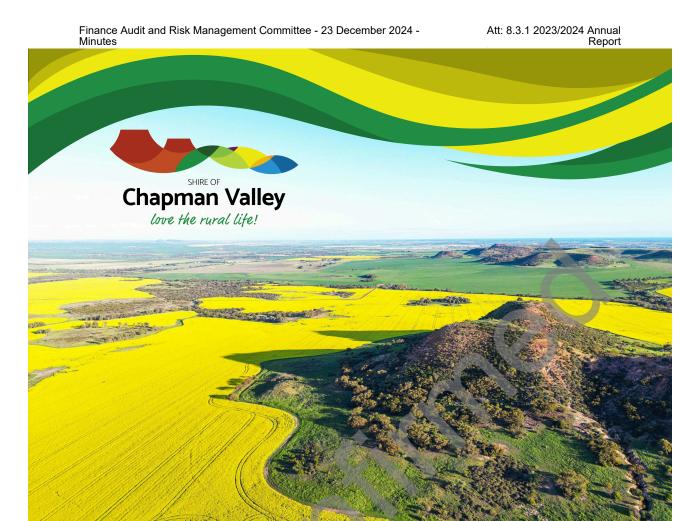

The Shire President, relevant staff and the Shire's Auditors have been consulted and had input into the development of the 2023/2024 Annual Report.

Risk Assessment

An Insignificant Compliance Risk of Level 1 - Which will likely result in no noticeable regulatory or statutory impact.

- Insignificant risk of non-compliance with legislation to complete this activity in accordance with the Local Government Act and associated Regulations.
- Insignificant risk of not conducting the Annual General Meeting of Electors at an appropriate time/date to provide constituents to opportunity to attend.

ANNUAL REPORT 2023/2024

ACKNOWLEDGEMENT OF COUNTRY

The Shire of Chapman Valley would like to respectfully acknowledge the Naaguja peoples who are the traditional owners and first people of the land on which we stand. We would like to pay our respect to the elders past, present and emerging for they hold the memories, the traditions, the culture and hopes of the Naaguja peoples.

PRESIDENTS ANNUAL REPORT TO ELECTORS

ANNUAL REPORT 2023/2024

Together with Jamie Criddle, CEO of the Shire of Chapman Valley, I am delighted to present this message for the 2023-2024 Annual Report.

The 2023-2024 financial year marked a period of consolidation and forward planning as we focused on creating a bright future for our community. While inflation challenges continued to affect our budget, we remained steadfast in our commitment to maintaining and enhancing our assets and infrastructure. Our goal is to meet the needs of our diverse communities while pursuing opportunities to enrich lifestyle and community wellbeing.

Throughout the year, the Shire supported several local groups through the Community Growth Fund, a council-allocated initiative that has fostered community driven projects for over a decade. Our beautiful Valley also solidified its reputation as a vibrant event hub, hosting music festivals, the Backroads Gravel Bike Race, and the much-loved Chapman Valley Show.

We are nearing the completion of Cyclone Seroja recovery works, closing an important chapter in the Shire's history. This milestone reflects the resilience of our community and the dedication of all involved.

The State Government Regional Roads Grant continues to be instrumental in enabling the Shire to complete significant road construction projects to a high standard.

Realizing our aspirations depends on collaboration. We are grateful for the ongoing support of our community, local businesses, regional bodies, neighbouring local governments, State and Federal Governments, and private sector partners. Your contributions during the 2023-2024 financial year have been invaluable.

I would like to extend my heartfelt thanks to our community members for their unwavering support and countless hours of volunteer work. It is your passion, dedication, and generosity that make our Shire such a remarkable place to live.

A special thank you to our staff and the members of the Audit and Risk Management Committee for their efforts in achieving an excellent audit result.

To all our residents, please continue to cherish the rural lifestyle and champion our shared vision of a thriving community. Together, we can make the most of our coastline, ranges, and rural landscapes to grow and prosper.

Thank you for being a part of our journey.

Kirrilee Warr Shire President

ANNUAL MEETING OF ELECTORS

An Annual Meeting of Electors is held each financial year in accordance with Part 3 of the Local Government (Administration) Regulations 1996 and the Local Government Act 1995 Part 5, Division 2, Subdivision 4, Section 5.27. The purpose of the meeting is to, firstly, present the Annual Report (including the Auditor's Report) to electors, and then to discuss any other general business. Under Section 5.33, all decisions made at an electors meeting are to be considered at the next Ordinary meeting of Council.

The previous Annual Meeting of Electors was held on 21st March 2024 at the Council Chambers 3270 Chapman Valley Road, Nabawa.

COUNCILLOR EXPENSES

It is important that Councillors can carry out their role without being unduly financially disadvantaged. The Shire's Councillor Allowances, Expenses and Recognition policy outlines what support will be provided by the Shire taking into account the responsibilities and commitment of serving as community representatives. The policy provides for electronic equipment, training, travel and reimbursement of expenses. Allowances, expenses and fees paid by the Shire of Chapman Valley to Councillors for the financial year are outlined below:

Councillor	Member's Allowance/fee	Travelling Allowance	ICT Allowances	Total
Kirrilee Warr	\$19,742	\$50	\$500	\$20,292
Darrell Forth	\$3,060	\$13	\$125	\$3,198
Nicole Batten	\$11,617	\$50	\$500	\$12,167
Beverley Davidson	\$2,435	\$13	\$125	\$2,573
Peter Humphrey	\$2,435	\$13	\$125	\$2,573
Trevor Royce	\$9,742	\$50	\$500	\$10,292
Liz Eliott- Lockhart	\$9,742	\$50	\$500	\$10,292
Catherine Low	\$9,742	\$50	\$500	\$10,292
Emma Rodney	\$7,307	\$37	\$375	\$7,719
Phil Blakeway	\$7,307	\$37	\$375	\$7,719

*ICT = Information and communications technology, also referred to as telecommunications allowance

REGISTER OF COMPLAINTS

All complaints against the Shire of Chapman Valley's elected members that result in a finding by a standards panel (under Section 5.110(2) (a) of the Local Government Act 1995) and where a minor breach has occurred must be recorded in a Register of Complaints.

Section 5.121(3) requires the CEO to publish an up-to-date version of the register of complaints on the Shire's official website.

One complaint was included on the Shire of Chapman Valley's Register of Complaints, made under Section 5.121 of the Local Government Act 1995 during the 2023/24 financial year.

The Local Government Standards Panel found that no minor breach of regulation 19 & 20 had occurred, and no sanction was imposed.

More information can be found in the Shire of Chapman Valley's Register of Complaints, available on the Shire's website.

ANNUAL REPORT 2023/2024

PUBLIC INTEREST DISCLOSURES (PIDs)

The Public Interest Disclosure Act was established by the Commissioner for Public Sector Standards under Section 20 of the Public Interest Disclosure Act 2003. One of the principles of the legislation is not just to provide protection to those who make disclosures (and those who are the subject of disclosures) but also to encourage a system of transparency and accountability in the way government officials act and utilise public monies.

Matters that fall into the category of Public Interest include:

- Improper Conduct (irregular or unauthorised use of public resources)
- An offence under State Law including corruption (substantial unauthorised or irregular use of, or substantial mismanagement of, public resources).
- Administration matters generally (conduct involving a substantial risk of injury to public health, prejudice to public safety or harm to the environment).

Matters that relate to the Shire of Chapman Valley should be referred to the Shire's Public Interest Disclosure Officer (PID Officer). Disclosures made can be made not just about officers of a local authority but also about its elected members.

There is an obligation on the PID Officer in the Public Interest Disclosure Act to ensure that the disclosure is confidential and that the person making a disclosure is provided adequate protection from reprisals, civil and criminal liability, dismissal or breach of confidentiality.

The Shire of Chapman Valley had no public interest disclosures during the year-ended 30th June 2024.

ANNUAL REPORT 2023/2024

NATIONAL COMPETITION POLICY (NCP)

The Competition Principles Agreement (CPA) is a contractual agreement between Federal Government and all State and Territory Governments which aims to ensure that all public enterprises operate in a transparent manner in the best interests of the public. Under the CPA, public enterprises are required to review their operations to ensure they have no competitive advantage or disadvantage as a result of their public status.

COMPETITIVE NEUTRALITY

The principle of competitive neutrality is that government businesses should not enjoy a competitive advantage, or suffer a disadvantage, simply as a result of their public sector ownership. Measures should be introduced to effectively neutralize any net competitive advantage flowing from government ownership.

Competitive neutrality should apply to all business activities that generate a user pays income of over \$200,000 per annum, unless it can be shown it is not in the public interest. A public benefit test is used to determine if competitive neutrality is in the public interest. This involves assessing the benefits of implementing competitive neutrality against the costs. If the benefits exceed the costs, competitive neutrality should be implemented.

The Shire of Chapman Valley does not control any business activity with a user pays income in excess of \$200,000 in 2023/2024.

FREEDOM OF INFORMATION (FOI)

The Shire of Chapman Valley is subject to the provisions of the Freedom of Information Act 1992, which gives individuals and organisations a general right of access to information held by the Shire. The Act also provides the right to appeal in relation to decisions made by the Shire to refuse access to information applied under the Act.

- The Shire of Chapman Valley received 1 requests for information 2023/2024 In accordance with section 5.53 of the Local Government Act and the associated Local Government (Rules of Conduct) Regulations 2007, the complaints made against councillors for 2023/2024 were
 - Number of entries in register Nil
 - How the complaints were handled Not Applicable

RECORD KEEPING

Under the State Records Act 2000, the Shire and its employees are obliged to comply with the Shire's Record Keeping Plan. A revised plan was endorsed by the State Records Office of WA in March 2020 and remains valid.

LOCAL LAWS

The Shire currently has three (3) Local Laws:

- Standing Orders Local Law 2016
- Activities in Thoroughfares in Public Places and Trading Local Law 2016
- Dog Local Law 2016

Pursuant to section 3.16 of the Local Government Act 1995, local governments are required to commence a periodic review of local laws every eight (8) years. The next review is due in 2024.

ANNUAL REPORT 2023/2024

FEDERAL GOVERNMENT FINANCIAL ASSISTANCE GRANTS

The Shire of Chapman Valley received \$1,355,470 in Financial Assistance Grants in 2023/2024. These grants contribute to annual maintenance of community infrastructure and general operations of the local government and are a vital source of revenue to support the Shire's operations.

REGISTER OF FINANCIAL INTEREST FOR ELECTED MEMBERS AND SENIOR STAFF

In accordance with the requirements of the Local Government Act 1995, this register is held in the Shire's administration office, and is also available on the shire website for viewing by the public.

EQUAL OPPORTUNITY

The Shire supports, and is committed to, the achievement of its diversity management and equal opportunity goals. That means the Shire is continually aiming to ensure that it provides a workplace free from all forms of discrimination, harassment and bullying and that there is equality and fairness in all aspects of employment and customer service delivery in the organisation.

Policies, practices and services are adapted to meet the needs of a diverse and evolving community and the Shire reviews and updates all relevant policies annually to ensure they align with legislative requirements and the needs of the workforce.

These policies are:

- Equal Employment Opportunity Policy
- Discrimination, Harassment and Bullying Policy
- Information and Communication Technology Use Policy

ANNUAL REPORT 2023/2024

DISABILITY ACCESS & INCLUSION

Council is conscious of the need to provide facilities and services to residents and visitors with a range of abilities. The Disability Access and Inclusion Plan (DAIP) provides the framework to achieve this goal. The DAIP contains a number of strategies to ensure that facilities, services, events, information and employment opportunities are available to all community members – including those who may have disability.

Local Governments are required to submit an annual report to the Disability Services Commission listing any outcomes achieved during the reporting period such as: ease of access to services; built infrastructure; effective communications; quality of services; appropriate consultation; and employment.

Outcome 1 - Services and events

People with disability have the same opportunities as other people to access the services of, and participate in any events organised by, a public authority.

Outcome 2 - Buildings and other facilities

People with disability have the same opportunities as other people to access buildings and other facilities of a public authority.

Outcome 3 - Information

People with disability have the same opportunity as other people to access information in a format that will enable them to access.

Outcome 4 - Level of quality of services

People with disability have the same level of service from the employees of a public authority as other people receive from the employees of that public authority.

Outcome 5 - Complaints

People with disability have the same opportunities as other people to make complaints to a public authority.

Outcome 6 - Consultation

People with disability have the same opportunities as other people to participate in any public consultation by a public authority.

Outcome 7 - Employment

People with disability have the same opportunities as other people to obtain and maintain employment with a public authority.

Att: 8.3.1 2023/2024 Annual Report

ANNUAL REPORT 2023/2024

The Local Government Act requires each local government to have an Integrated Planning and Reporting Framework (IPRF), which has three levels of strategic planning, informed and supported by appropriate resourcing and asset management plans. The key components of the IPRF are:

- Strategic Community Plan (Level 1)
- Corporate Business Plan (Level 2)

The Annual Report measures our progress against priorities and aspirations that were developed in consultation with the community and documented in the Shires long term vision, the Strategic Community Plan 2022/2032.

The Shires Corporate Business Plan 2022-2027 provides clarity on the initiatives and services that the Shire is planning or implementing over the next five years, with emphasis on the delivery of the strategic priorities outlined in our Strategic Community Plan 2022-2032.

CHIEF EXECUTIVE OFFICERS REPORT

ANNUAL REPORT 2023/2024

It is with great pleasure that I present the Annual Report for the year 2023/2024. This report encapsulates the achievements, challenges, and strategic steps that the Council and Shire's workforce have made in our commitment to serving the residents of this beautiful region. As the Chief Executive Officer at the Shire of Chapman Valley, I have the privilege of leading a dynamic and passionate team who all have great pride in their contributions toward improving the lives of our residents.

The scope of a local government business is immensely broad and with a workforce of only 23 staff members it takes great commitment from each individual to achieve the work we do each year. In this annual report, you will find a comprehensive overview of the initiatives, projects, and programs undertaken by our various departments over the 2023/24 financial year. This report is directly linked to our Corporate Business & Strategic Community Plans which sets out each year's goals and objectives as well as future aspirations. Each project and initiative is underpinned by our unwavering commitment to our vision "A thriving and diverse community, embracing our coastline, ranges and rural setting to support growth and prosperity, while enjoying our peaceful and quiet lifestyle".

As we reflect on the past year, we also keep an eye on the future. As we enter the third year of our current strategic planning cycle, we are preparing for an upcoming desktop review of our strategic documents. This review will ensure that we continue on our growth trajectory while remaining true to the history and character of each unique community within the Shire.

I invite you to explore the pages of this report, reflect on the Shire's achievements and provide us with any feedback on our direction and accountability towards our targets and goals. Finally, I'd like to acknowledge the support of our Elected Members, contractors, local state government agencies and community volunteers who assist our workforce deliver the vast array of services within the Shire and make Chapman Valley a great place to work, rest & play.

JAMIE CRIDDLE

CHIEF EXECUTIVE OFFICER

Att: 8.3.1 2023/2024 Annual

Report

Finance Audit and Risk Management Committee - 23 December 2024 -

SHIRE OF CHAPMAN VALLEY NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2024

1. BASIS OF PREPARATION

The financial report of the Shire of Chapman Valley which is a Class 4 local government comprises general purpose financial statements which have been prepared in accordance with the Local Government Act 1995 and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the Local Government Act 1995 read with the Local Government (Financial Management) Regulations 1996 prescribe that the financial report be prepared in accordance with the Local Government Act 1995 and, to the extent that they are not inconsistent with the *Local Government Act 1995*, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied except for disclosure requirements of:

- AASB 7 Financial Instruments Disclosures
 AASB 16 Leases paragraph 58
- AASB 101 Presentation of Financial Statements paragraph 61
- AASB 107 Statement of Cash Flows paragraphs 43 and 45
- AASB 107 Statement of Cash Florid paragraph 79
 AASB 116 Property, Plant and Equipment paragraph 79
 AASB 137 Provisions, Contingent Liabilities and Contingent Assets paragraph 85

- AASB 140 Investment Property paragraph 75(f)
 AASB 1052 Disaggregated Disclosures paragraph 11
 AASB 1054 Australian Additional Disclosures paragraph 16

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 Leases which would have required the Shire to measure any vested improvements at zero cost.

The Local Government (Financial Management) Regulations 1996 provide that

- land and buildings classified as property, plant and equipment; or
- infrastructure; or
- vested improvements that the local government controls and measured at reportable value, are only required to be revalued every five years. Revaluing these non-financial assets every five years is a departure from AASB 116 Property, Plant and Equipment, which would have required the Shire to assess at each reporting date whether the carrying amount of the above mentioned non-financial assets materially differs from their fair value and, if so, revalue the class of non-financial ass

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

Critical accounting estimates and judgements

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying amounts of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

As with all estimates, the use of different assumptions could lead to material changes in the amounts reported in the financial report.

The following are estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and further information on their nature and impact can be found in the relevant note

- Fair value measurement of assets carried at reportable value including:
- Property, plant and equipment note 8 • Infrastructure - note 9
- Expected credit losses on financial assets note 5
- Impairment losses of non-financial assets note 10
- Measurement of employee benefits note 15
- Measurement of provisions note 15

Fair value hierarchy information can be found in note 23

The local government reporting entity

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 28 of the financial report.

Initial application of accounting standards

During the current year, the following new or revised Australian accounting Standards and Interpretations were applied for the

· AASB 2021-2 Amendments to Australian Accounting Standards Disclosure of Accounting Policies or Definition of Accounting

This standard resulted in terminology changes relating to material accounting policies (formerly referred to as significant accounting policies)

New accounting standards for application in future years

The following new accounting standards will have application to local government in future years:

- AASB 2014-10 Amendments to Australian Accounting Standards - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture
- AASB 2020-1 Amendments to Australian Accounting Standards
- Classification of Liabilities as Current or Non-Current AASB 2021-7c Amendments to Australian Accounting Standards
- Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections [deferred AASB 10 and AASB 128 amendments in AASB 2014-10 apply]
- AASB 2022-5 Amendments to Australian Accounting Standards
- Lease Liability in a Sale and Leaseback
- · AASB 2022-6 Amendments to Australian Accounting Standards - Non-current Liabilities with Covenants

These amendments are not expected to have any material impact on the financial report on initial application.

 AASB 2022-10 Amendments to Australian Accounting Standards - Fair Value Measurement of Non-Financial Assets of Not-for-Profit Public Sector Entities

These amendment may result in changes to the fair value of non-financial assets. The impact is yet to be quantified.

 AASB 2023-1 Amendments to Australian Accounting Standards - Supplier Finance Arrangements

These amendments may result in additional disclosures in the case of applicable finance arrangements.

Att: 8.3.1 2023/2024 Annual Report

SHIRE OF CHAPMAN VALLEY NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2024

2. REVENUE AND EXPENSES

(a) Revenue

Contracts with customers

Recognition of revenue is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

<u> </u>	Nature of goods	When obligations		Returns/Refunds/	Timing of revenue
Revenue Category	and services	typically satisfied	Payment terms	Warranties	recognition
Grants, subsidies and contributions	Community events, minor facilities, research, design, planning evaluation and services	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Output method based on project milestones and/or completion date matched to performance obligations
Capital grants, subsidies and contributions	Community developments, facilities and infrastructure, research, design, planning evaluation and services	Over time	Fixed terms transfer of funds based on agreed project milestones and reporting	9	Output method based on project milestones and/or completion date matched to performance obligations
Fees and charges - licences, registrations, approvals	Building, planning, development and animal management.	Single point in time	Full payment prior to issue	None	On payment of the licence, registration or approval
Fees and charges - waste management entry fees	Refuse site charges (Non-residents only)	Single point in time	Payment in advance at gate or on normal trading terms if credit provided	None	On entry to facility
Fees and charges - other services	Venue hire, administration services, PO box, inspections.	Single point in time	Full payment prior to issue	None	At point of service
Fees and charges - sale of stock	Petroleum based fuel stocks	Single point in time	Monthly in arrears	Refund for faulty goods	At point of sale
Other revenue - private works	Contracted private works	Single point in time	Monthly in arrears	None	At point of service

Consideration from contracts with customers is included in the transaction price.

Revenue Recognition

Revenue recognised during the year under each basis of recognition by nature of goods or services is provided in the table below:

For the year ended 30 June 2024

	Contracts with	Capital	Statutory		
Nature	customers	grant/contributions	Requirements	Other	Total
	\$	\$	\$	\$	\$
Rates	0	0	3,181,495	0	3,181,495

3. CASH AND CASH EQUIVALENTS

Cash at bank and on hand Total cash and cash equivalents

- Unrestricted cash and cash equivalents
- Restricted cash and cash equivalents

Note	2024	2023
	\$	\$
	5,721,554	4,080,340
	5,721,554	4,080,340
	2,683,649	2,589,348
17	3,037,905	1,490,992
	5,721,554	4,080,340

MATERIAL ACCOUNTING POLICIES

Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

Restricted financial assets

Restricted financial asset balances are not available for general use by the local government due to externally imposed restrictions. Restrictions are specified in an agreement, contract or legislation. This applies to reserve accounts, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement and for which no liability has been recognised.

4. OTHER FINANCIAL ASSETS

(a) Non-current assets

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss Units in Local Government House Trust - opening balance Movement attributable to fair value increment

Units in Local Government House Trust - closing balance

Note	2024	2023
	\$	\$
. •	Y	
	62,378	61,117
	62,378	61,117
	61,117	58,353
, i	1,261	2,764
	62,378	61,117

Fair value of financial assets at fair value through profit or loss is determined from the net asset value of the units held in the Trust at balance date as compiled by WALGA.

SIGNIFICANT ACCOUNTING POLICIES

Financial assets at fair value through profit or loss

The Shire has elected to classify the following financial assets at fair value through profit or loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- equity investments which the Shire has elected to recognise as fair value gains and losses through profit or loss.

Att: 8.3.1 2023/2024 Annual Report

SHIRE OF CHAPMAN VALLEY NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2024

5. TRADE AND OTHER RECEIVABLES

	\$	\$

	\$	\$	\$	
	4,859	20,840		2,848
	4,859	20,840		2,848

2023

MATERIAL ACCOUNTING POLICIES Rates and statutory receivables

Rates and statutory receivables are non-contractual receivables arising from statutory requirements and include amounts due from ratepayers for unpaid rates and service charges and other statutory charges or fines.

Rates and statutory receivables are recognised when the taxable event has occurred and can be measured reliably.

Trade receivables

Trade receivables are amounts receivable from contractual arrangements with customers for goods sold, services performed or grants or contributions with sufficiently specific performance obligations or for the construction of recognisable non financial assets as part of the ordinary course of business

Other receivables
Other receivables are amounts receivable from contractual arrangements with third parties other than contracts with customers and amounts received as grants for the construction of recognisable non financial assets.

Trade and other receivables are recognised initially at the amount of the transaction price, unless they contain a significant financing component, and are to be recognised at fair value.

Classification and subsequent measurement

2024

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

Att: 8.3.1 2023/2024 Annual Report

SHIRE OF CHAPMAN VALLEY NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2024

6. INVENTORIES

8. PROPERTY, PLANT AND EQUIPMENT (Continued)

(b) Carrying Amount Measurements

	Fair Value		Basis of	Date of Last	
Asset Class	Hierarchy	Valuation Technique	Valuation	Valuation	Inputs Used
(i) Fair Value - as determined at	the last valuation d	ate			
Land and buildings					
Land	2	Market approach using recent observable market data for similar properties	Independent Registered Valuers	June 2022	Direct comparison to similar type recently sold properties.
Buildings - specialised	3	Cost approach using depreciated replacement cost	Independent Registered Valuers	June 2022	Residual value, useful life, pattern of consumption and asset condition in relation to level of remaining service potential of the depreciable amount, valuers professional judgement.

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used by the local government to determine the fair value of property, plant and equipment using either level 2 or level 3 inputs. The valuation techniques applied to property subject to lease was the same as that applied to property not subject to lease.

10. FIXED ASSETS

(a) Depreciation

Depreciation rates

Typical estimated useful lives for the different asset classes for the current and prior years are included in the table below:

Asset Class Land - freehold land	Sub Class	Component	Useful Life Not depreciated
Buildings - specialised			25 to 100 years
Furniture and equipment			2 to 10 years
Plant and equipment			2 to 15 years
Tools and equipment			2 to 15 years
Right of Use - Land and building			Based on remaining lease
Infrastructure - Roads	Sealed	Pavement	80 years
Infrastructure - Roads	Sealed	Formation	Not depreciated
Infrastructure - Roads	Sealed	Surface	15 to 60 years
Infrastructure - Roads	Unsealed	Pavement	10 years
Infrastructure - Roads	Unsealed	Formation (Formed/Unformed)	Not depreciated
Infrastructure - Roads	Drainage	Kerbs	40 years
Infrastructure - Roads	Drainage	Table Drains	Not depreciated
Infrastructure - Footpaths			50 years
Infrastructure - Drainage	Culvert	Box	80 years
Infrastructure - Drainage	Culvert	Circular	80 years

Att: 8.3.1 2023/2024 Annual Report

SHIRE OF CHAPMAN VALLEY NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2024

10. FIXED ASSETS (Continued)

MATERIAL ACCOUNTING POLICIES

Initial recognition

An item of property, plant and equipment or infrastructure that qualifies for recognition as an asset is measured at its cost.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with Local Government (Financial Management) Regulation 17A(5). These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Individual assets that are land, buildings and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the Shire's revaluation policy, are recognised at cost and disclosed as being at reportable value.

Measurement after recognition

Plant and equipment including furniture and equipment and right-of-use assets (other than vested improvements) are measured using the cost model as required under Local Government (Financial Management) Regulation 17A(2). Assets held under the cost model are carried at cost less accumulated depreciation and any impairment losses being their reportable value.

Reportable Value

In accordance with Local Government (Financial Management)
Regulation 17A(2), the carrying amount of non-financial assets that are
land and buildings classified as property, plant and equipment,
investment properties, infrastructure or vested improvements that the
local government controls.

Reportable value is for the purpose of Local Government (Financial Management) Regulation 17A(4) is the fair value of the asset at its last valuation date minus (to the extent applicable) the accumulated depreciation and any accumulated impairment losses in respect of the non-financial asset subsequent to its last valuation date.

Revaluation

Land and buildings classified as property, plant and equipment, infrastructure or vested improvements that the local government controls and measured at reportable value, are only required to be revalued every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on land vested in the Shire.

Whilst the regulatory framework only requires a revaluation to occur every five years, it also provides for the Shire to revalue earlier if it chooses to do so.

For land, buildings and infrastructure, increases in the carrying amount arising on revaluation of asset classes are credited to a revaluation surplus in equity.

Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Subsequent increases are then recognised in profit or loss to the extent they reverse a net revaluation decrease previously recognised in profit or loss for the same class of asset.

Depreciation

The depreciable amount of all property, plant and equipment and infrastructure, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Depreciation on revaluation

When an item of property, plant and equipment and infrastructure is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

(i) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset (ii) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

Impairmen

In accordance with Local Government (Financial Management)
Regulations 17A(4C), the Shire is not required to comply with
AASB 136 Impairment of Assets to determine the recoverable amount
of its non-financial assets that are land or buildings classified as
property, plant and equipment, infrastructure or vested improvements
that the local government controls in circumstances where there has
been an impairment indication of a general decrease in asset values.

In other circumstances where it has been assessed that one or more of these non-financial assets are impaired, the asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable

Gains or losses on disposal

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

Secured liabilities and assets pledged as security

Lease liabilities are effectively secured, as the rights to the leased assets recognised in the financial statements revert to the lessor in the event of default.

MATERIAL ACCOUNTING POLICIES

_eases

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified for a period of time in exchange for consideration.

At the commencement date, a right-of-use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

All contracts that are classified as short-term leases (i.e. a lease with a term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Details of individual lease liabilities required by regulations are provided at Note 26(c).

Right-of-use assets - measurement

D:----

Right-of-use assets are measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost (i.e. not recognised in the Statement of Financial Position). The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which are reported at fair value.

Refer to Note 10 under revaluation for details on the material accounting policies applying to vested improvements.

Right-of-use assets - depreciation

Right-of-use assets are depreciated over the lease term or useful life of the underlying asset, whichever is the shorter. Where a lease transfers ownership of the underlying asset, or the cost of the right-of-use asset reflects that the Shire anticipates to exercise a purchase option, the specific asset is depreciated over the useful life of the underlying asset.

MATERIAL ACCOUNTING POLICIES

Financial liabilities

Financial liabilities are initially recognised at fair value when the Shire becomes a party to the contractual provisions of the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and any consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are usually paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

Prepaid rates

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises income for the prepaid rates that have not been refunded.

	1,130,000	O

Performance obligations in relation to capital grant/contribution liabilities are satisfied as project milestones are met or completion of construction or acquisition of the asset.

MATERIAL ACCOUNTING POLICIES

Contract liabilities

Contract liabilities represent the Shire's obligation to transfer goods or services to a customer for which the Shire has received consideration from the customer.

Contract liabilities represent obligations which are not yet satisfied. Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

Capital grant/contribution liabilities

Capital grant/contribution liabilities represent the Shire's obligations to construct recognisable non-financial assets to identified specifications to be controlled by the Shire which are yet to be satisfied. Capital grant/contribution liabilities are recognised as income when the obligations in the contract are satisfied.

Fair values for non-current capital grant/contribution liabilities, not expected to be extinguished within 12 months, are based on discounted cash flows of expected cashflows to satisfy the obligations using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy (see Note 23(i)) due to the unobservable inputs, including own credit risk.

Att: 8.3.1 2023/2024 Annual Report

Secured liabilities and assets pledged as security

Debentures, bank overdrafts and bank loans were secured by a floating charge over the assets of the Shire of Chapman Valley during the 2024 financial year.

The Shire of Chapman Valley has complied with the financial covenants of its borrowing facilities during the 2024 financial year

MATERIAL ACCOUNTING POLICIES

Borrowing costs

The Shire has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Borrowings fair values are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy (see Note 23(i)) due to the unobservable inputs, including own credit risk.

Details of individual borrowings required by regulations are provided at Note 26(a).

2023

Finance Audit and Risk Management Committee - 23 December 2024 - Minutes

Att: 8.3.1 2023/2024 Annual Report

SHIRE OF CHAPMAN VALLEY NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2024

15. EMPLOYEE RELATED PROVISIONS

Employee Related Provisions

	2024	2023
Current provisions	\$	\$
Employee benefit provisions		
Annual leave	298,528	270,457
Long service leave	283,308	226,885
	581,836	497,342
Total current employee related provisions	581,836	497,342
Non-current provisions		
Employee benefit provisions		
Long service leave	19,494	21,897
	19,494	21,897
Total non-current employee related provisions	19,494	21,897
Total employee related provisions	601,330	519,239

Provision is made for benefits accruing to employees in respect of wages and salaries, annual leave and long service leave and associated on costs for services rendered up to the reporting date and recorded as an expense during the period the services are delivered.

Annual leave liabilities are classified as current, as there is no unconditional right to defer settlement for at least 12 months after the end of the reporting period.

MATERIAL ACCOUNTING POLICIES

Employee benefits

The Shire's obligations for employees' annual leave, long service leave and other employee leave entitlements are recognised as employee related provisions in the Statement of Financial Position.

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

2024

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

21. RELATED PARTY TRANSACTIONS

FOR THE YEAR ENDED 30 JUNE 2024

Transactions with related parties

Transactions between related parties and the Shire are on normal commercial terms and conditions, no more favourable than those available to other parties, unless otherwise stated.

KMP compensations are disclosed above.

Related Parties

The Shire's main related parties are as follows:

i. Key management personnel

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the Shire, directly or indirectly, including any council member, are considered key management personnel and are detailed in Notes 21(a) and 21(b).

ii. Other Related Parties

Outside of normal citizen type transactions with the Shire, there were no other related party transactions involving key management personnel and/or their close family members and/or their controlled (or jointly controlled) entities.

iii. Entities subject to significant influence by the Shire

There were no such entities requiring disclosure during the current or previous year

22. EVENTS OCCURRING AFTER THE END OF THE REPORTING PERIOD

The Shire of Chapman Valley did not have any events occurring after the reporting date that have a significant effect on the financial statements.

Att: 8.3.1 2023/2024 Annual

Report

Finance Audit and Risk Management Committee - 23 December 2024 -

SHIRE OF CHAPMAN VALLEY NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2024

23. OTHER MATERIAL ACCOUNTING POLICIES

 Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

c) Rounding off figures
All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

d) Comparative figures
Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year

When the Shire applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) Statement of Financial Position as at the beginning of the preceding period in addition to the minimum comparative financial report is presented

e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of

The Shire contributes to a number of Superannuation Funds on behalf of employees. All funds to which the Shire contributes are defined contribution

g) Fair value of assets and liabilities

Fair value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market da

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use of to sell it to another market participant that would use the asset in its highest and best use.

h) Interest revenue

Interest revenue is calculated by applying the effective interest rate to the gross carrying amount of a financial asset measured at amortised cost except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss

i) Fair value hierarchy
AASB 13 Fair Value Measurement requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Measurements based on unobservable inputs for the asset or liability

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques
The Shire selects a valuation technique that is appropriate in the circumstances
and for which sufficient data is available to measure fair value. The availability of
sufficient and relevant data primarily depends on the specific characteristics of
the asset or liability being measured. The valuation techniques selected by the ire are consiste nt with one or more of the following valuation approach

Market approach
Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities

Income approach

chniques that convert estimated future cash flows or income and expenses into a single discounted present value

Cost approach

Valuation techniques that reflect the current replacement cost of the service

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable

i) Impairment of assets

In accordance with Australian Accounting Standards the Shire's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount except for non-financial assets that are

- land and buildings classified as property, plant and equipment:
- infrastructure; or
- vested improvements that the local government controls, in
- circumstances where there has been an impairment indication of a general decrease in asset values. These non-financial assets are assessed in accordance with the regulatory

framework detailed in Note 10.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116 Property, Plant and Equipment) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

All reserves are supported by cash and cash equivalents and financial assets at amortised cost and are restricted within equity as Reserve accounts.

In accordance with council resolutions or adopted budget in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:

Name of reserve account Restricted by legislation/agreement	Purpose of the reserve account
(a) Cash-in-lieu of public open space reserve	To be used to set aside funds received from developers in lieu of land. The funds are to be used to purchase land open spaces including parks, recreation grounds and general spaces.
Restricted by council	
(b) Leave Reserve Account	To be used to fund annual and long service leave requirements.
(c) Water Reserve Account	To be used for the construction and operational costs of facilities for fire fighting purposes.
(d) Communication & Information Technologies Reserve Account	As per minute reference OCM 2024/05-3, the purpose and use of funds in this reserve account has changed and is now to be used to replace Information and Communications Technology equipment.
(e) Plant & Light Vehicle Reserve Account	To be used for the purchase of and/or major repair of major plant and light vehicles.
(f) Legal Reserve Account	To be used to fund legal expenses incurred as a result of tribunals, hearings, litigation etc.
(g) Land Development Reserve Account	To be used for further subdivisional development in the Shire of Chapman Valley.
(h) Infrastructure Reserve Account	To be used to fund road and building infrastructure projects, including yet not limited to, natural disasters upfront or insurance excess costs, annual roadworks maintenance and construction works.
(i) Building Reserve Account	To be used for the construction of shire buildings or capital upgrades of existing buildings, including yet not limited to, covering insurance excess component of claims for repair/replace buildings.

Report

Finance Audit and Risk Management Committee - 23 December 2024 - Minutes

INDEPENDENT AUDITOR'S REPORT 2024 Shire of Chapman Valley

To the Council of the Shire of Chapman Valley

Opinion

I have audited the financial report of the Shire of Chapman Valley (Shire) which comprises:

- the statement of financial position as at 30 June 2024, the statement of comprehensive income, statement of changes in equity, statement of cash flows and statement of financial activity for the year then ended
- notes comprising a summary of material accounting policies and other explanatory information.

In my opinion, the financial report:

- is based on proper accounts and records
- presents fairly, in all material respects, the results of the operations of the Shire for the year ended 30 June 2024 and its financial position at the end of that period
- is in accordance with the Local Government Act 1995 (the Act) and, to the extent that they
 are not inconsistent with the Act, Australian Accounting Standards.

Basis for opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial report section below.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other information

The Chief Executive Officer (CEO) is responsible for the preparation and the Council for overseeing the other information. The other information is the information in the entity's annual report for the year ended 30 June 2024, but not the financial report and my auditor's report.

My opinion on the financial report does not cover the other information and accordingly, I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial report, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or my knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I did not receive the other information prior to

Page 1 of 3

7th Floor Albert Facey House 469 Wellington Street Perth MAIL TO: Perth BC PO Box 8489 Perth WA 6849 TEL: 08 6557 7500

Att: 8.3.1 2023/2024 Annual Report

the date of this auditor's report. When I do receive it, I will read it and if I conclude that there is a material misstatement in this information, I am required to communicate the matter to the CEO and Council and request them to correct the misstated information. If the misstated information is not corrected, I may need to retract this auditor's report and re-issue an amended report.

Responsibilities of the Chief Executive Officer and Council for the financial report

The Chief Executive Officer (CEO) of the Shire is responsible for:

- keeping proper accounts and records
- preparation and fair presentation of the financial report in accordance with the requirements of the Act, the Regulations and Australian Accounting Standards
- managing internal control as required by the CEO to ensure the financial report is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the CEO is responsible for:

- assessing the Shire's ability to continue as a going concern
- · disclosing, as applicable, matters related to going concern
- using the going concern basis of accounting unless the State Government has made decisions affecting the continued existence of the Shire.

The Council is responsible for overseeing the Shire's financial reporting process.

Auditor's responsibilities for the audit of the financial report

As required by the *Auditor General Act 2006*, my responsibility is to express an opinion on the financial report. The objectives of my audit are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

A further description of my responsibilities for the audit of the financial report is located on the Auditing and Assurance Standards Board website. This description forms part of my auditor's report and can be found at https://www.auasb.gov.au/auditors responsibilities/ar4.pdf.

My independence and quality management relating to the report on the financial report

I have complied with the independence requirements of the *Auditor General Act 2006* and the relevant ethical requirements relating to assurance engagements. In accordance with ASQM 1 Quality Management for Firms that Perform Audits or Reviews of Financial Reports and Other Financial Information, or Other Assurance or Related Services Engagements, the Office of the Auditor General maintains a comprehensive system of quality management including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Att: 8.3.1 2023/2024 Annual Report

Matters relating to the electronic publication of the audited financial report

This auditor's report relates to the financial report of the Shire of Chapman Valley for the year ended 30 June 2024 included in the annual report on the Shire's website. The Shire's management is responsible for the integrity of the Shire's website. This audit does not provide assurance on the integrity of the Shire's website. The auditor's report refers only to the financial report. It does not provide an opinion on any other information which may have been hyperlinked to/from the annual report. If users of the financial report are concerned with the inherent risks arising from publication on a website, they are advised to contact the Shire to confirm the information contained in the website version.

Dear Mr Criddle

ANNUAL FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2024

The Office has completed the audit of the annual financial report for your Shire. In accordance with section 7.12AD (2) of the *Local Government Act 1995*, we enclose the Auditor General's auditor's report, together with the audited annual financial report.

We have also forwarded the reports to the President and the Minister for Local Government, as required by the Act. You are required to publish the annual report, including the auditor's report and the audited financial report, on your Shire's official website within 14 days after the annual report has been accepted by your Council.

Management control issues

While the result of the audit was generally satisfactory, I would like to draw your attention to the attached listing of deficiencies in internal control and other matters that were identified during the audit. These matters have been discussed with management and their comments have been included in the attachment.

Please note that the purpose of our audit was to express an opinion on the financial report. The audit included consideration of internal control relevant to the preparation of the financial report in order to design audit procedures that were appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control.

An audit is not designed to identify all internal control deficiencies that may require management attention. The matters being reported are limited to those deficiencies that have been identified during the audit that are of sufficient importance to warrant being reported. It is possible that other irregularities and deficiencies may have occurred and not been identified as a result of our audit.

The date the financial statements submitted by your entity and considered to be of audit ready quality is 27 September 2024. This date will be reported in our local government sector audit results report to be tabled in Parliament. I am providing this date for completeness of our Office's procedural fairness process.

If you have any queries in relation to this date, please contact me on 6557 7616 within 14 days of the date of this letter. If we do not hear from you, we will take this as confirmation of the date.

Page 119 of 125

Att: 8.3.1 2023/2024 Annual Report

This letter has been provided for the purposes of the Shire and the Minister for Local Government and may not be suitable for other purposes.

I would like to take this opportunity to thank you, the management and the staff of the Shire for their cooperation with the audit team during our audit.

Yours sincerely

Patrick Arulsingham Senior Director Financial Audit 10 December 2024

Attach

Att: 8.3.1 2023/2024 Annual Report

ATTACHMENT

SHIRE OF CHAPMAN VALLEY

PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2024 FINDINGS IDENTIFIED DURING THE AUDIT

Index of findings	Potential impact on audit opinion		Rating		
		Significant	Moderate	Minor	
Non-Compliance with Local Government (Audit) Regulations 1996 Regulation 17	No		1		
Corporate credit card statement not approved	No				~
Lack of evidence of interview assessment conducted for new employee	No			*	

KEY TO RATINGS

The Ratings in this management letter are based on the audit team's assessment of risks and concerns with respect to the probability and/or consequence of adverse outcomes if action is not taken. We give consideration to these potential adverse outcomes in the context of both quantitative impact (for example financial loss) and qualitative impact (for example inefficiency, non-compliance, poor service to the public or loss of public confidence).

Significant

- Those findings where there is potentially a significant risk to the entity should the finding not be addressed by the entity promptly. A significant rating could indicate the need for a modified audit opinion in the current year, or in a subsequent reporting period if not addressed. However even if the issue is not likely to impact the audit opinion, it should be addressed promptly.
- Moderate
- Those findings which are of sufficient concern to warrant action being taken by the entity as soon as practicable.
- Minor
- Those findings that are not of primary concern but still warrant action being taken.

ATTACHMENT

Report

Att: 8.3.1 2023/2024 Annual

SHIRE OF CHAPMAN VALLEY

PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2024 FINDINGS IDENTIFIED DURING THE AUDIT

1. Non-Compliance with Local Government (Audit) Regulations 1996 Regulation 17 (Regulation 17)

Finding

During the year, the Shire engaged an external consultant LG People and Culture, to conduct an internal audit for purpose of meeting the requirements of *Local Government (Audit)* Regulations 1996 Regulation 17 (Regulation 17). This regulation requires the CEO to review the appropriateness and effectiveness of the local government's systems and procedures around risk management, internal control and legislative compliance at least every 3 financial years.

From our review of the consultant's final report provided to the Shire (dated January 2024), we noted the consultant's review did not meet all the requirements of Regulation 17. Specifically, the following requirements were not met:

- Review of the risk management system policies, procedures and plans in place at the Shire:
- Evaluation of the non-financial/operational internal controls systems and procedures at the Shire; and
- Assessment of the systems and procedures for maintaining legislative compliance.

We further note that the Shire did not identify this issue nor perform its own review to meet the legislative requirements.

Rating: Moderate Implication

Non-compliance with the legislative requirements of Regulation 17 regarding assessment of the appropriateness and effectiveness of the systems and procedures around risk management, internal control and legislative compliance.

Recommendation

The Shire should reperform a robust assessment of the appropriateness and effectiveness of the systems and procedures in relation to risk management, internal control, and legislative compliance to meet the legislative requirements. Where an external expert is engaged, the expert's scope of work should be reviewed by the Shire to ensure it meets the requirements of the Regulations.

Management Comment

The CEO will revisit and ensure that the requirements that were not met in the review are covered as well as an additional robust internal assessment.

Responsible Person: Chief Executive Officer

2. Corporate credit card statements not approved

Finding

We noted that the CEO's September/October 2023 credit card statement was not independently reviewed and approved by the Manager Finance and Corporate Services, as required by the Shire's credit card approval procedures.

Rating: Moderate Implication

In the absence of an independent review, inappropriate use of employee corporate credit cards may not be detected and addressed in a timely manner. This could potentially lead to financial loss to the Shire.

Recommendation

All monthly credit card statements should be reviewed by the Manager Finance and Corporate Services in line with the Shires approved procedures to ensure that all expenses incurred are valid business expenses and adequately supported by relevant documentation such as purchasing receipts or supplier invoices.

Management Comment

Management will ensure all monthly credit card statements are reviewed by the Manager Finance and Corporate Services (or Management Accountant in her absence) in line with the Shires policies & approved procedures to ensure all expenses incurred are valid business expenses and adequately supported by relevant source documentation _such as purchasing receipts or supplier invoices).

Responsible Person: Manager Finance & Corporate Services

Att: 8.3.1 2023/2024 Annual Report

ATTACHMENT

SHIRE OF CHAPMAN VALLEY PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2024 FINDINGS IDENTIFIED DURING THE AUDIT

3. Lack of evidence of interview assessment conducted for new employee

Finding

We noted 1 instance (out of 3 tested) where a new employee did not undergo a formal interview assessment to determine suitability for the position. We understand from management that the candidate had an informal interview with the Manager of Finance and Corporate Services but no documentation was retained.

Rating: Minor Implication

Lack of documentation and informal interview processes may result in non-compliance with the Shire's policies and procedures. This may result in recruitment of candidates without the requisite skills and qualifications for the respective roles.

Recommendation

Management should ensure that interviews and assessments are performed and documented for all candidates as per the Shire's policy' on Recruitment and Selection Procedure as stipulated in the HR Induction & Guidelines Manual.

Management Comment

Management acknowledges oversight with documenting the movement of an administration employee and will ensure future interviews and assessments are performed and documented for all candidates as per the Shire's policy' on Recruitment and Selection Procedure as stipulated in the HR Induction & Guidelines Manual

INDEPENDENT AUDITOR'S REPORT 2025

Shire of Chapman Valley

To the Council of the Shire of Chapman Valley

Opinion

I have audited the financial report of the Shire of Chapman Valley (Shire) which comprises:

- the statement of financial position as at 30 June 2025, the statement of comprehensive income, statement of changes in equity, statement of cash flows and statement of financial activity for the year then ended
- notes comprising a summary of material accounting policies and other explanatory information.

In my opinion, the financial report:

- is based on proper accounts and records
- presents fairly, in all material respects, the results of the operations of the Shire for the year ended 30 June 2025 and its financial position at the end of that period
- is in accordance with the *Local Government Act 1995* (the Act) and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.

Basis for opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial report section below.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other information

The Chief Executive Officer (CEO) is responsible for the preparation and the Council for overseeing the other information. The other information is the information in the entity's annual report for the year ended 30 June 2025, but not the financial report and my auditor's report.

My opinion on the financial report does not cover the other information and accordingly, I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial report, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or my knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I did not receive the other information prior to the date of this auditor's report. When I do receive it, I will read it and if I conclude that there is a material misstatement in this information, I am required to communicate the matter to the CEO and Council and request them to correct the misstated information. If the misstated information is not corrected, I may need to retract this auditor's report and re-issue an amended report.

Responsibilities of the Chief Executive Officer and Council for the financial report

The Chief Executive Officer (CEO) of the Shire is responsible for:

- keeping proper accounts and records
- preparation and fair presentation of the financial report in accordance with the requirements of the Act, the Regulations and Australian Accounting Standards
- managing internal control as required by the CEO to ensure the financial report is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the CEO is responsible for:

- assessing the Shire's ability to continue as a going concern
- disclosing, as applicable, matters related to going concern
- using the going concern basis of accounting unless the State Government has made decisions affecting the continued existence of the Shire.

The Council is responsible for overseeing the Shire's financial reporting process.

Auditor's responsibilities for the audit of the financial report

As required by the *Auditor General Act 2006*, my responsibility is to express an opinion on the financial report. The objectives of my audit are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

A further description of my responsibilities for the audit of the financial report is located on the Auditing and Assurance Standards Board website. This description forms part of my auditor's report and can be found at https://www.auasb.gov.au/auditors responsibilities/ar4.pdf.

My independence and quality management relating to the report on the financial report

I have complied with the independence requirements of the *Auditor General Act 2006* and the relevant ethical requirements relating to assurance engagements. In accordance with ASQM 1 *Quality Management for Firms that Perform Audits or Reviews of Financial Reports and Other Financial Information, or Other Assurance or Related Services Engagements,* the Office of the Auditor General maintains a comprehensive system of quality management including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Matters relating to the electronic publication of the audited financial report

This auditor's report relates to the financial report of the Shire of Chapman Valley for the year ended 30 June 2025 included in the annual report on the Shire's website. The Shire's management is responsible for the integrity of the Shire's website. This audit does not provide assurance on the integrity of the Shire's website. The auditor's report refers only to the financial report. It does not provide an opinion on any other information which may have been hyperlinked to/from the annual report. If users of the financial report are concerned with the inherent risks arising from publication on a website, they are advised to contact the Shire to confirm the information contained in the website version.

Tim Sanya

Senior Director Financial Audit Delegate of the Auditor General for Western Australia Perth, Western Australia

SHIRE OF CHAPMAN VALLEY

PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2025 FINDING IDENTIFIED DURING THE FINAL AUDIT

Index of findings	Potential impact on audit opinion		Rating				
		Significant	Moderate	Minor			
Excessive annual leave balances	No		√				

KEY TO RATINGS

The Ratings in this management letter are based on the audit team's assessment of risks and concerns with respect to the probability and/or consequence of adverse outcomes if action is not taken. We give consideration to these potential adverse outcomes in the context of both quantitative impact (for example financial loss) and qualitative impact (for example inefficiency, non-compliance, poor service to the public or loss of public confidence).

Significant -

Those findings where there is potentially a significant risk to the entity should the finding not be addressed by the entity promptly. A significant rating could indicate the need for a modified audit opinion in the current year, or in a subsequent reporting period if not addressed. However, even if the issue is not likely to impact the audit opinion, it should be addressed promptly.

Moderate

Those findings which are of sufficient concern to warrant action being taken by the entity as soon as practicable.

Minor

Those findings that are not of primary concern but still warrant action being taken.

ATTACHMENT

SHIRE OF CHAPMAN VALLEY PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2025 FINDING IDENTIFIED DURING THE FINAL AUDIT

1. Excessive annual leave balances

Finding

During the audit, we noted that five employees had annual leave balances ranging from 355 to 959 hours. Collectively, these five employees account for 70% of the Shire's total annual leave liability at 30 June 2025.

Rating: Moderate

Implication

Excess annual leave entitlements pose several risks to the Shire, including:

- Health and safety concerns arising from employees not taking their leave
- Increased financial liability due to salary increments and associated costs over time
- Reduced effectiveness of internal controls as key staff are not rotated, a preventative control against fraud.

The accumulation of large leave balances could create financial strain if significant amounts of leave are taken at the same time or within a short timeframe. Additionally, there is management risk to the Council if key personnel are on leave for extended periods.

Recommendation

We recommend that management implement a process to regularly monitor excessive annual leave balances and take appropriate measures, such as developing leave management plans, to reduce the implications of excessive leave.

Management comment

Management acknowledges the excessive annual leave balances and agrees with the recommendation. Management will implement appropriate measures to reduce this liability, including developing and implementing individual leave management plans and monitoring leave accruals through monthly payroll reports to proactively address excessive leave balances.

Responsible person: Dianne Raymond, Manager Finance & Corporate Services

Dear Mr Criddle

ANNUAL FINANCIAL REPORT INTERIM AUDIT RESULTS FOR THE YEAR ENDED 30 JUNE 2025

We have completed the interim audit for the year ended 30 June 2025. We performed this phase of the audit in accordance with our audit plan. The focus of our interim audit was to primarily evaluate your financial control environment, and to obtain an understanding of the key business processes, risks and internal controls relevant to our audit of the annual financial report.

Management control issues

We would like to draw your attention to the attached matters that were identified during the course of the interim audit. These matters have been discussed with management and their comments have been included on the Attachment. The matters reported are limited to those deficiencies that were identified during the interim audit, which we have concluded are of sufficient importance to merit being reported to management.

This letter has been provided for the purposes of your local government and may not be suitable for other purposes.

We have forwarded a copy of this letter to the President. A copy will also be forwarded to the Minister for Local Government when we forward our auditor's report on the annual financial report to the Minister on completion of the audit.

Feel free to contact me on 6557 7509 if you would like to discuss these matters further.

Yours faithfully

Ann Ang Director Financial Audit 17 July 2025

Audit Regulation 17 - Systems and Procedures Review - 2025

Executive Summary

In accordance with Regulation 17 of the Local Government (Audit) Regulations 1996, the Shire of Chapman Valley's Chief Executive Officer (CEO) has completed the required triennial Systems and Procedures Review.

The Shire of Chapman Valley (the Shire') engaged Badgemore Consulting to complete the Systems and Procedures Review on behalf of the CEO.

This report presents the results of the CEO's triennial review. The CEO may now submit this report to the Finance Audit and Risk Management Committee (FARM).

Objective

In accordance with Regulation 17, the objective of the CEO's triennial review was to assess the appropriateness and effectiveness of the Shire's systems and procedures in relation to risk management, internal control and legislative compliance.

The review objectives were to:

- · Assess the adequacy of risk management policies and procedures.
- Assess the adequacy and effectiveness of internal controls and procedures.
- Assess the adequacy of segregation of duties.
- Assess the adequacy of processes for compliance with legislation.
- Assess the adequacy and effectiveness of fraud mitigation controls.

Summary of Findings

Recommendations for improvement were noted in the areas: Risk Management, Internal Controls and Legislative Control. Timely actioning of these recommendations will strengthen the Shire's systems and procedures.

The Shire's systems and procedures, together with the timely implementation of the improvements initiatives, will, if operating, ensure effective and appropriate:

- Risk management;
- Internal controls; and
- Legislative compliance.

Recommendations

For the purpose of this review a Questionnaire was created based on the criteria provided in the (then) *Department of Local Government's' Operational Guideline 9*. These criteria were assessed during the review to determine the appropriateness of the systems and processes relating to Risk Management, Internal Controls and Legislative Compliance. The detail is provided at Appendix One.

The recommendations are provided in Appendix One, as they relate to the specific criteria. For ease of reporting where a recommendation applies across several Criteria it is only stated once. The recommendations relate to:

Criteria	Recommendation		
Risk Management Criteria 1. An effective risk management system	 RM 1.1. Policy needs updating to reflect new ISO Standard, AS/NZS ISO 31000:2018 Risk. The Shire should, as part of that process, also review the risk criteria and risk escalation processes / tolerance contained in the Risk Management Framework. RM 1.2. The risk consequence and likelihood criteria and risk appetite applied are not included in the Shire's Risk Management Policy. Therefore, these should be formally adopted by the Shire and Council (through the Finance Audit & Risk Management Committee (FARM)) and as a minimum contained in Risk Management Framework. 		

Shire of Chapman Valley

Audit Regulation 17 - Systems and Procedures Review - 2025

Criteria	Recommendation
	 RM 1.3. The Shire should carry out a review to update the Risk Register of November 2023. The outcome should be reported to Council, through the FARM. RM 1.4. The Shire should reference a requirement to carry out risk assessments for Major Events in the Risk Management Framework. This will assist in ensuring that activities are effectively managed and in line with the levels of risk appetite, or if outside that risk appetite the Shire is fully informed prior to the Major Event. We understand LGIS can assist with setting up such processes. RM 1.5. The Shire should embark on an education journey to ensure all officers understand and embrace the value of effective risk management and how to escalate any emerging risks. For example: updates on the Intranet, rolling information session at management and staff meetings, quick presentations at Toolbox sessions. RM 1.6. The Shire should expand PDFs to include a broader obligation to adhere to the requirements of the Risk Management Policy.
Risk Management Criteria 2. & 3. A current and effective business continuity plan	 RM 2.1 The Shire should review the Business Continuity Plan to ensure it is still current and ensure that alternative locations (E.g. Recreation and Community Centre) can operate as an alternative site. RM 2.2. The Shire should hold a test of its Business Continuity Plan and from then on, on a regular basis.RM 3.1. The Shire should hold a Crisis Exercise with a scenario including a critical IT /data failure or breach. RM 3.2 The Shire should test the planned backup and recovery procedures as per the Contract for the Provision of Managed Services. Shire of Irwin and Shire of Chapman Valley (the Agreement) and ensure that these are effective.
Risk Management Criteria 4(b). Important accounting	RM 4(b).1. Consider broadening the procedures in the Finance Policy, Procedures and Guidelines Manual to cover off on key accounting and finance processes. For example: suppliers' set up, purchasing, month end reconciliations, payroll process, rate process, budget (annual, mid-year and monthly) process etc.
Risk Management Criteria 4 (d). Misconduct, fraud and theft	 RM 4(d).1. The Shire should develop a Fraud Corruption and Misconduct Policy and supporting Procedures and Guidelines and an Integrity Framework. This can be used as a practical tool to strengthen and support the Shire's commitment to ethical practices. RM 4(d).2. All new employees should be required to sign that they will comply with the obligations set in the Code of Conduct. SkyTrust could be used to facilitate this.
Risk Management Criteria 4(e). Significant business risks, recognising	RM 4(e).1. The Shire should review the Works & Services Manual to ensure it appropriately addresses environmental risks and how to manage them operationally. RM 4(e).2. When the Shire conducts the annual review of strategic/operational risk (Refer Risk Management Criteria (1)) ensure that environmental risk is specifically considered and assessed. This is to ensure such risks are managed within the set risk tolerances.
Risk Management Criteria 5. Regular risk	RM 5.1. The Shire should introduce a formal process to identify and assess its 'corporate' risk profile'. This should be

Shire of Chapman Valley

Audit Regulation 17 - Systems and Procedures Review - 2025

Criteria	Recommendation
reports, which	 complemented by regular monitoring and reporting of any changes to both the Executive and FARM/Council in accord with the defined risk appetite and reporting processes detailed in the Risk Management Framework. RM 5.2. To increase the visibility of improvements in place address any agreed risk mitigations identified from the above processes. RM 5.3. The Internal Audit Report January 2024. LG People & Culture contained recommendations. These should be formally revisited to ensure the Actions Required have been addressed and if not action them accordingly. RM 5.4. The Dry Kirkness Financial Management Review Report 2023 outstanding recommendations should be revisited and addressed as a priority; and recorded in an Audit Actions Register. RM 5.5. We recommend the Shire introduce an Audit Actions Register. This should be a Register to record recommendations arising from the above reports and any other similar/relevant reports. This Register should include agreed actions and assigned responsibilities. The status of these should be followed regularly by management and the status reported formally to the FARC (6 monthly). RM 5.6. The Shire should formally report the outcomes of a 'corporate risk profile' assessment process to the FARM. (Refer <i>Risk Management Criteria 1 - Recommendation</i>). Thereafter, the Shire should conduct regular risk profile reviews and report the outcomes to the FARM and/or Council.
Risk Management Criteria 7. An effective internal control system with management and internal and external auditors	RM 7.1. The Shire should include the actions being taken to address the identified internal control matters in the Audit Actions Register, so that their resolution may be monitored by both Management and the FARM.
Risk Management Criteria 11. Fraud and misconduct risks	RM11.1 When the Shire carries out its planned corporate risk review it should ensure potential fraud and misconduct risks are still properly described and assessed.
Internal Controls Criteria 2. Policies and Delegated Authority	IC 2.1 The Shire should update the Delegations Register 2022 on its website with the approved Delegations Register 2025.
Internal Control Criteria 4. Audit practices	IC 4.1. The Shire's FARM does not currently have a term of reference (TOR). The TOR is an important means for defining governance and accountability. The Shire should develop a TOR, which will be submitted to Council for approval.
	IC 4.2 The Shire should ensure that for FY 26 onwards it meets the recent legislative requirements Local Government Amendment Act 2024 regarding Audit committees (now badged as Audit, Risk and Improvement Committees).
Internal Control Criteria 5. Information System Access	IC 5.1 The Shire should develop an Information Technology Policy, Procedures and Guidelines Manual, which provides the overarching setting for system access and security with appropriate access and usage.
Internal Control Criteria 10. Trained and qualified employees	IC 10. All officers should receive an annual performance review, which could also identify further training needs.

Audit Regulation 17 - Systems and Procedures Review - 2025

Criteria	Recommendation		
Internal Control Criteria 19. Control of computer applications and information system standards	IC 19.1. Expand the Shire's Code of Conduct - Employees and Contractors to require employees' and contractors' usage of information and information systems to only be for appropriate and secure professional purposes. For instance: Information and Communication Technology (ICT) Usage Employees must use local government ICT systems - Including computers, email, internet, and mobile devices - ethically, responsibly, and for legitimate work purposes. This includes:		
Legislative Compliance Criteria 5. Obtaining assurance that adverse trends are identified and	 LC 5.1 Formally document the month end process and the variance analysis process and include the procedures in the Finance Policy, Procedures & Guidelines Manual. This will provide guidance for staff involved in the processes and allow for continuity in the event of staff changes. 		

We appreciate the assistance of the Shire's management and staff in completing this review. If you have any queries on this report, or if we can provide any further assistance, please contact me.

BADGEMORE CONSULTING

16 September 2025

Audit Regulation 17 - Systems and Procedures Review - 2025

1. Detailed Report

1.1 Introduction

In accordance with Regulation 17 of the *Local Government (Audit) Regulations 1996* as stated below, the Shire of Chapman Valley's CEO has completed the required triennial Systems and Procedures Review.

WA Local Government (Audit) Regulations 1996

Regulation 17. CEO to review certain systems and procedures

- The CEO is to review the appropriateness and effectiveness of a local government's systems and procedures in relation to:
 - a) risk management;
 - b) internal control; and
 - c) legislative compliance.
- 2) The review may relate to any or all of the matters referred to in sub regulation(1)(a), (b) and (c), but each of those matters is to be the subject of a review not less than once in every 3 financial years.
- 3) The CEO is to report to the audit committee the results of that review.

The Shire of Chapman Valley (the Shire') engaged Badgemore Consulting to complete the Systems and Procedures Review on behalf of the CEO.

This report presents the results of the CEO's triennial review. The CEO may now submit this report to the FARM.

As required under WA Local Government (Audit) Regulations 1996: Regulation 16(c), the audit committee is to review the report provided by the CEO, report the results to Council and to give a copy of the CEO's report to Council.

1.2 Objective and Scope

In accordance with Regulation 17, the objective of the CEO's triennial review was to assess the appropriateness and effectiveness of the Shire's systems and procedures in relation to risk management, internal control and legislative compliance.

The review objectives were to:

- · Assess the adequacy of risk management policies and procedures.
- · Assess the adequacy and effectiveness of internal controls and procedures.
- Assess the adequacy of segregation of duties.
- Assess the adequacy of processes for compliance with legislation.
- Assess the adequacy and effectiveness of fraud mitigation controls.

1.3 Approach

Note: this review was conducted remotely, no site visit was carried out. Interviews were carried out either by telephone or using TEAMS.

The detailed review and report drafting was carried across the period May 2025 to June 2025. The report and findings were closed out and confirmed as still accurately stated with Management in September 2025.

Audit Regulation 17 - Systems and Procedures Review - 2025

The approach included:

- Discussing the scope of the the CEO's triennial review with Manager Finance and Corporate Services (MFCS) to obtain input on any specific issues to be included and to tailor the approach.
- Reviewing the status of any previous audit recommendations relevant to prior Regulation 5 and 17 reviews, previous external audits.
- Developing the Regulation 17 Questionnaire, for relevant officers to complete. This
 Questionnaire was created based on the criteria provided in the (then) Department of Local
 Government's' Operational Guideline 9. Assessing the criteria ensures the review process can
 properly assess the appropriateness of the systems and processes relating to Risk
 Management, Internal Controls and Legislative Compliance.
- Reviewing key documents (as listed in the Regulation 17 Questionnaire at Appendix One of this report) to understand the relevant risk management, internal controls and legislative systems practices and supporting mechanisms. These were either sourced from the Shire's website or provided by the Shire in soft copy.
- Interviews, remotely via telephone or on TEAMS, with CEO, MFCS, Management Accountant and the Work, Health & Safety Coordinator.
- Discussing findings on completion of the field work with CEO, MFCS, Management Accountant and the Work, Health & Safety Coordinator.
- Carrying out the analysis of all information provided and updating the Regulation 17
 Questionnaire.
- Submitting the completed Regulation 17 Questionnaire (refer Appendix One) to the MFCS and CEO for review.
- Preparing the draft report, including the Regulation 17 Questionnaire (refer Appendix One).
- Submitting a draft and then finalising the report, including all recommendations to CEO and MFCS for review and sign off.
- Submitting a final report to the CEO and MFCS for submission to the FARM.

1.4 Staff Interviewed

During the review interviews were held with:

- Jamie Criddle, Chief Executive Officer.
- Dianne Raymond, Manager Finance and Corporate Services.
- Beau Raymond, Management Accountant.
- Sandy Stock-Sandan, Work, Health & Safety Coordinator.

1.5 Risk Management

Risk management systems and programs are a key expression of the Shire's attitude to effective controls. The CEO's triennial review considered the appropriateness and effectiveness of the Shire's risk management systems and programs and found:

- The Shire has a high-level risk management policy in place with the purpose of enabling the
 implementation of sound risk management practices and procedures across the Shire, which
 are understood by staff. This Policy also provides for the integration of risk management
 practices into the Shire's strategic initiatives and day to day operational business processes.
- The Shire has a Risk Management Framework 2022 (the Framework') which compliments the Risk Management Policy and aligns to the Risk Management Standard.
- Feedback, supported by the commentary in "Final Internal Audit Report January 2024. LG
 People & Culture" indicates that whilst the Policy and Framework set the parameters for an
 effective risk management system, these parameters are not regularly followed or understood
 by officers within the Shire

Audit Regulation 17 - Systems and Procedures Review - 2025

- The Shire works with LGIS during the annual insurance renewal to consider relevant risk and mitigation in place.
- The Shire actively manages its work, health and safety risks. This includes use of Safe Work
 Method Statements, Take 5, Work Areas risk assessments, pre-start checks etc. All staff have
 access to and use SkyTrust though their devices (handheld or PC). Hazards and incidents are
 logged and investigated.
- Risks relating to fraud and misconduct are mitigated through the application of the Codes of Conduct, Public Interest Disclosure (PID) requirements and the operation of a number of internal controls, etc.

Actioning the recommendations detailed in the Executive Summary and at Appendix One will strengthen the effectiveness of the Shire's risk management systems and programs.

1.6 Internal Control

Internal control is a key component of the Shire's governance framework, in addition to leadership, long-term planning, compliance, resource allocation, accountability and transparency. The CEO's triennial review considered the effectiveness of the Shire's control framework and found:

- The Shire has systems and procedures in place, which if operating. will ensure an appropriate
 control environment. For example, monthly fuel inventory count and reconciliation, 3-way
 matching for purchase and payments, budget management, segregation of duties, monthly
 reconciliations; system controls and management reporting, etc.
- The Shire has a related party relationship (Manager Finance & Corporate Services to Management Accountant). To address this the Shire has introduced separation of process tasks and authorisations between these two roles, wherever possible and continues to work on further mitigating this. For example (1) the Manager Finance & Corporate Services does not have any IT administrator rights, the CEO approves all system changes; (2) monthly journals are prepared by the Management Accountant, reviewed by the MFCS but signed off by the CEO; (3) upskilling additional resources to enable further segregation of duties.
- The Shire's Code of Conduct provides a guide and a basis of expectations for employees. It
 encourages a commitment to ethical and professional behaviour and outlines principles in
 which individual and collective local government responsibilities may be based.
- The Shire's is running a 'People and Culture Improvement Project.' (the Project) The Shire
 surveyed all staff for their view on this through a survey process. Based on the survey results
 the Shire's leadership is now working on establishing a more cohesive management style,
 building strong technical skills. The Project also includes initiatives to establish cross Shire
 relationships.

Actioning the recommendations detailed in the Executive Summary and at Appendix One will strengthen the effectiveness of the Shire's control framework.

1.7 Legislative Compliance

The compliance programs of a local government are a strong indication of attitude towards meeting legislative requirements. The CEO's triennial review considered the effectiveness of the Shire's compliance programs and found:

- The Shire is committed to good governance practices. Individual managers and officers are responsible for monitoring legislative compliance within their team and addressing any issues identified.
- The Shire's governance and compliance processes provide mechanisms relating to the disclosures of interest.
- The Shire also has a Public Interest Disclosure (PID) Policy to facilitate disclosure of public interest information and protect persons making disclosures and persons that are subject of disclosures. The Shire has a PID officer.
- The 2025 Compliance Audit Return did not record any material non- compliances.

Audit Regulation 17 - Systems and Procedures Review - 2025

Actioning the recommendations detailed in the Executive Summary and at Appendix One will strengthen the effectiveness of the Shire's legislative control framework.

The detailed findings and recommendations for each of the above areas are provided in Appendix One.

1.8 Limitations of this report

Because of the inherent limitations of an assurance engagement, together with the internal control structure it is possible that fraud, error, or non-compliance with the compliance requirements may occur and not be detected. The conclusions expressed in this report have been formed on this basis.

A reasonable assurance engagement throughout the specified period does not provide assurance on whether compliance with the compliance requirements will continue in the future.

This report has been prepared for the Shire of Chapman Valley for the purpose of assisting the Shire meet the compliance requirements of Regulation 17 of the Local Government (Audit) Regulations 1996 and may not be suitable for another purpose. We understand this report will be distributed to the FARM.

We disclaim any assumption of responsibility for any reliance on this report to any persons or users other than the Shire of Chapman Valley and Council or for any purpose other than that for which it was prepared.

Statement of Independence

We have complied with our independence and other relevant ethical requirements of the *Code of Ethics for Professional Accountants* issued by the Accounting Professional and Ethical Standards Board and complied with the applicable requirements of the *Australian Standard on Quality Control* to maintain a comprehensive system of quality control.

Audit, Risk and Improvement Committee - 8 December

Shire of Chapman Valley

Audit Regulation 17 - Systems and Procedures Review - 2025

Appendix One

Audit Regulation 17 - Systems and Procedures Review - 2025

Risk Management

Risk management systems and programs are a key expression of the Shire of Chapman Valley's (the Shire') attitude to effective controls. The CEO's triennial review (as per Section 17 of the Local Government (Audit) Regulations 1996) considers the appropriateness and effectiveness of the Shire's risk management systems and programs in relation to the following criteria:

Criteria	Issue	Risk Management System and Program	Ref.& Evidence
An effective risk management system	Governance	Enterprise' Risk Management	Sighted:
and material operating risks are appropriately considered		The Shire has a high-level Risk Management Policy in place with the purpose of enabling the implementation of sound risk management practices and procedures across the Shire. This Policy provides for the integration of risk management practices into the Shire's strategic initiatives and day to day operational business processes. The Shire has a Risk Management Framework 2022 (the Framework) which compliments the Risk Management Policy and aligns to the Risk Management Standard. The Framework sets accountability and assigns responsibilities and it includes guidance on assessing risk. Importantly the Framework contains the Risk Criteria and sets the Risk Appetite. The Shire maintains a Risk Register reflecting strategic/operational risks. This was last reviewed in November 2023. Positive elements of the Shire's risk management processes include: Risk is embedded in Council agenda template.	Final Internal Audit Report January 2024 LG People & Culture Risk Management Policy CP -017 Risk Management Policy & risk Management Governance
		 Related roles, responsibilities and accountability are assigned to CEO, as per Risk Management Policy. Risk is embedded in the new employee induction process. Risk assessments are carried out for major projects, as per the Risk Management Framework. For example for the Nabawa Recreation Centre rebuild Risk is a set item on the Executive Agenda. 		 Risk Management Criteria 1 An effective risk management system Recommendations RM 1.1. Policy needs updating to reflect new ISO Standard, AS/NZS ISO 31000:2018 Risk. The Shire should, as part of that process, also review the risk criteria and risk escalation processes / tolerance contained in the Risk Management Framework. RM 1.2. The risk consequence and likelihood criteria and risk appetite applied are not included in the Shire's Risk Management Policy. Therefore, these should be formally adopted by the Shire and Council (through the Finance Audit & Risk Management Committee (FARM)) and as a minimum contained in Risk Management Framework. RM 1.3. The Shire should carry out a review to update the Risk Register of November 2023. The outcome should be reported to Council, through the FARM. RM 1.4. The Shire should reference a requirement to carry out risk assessments for Major Events in the Risk Management Framework This will assist in ensuring that activities are effectively managed and in line with the levels of risk appetite, or if outside that risk appetite the Shire is fully informed prior to the Major Event. We understand LGIS can assist with setting up such processes. RM 1.5. The Shire should embark on an education journey to ensure all officers understand and embrace the value of effective risk management and how to escalate any emerging risks. For example: updates on the Intranet, rolling information session at management and staff meetings, quick presentations at Toolbox sessions, etc. RM 1.6. The Shire should expand PDFs to include a broader obligation to adhere to the requirements of the Risk Management Policy. 	and cor (generic) • Shire Plant table (generi

2.	effective business continuity plan (including IT disaster	Governance Shire's Local Area Emergency Management	The Shire has a formal business continuity plan, dated 2022. However, the Shire has not held a Crisis Exercise to test the business continuity plan or its IT disaster recovery. During the 2021 Cyclone Seroja the Manager Finance and Corporate Services (MFCS) and the Management Accountant processed payroll out of the IT service providers – Integrated Computing Technology (ICT). When emergency power up was operating both activities recommenced in Nabawa. The Shire has a number of locations: the Administrative Office, the Recreation and Community Centre, the Depot and a Refuse site. These are separate, being approximately 20 km apart. In the event that the Administrative Office was not available due to a critical crisis (e.g. cyclone or civil unrest) then key administrative functions could be relocated to the Recreation and Community Centre. To date this type of incident has not arisen. The Shire is a participating member of the Local Emergency Management Committee (LEMC), with the Shire of Greater Geraldton: The CEO and 2 Elected Members represent the Shire on LEMC. A LEMC Scenario Exercise was scheduled for June 2025. The Shire advises (September 2025) that the LEMC Manual 2022 has been updated and is with the City of Geraldton (lead authority) for final signoff. Post Cyclone Seroja the State Government made an allocation of funding for a Regional Disaster Recovery Centre to be located in Nabawa. An initial grant fund has been received but to date progress on the Centre has not progressed due to factors beyond the Shire's control. The allocation received will be returned in the event that the Centre does not proceed. Risk Management Criteria 2. A current and effective business continuity plan Recommendations RM 2.1 The Shire should hold a test of its Business Continuity Plan and from then on, on a regular basis.	Sighted: Business Continuity Response Plan Batavia LEMC Arrangement Manual
3.	A current and effective business continuity plan (including IT disaster recovery) which is tested from time to time	Information Tech.	The Shire operated its information technology in-house until 30 June 2025. Thus up to 1 July 2025 the external service provider, ICT, hosted the Shire's server. Since 1 July 2025 the Shire has transitioned to a 'Contract for the Provision of Managed Services. Shire of Irwin & Shire of Chapman Valley' (the Agreement). The Shire's provider ICT (prior to 30 June 2024) advised the Shire it carried out regular testing of restoring and recovering backup to the current server. During 2021 Cyclone Seroja the Manager Finance and Corporate Services (MFCS) and the Management Accountant were able process payroll out of the service providers - ICT. Since 1 July 2025, under the Agreement, the Shire's server is hosted on the Cloud. The Agreement covers off the following (but does not specifically call for a test exercise) on: Cloud file Sync & Share. Cloud Backup. Backup and Disaster Recovery Appliance. Audit Regulation 17 - Systems and Procedures Review - 2025

 Regular risk reports, which identify new risks, the status and the effectiveness of the risk management systems, to ensure that identified risks are monitored and new risks are identified, mitigated and reported

Governance

In accordance with the statutory regulations Council, through the FARM receive:

- The annual Compliance and Audit Return.
- The triennial Regulation 5 report.
- The Auditor General's annual opinion on the financial statements and annual management letter.
- The President meets with the Auditor General's representative in an audit entrance and exit interview with management.

These serve to advise the Shire and Council, as relevant, of risks which emerge as part of the Shire's business as usual activities, such matters should these eventuate would be reported in writing by the Executive team

The Dry Kirkness Financial Management Review Report 2023 (Regulation 5) identified 19 recommendations (2 Significant,13 Moderate, 2 Minor). Eleven have been actioned, 4 are a work in progress (one significant- relates to Workforce Plan being out of date but is now being reviewed) and 4 are outstanding (3 moderate and one minor). These recommendations should be actioned as a priority.

The triennial Regulation 17 Review includes commentary on the appropriateness/effectiveness of the Shire's Risk management systems, internal control and legislative compliance. The 2019 Regulation 17 Report did not (refer OAG finding below) address all these areas. A full process to address all the areas as subsequently started in May 2025 (this report).

OAG Report Dec 24

"Non-Compliance with Local Government (Audit) Regulations 1996 Regulation 17 (Regulation 17)

During the year, the Shire engaged an external consultant LG People and Culture, to conduct an internal audit for purpose of meeting the requirements of Local Government (Audit) Regulations 1996 Regulation 17 (Regulation 17). This regulation requires the CEO to review the appropriateness and effectiveness of the local government's systems and procedures around risk management, internal control and legislative compliance at least every 3 financial years.

From our review of the consultant's final report provided to the Shire (dated January 2024), we noted the consultant's review did not meet all the requirements of Regulation 17. Specifically, the following requirements were not met:

- · Review of the risk management system policies, procedures and plans in place at the Shire;
- Evaluation of the non-financial/operational internal controls systems and procedures at the Shire; and
- Assessment of the systems and procedures for maintaining legislative compliance.

We further note that the Shire did not identify this issue nor perform its own review to meet the legislative requirements.

Refer also Risk Management Criteria 1 An effective risk management system....

11. Fraud and misconduct risks have been identified analysed, evaluated and have an appropriate treatment plan which has been implemented, communicated, monitored and there is regular reporting and ongoing management of fraud and misconduct risks		The Shire's Risk Register (updated November 2023) records the risk of (1) Misconduct - Moderate residual risk level and (2) External Theft and Fraud - Low residual risk level. The Shire does not have a Fraud, Corruption and Misconduct Policy. The Shire's Code of Conduct is the model code, in compliance with the Local Government Regulations. Incidents arising may be reported to the nominated Complaints Officer. Complaints may also be reported to the Corruption and Crime Commission or the Public Sector Commission. The Shire's annual Public Sector Commission (PSC) 2025 PSC Integrity and Conduct Collection return did not record any fraud or misconduct matters. The Shire is committed to minimising the risk of fraud where possible and has a zero tolerance to fraud. The Shire has a number of controls in place to mitigate and manage the risks of fraud, corruption and misconduct on an ongoing basis. To assist in this the Shire carries out as much segregation of duties, as is practical given the size of the Shire, and has the following mitigations in place: Payroll prepared by independent Officer who can only process payroll (including loading new employees). The payroll is checked by MFCS, then signed off by the CEO prior to release of payments. Banking there are only 3 authorised signatories. All transactions require 2 signatories (with use of password and token). Bank reconciliations are performed Management Accountant, reviewed by MFCS but signed off by the CEO. Changes to supplier bank account details (and new accounts) are managed externally by EFTSure, with a report received on any new accounts or changes for the month. This report is signed off by the MFCS. The Shire's server was hosted with an external provider, ICT. From 1 July 2025 the Shire commenced a hosting arrangement with the Shire of Irwin, which hosts the Shire's server in the Oracle cloud. This should provide for stronger segregation as the Shire will not have access to server, and it will also have stronger levels of cyber security. 6.	Management operating style	Human Resources	The Shire's Code of Conduct Employees and Contractors provide a guide and a basis of expectations for employees. It encourages a commitment to ethical and professional behaviour and outlines principles in which individual and collective Local Government responsibilities may be based. All employees sign off that they will comply with the Code of Conduct. The Shire's is running a 'People and Culture Improvement Project.' (the Project) The Shire surveyed all staff for their view on this through a survey process. Based on the survey results the Shire's leadership is now working on establishing a more cohesive management style, building strong technical skills. The Project also includes initiatives to establish cross Shire relationships. Refer also Internal Control Criteria 10 Trained and Qualified Employees	Sighted: Code of Conduct Employees and Contractors
7.	Human resource management and practices	Human Resources	The CEO and MFCS take responsibility for human resources practices. All new staff receive a formal induction into the organisation. which is facilitated in part by SkyTrust. The Shire undertakes to ensure all staff are appropriately qualified. All staff are trained, as required, to ensure they have valid tickets. E.g. vehicle licenses, chain saw usage, traffic management etc. Records of this are stored in the SkyTrust software, which includes an automated renewal follow-up. Refer also Internal Control Criteria 6. Management Operating Style	Sighted: Sample Shire of Chapman Valley Induction Part B

	Intorna	l Control
--	---------	-----------

Criteria	Issue	Internal Control	Ref.& Evidence
Regular internal audits	Finance Governance	The Shire does not have an internal audit function.	
4. Documentation of risk identification and assessment	Governance	Refer Risk Management Criteria 1: An effective risk management	
5. Separation of roles and functions, processing and authorisation	Governance	From a statutory point of view, delegations and authorisations are in place and structured to ensure that a suitable line of reporting and separation of duties is present. In some instances, this is dictated by legislation with conditions placed on certain delegations and authorisations. All roles are guided by a formal Position Description which sets out the position's responsibilities. As part of the New Starter process the managers define what level of access the position requires. This in turn is 'signed off' by the MFCS before being actioned by ICT (formerly) and now in accordance with the Agreement. Then the Management Accountant sets up system access. The Shire separates the following activities within its accounting systems: Payroll is prepared by a Payroll Officer, who also loads new employees, this is checked by MFCS. The Payroll run is reconciled by Payroll Officer, checked by MFCS and CEO to then authorise payment. Payment is subject to the banking controls There is separation of roles for human resources/payroll; account processing/bank reconciliation, accounting services/financial statement preparation. Bank reconciliations are performed Management Accountant, reviewed by MFCS and submitted to Council as part of the monthly financial reports. New suppliers and changes to suppliers' details are vetted by an external party (EFTSure). The Management Accountant carries out accounting month end process, including the monthly reconciliations. These are reviewed by MFCS.

	Control

	Criteria	Issue	Internal Control	Ref.& Evidence
16.	of documents,	Governance Records Managemen t	The Shire aims to comply with the State Records Act regarding documents, letters and financial records. All outgoing and incoming correspondence is stored on the Shire's server. If necessary, physical copies are retained. Sensitive or critical documents can be held in the Strong Room at the Administrative Office.	
17.	Comparison of internal data with other or external sources of information	Finance	MyCouncil on the DLGSCI website provides for comparison of financial health data across the Councils. The Shire's data is available on MyCouncil.	Sighted: DLGSCI website My Council (Shire of Chapman)
18.	Limit of direct physical access to assets and records		The Administrative Building is secured by keys and a swipe system. Sensitive documents are stored in safes inside the strong room at the Administrative Office room, with access only granted on approval (key access) of CEO or MFCS. The Shire maintains a Register of who accesses the strong room. The Shire's 'old' records are currently held locked offsite at the Depot, in a locked, air-conditioned sea container. The Shire does a monthly reconciliation for diesel fuel held at Depot.	
19.	Control of computer applications and information system standards	Information Technology	The Shire's computers are set up with virus scanners. All computer data is backed up and backups are stored offsite by ICT, prior to 30 June 2025 From 1 July 2025 under the Alliance Agreement the Shire of Irwin 'host' the Shire's servers. All employees are required to comply with the Shire's Code of Conduct - Employees and Contractors, which addresses usage of information and information systems. Refer also Internal Controls Criteria 11 System controls Internal Controls Criteria 19. Control of computer applicationsRecommendation IC 19.1. Expand the Shire's Code of Conduct - Employees and Contractors to require employees' and contractors' usage of information and information systems to only be for appropriate and secure professional purposes. For instance: Information and Communication Technology (ICT) Usage Employees must use local government ICT systems - Including computers, email, internet, and mobile devices - ethically, responsibly, and for legitimate work purposes. This includes: O Protecting confidentiality.	Sighted: Code of Conduct Employees and Contractors

Audit Regulation 17 - Systems and Procedures Review - 2025

Internal Control
Internal control is a key component of the Shire's governance framework, in addition to leadership, long-term planning, compliance, resource allocation, accountability and transparency. The CEO's
triennial review (as per Section 17 of the Local Government (Audit) Regulations 1996) considers the effectiveness of the Shire's control framework in relation to the following criteria:

	Criteria	Issue	Internal Control	Ref.& Evidence
20. Lin ma dai	nit of access to ke changes in a files and	Information Technology Other programs	 ○ Avoiding misuse. ○ Maintaining security. ○ Respecting intellectual property. ○ Monitoring and compliance. User access is restricted according to the role being performed. Currently, administration access is restricted to the Management Accountant. System generated audit trails are produced quarterly by the Management Accountant and reviewed and signed off by the CEO. Refer also Internal Controls Criteria 11 System controls a) Regular maintenance and review of financial control accounts and trial balances The Shire conducts regular monthly reconciliations of the trial balance to the sub ledgers and to the general ledger. This task is performed by the Management Accountant, as part of the month end process. These highlight any variances in their report to the Shire. Refer also: Risk Management Criteria 1 An effective risk management system Risk Management Criteria 7: An effective internal control system Risk Management Criteria 7: An effective internal control system Bystem has a structured month end process, which includes a review of budget versus actual: The MFCS conducts an internal program budget to actual review, with variances raised with the budget holder and 	Sighted: Finance Policy, Procedures & Guidelines Manual Council Meeting May 2025 Monthly Financial Report (Attachment)
	results with budgeted amounts		 explanations recorded. All material variances of budget to actual line items greater are explained in on a quarterly basis to Council. Any material variance is raised in the monthly financial report submitted to Council. The Shire has a regulatory obligation to conduct a midyear budget review. This is reported to Council for approval. On a monthly basis prepare an Aged Debtors report which is submitted to Council, with commentary of any issues. Noting as at 30 April 2025 Trade and Other Receivables was \$314,581. The Shire is subject to audit by the OAG. The annual external audit confirms accounting estimates / treatments are appropriate and compliant. Such matters would be addressed during the audit process.

	physical cash and inventory		The Shire reconciles fuel stock on hand at the Depot each month. Petty cash is reconciled monthly by two officers. The float (few transactions) is periodically counted by two officers.	

Audit Regulation 17 - Systems and Procedures Review - 2025

Leg	islative Compliance				
	e compliance programs of the Shire are a strong indication of attitude towards meeting legislative requirements. The CEO's triennial review (as per Section 17 of the Local Government indit) Regulations 1996) considers the effectiveness of the Shire's compliance programs in relation to the following criteria:				
	Criteria	Issue	Compliance program	Ref.	
1.	Monitoring compliance with legislation and regulations	Shire Sub Programs	The Shire is committed to good governance practices. Individual managers and officers are responsible for monitoring legislative compliance within their team and addressing any issues identified. The Shire's annual CAR process provides a mechanism to assess the Shire's compliance with legislation. The 2025 CAR contained no major non-compliances.	Sighted: • 2025 CAR - no major non compliances	
2.	Reviewing the annual Compliance Audit Return and reporting to Council the results of that review	Governance	The CAR is reported to Council through the FARM, prior to submission to the Department (DLGSCI). The 2025 CAR was reported to the FARM and Council approved by on 20 March 2025. The CAR was signed by the CEO and the President and submitted by the CEO to the DLGSCI.	Sighted: OCM minutes - 20 March 2025 Signed CAR, dated 20 March 2025	
3.	Staying informed about how Management is monitoring the effectiveness of its compliance and making recommendations for change as necessary	Shire Sul Programs	b Refer: • <u>Risk Management Criteria 5 Regular risk reports Recommendations</u>		
1.	Reviewing whether the Shire has procedures for it to receive, retain and treat complaints, including confidential and anonymous employee complaints	Governance Human Resources	The Code of Conduct for Elected Members (Model Code as per 2021 Regulations) and the Code of Conduct for Employees and Contractors are current. These are updated as necessary to reflect any legislative changes. Process for Elected Member breaches are dealt with in accordance with the obligations set out in the Code of Conduct for Elected Members (model code as per 2021 Regulations). As required, proven breaches or complaints are published on the Shire's website. Processes for staff breaches are typically handled by the CEO. These may relate to breaches against the Code of Conduct. There is a grievance policy and procedures in place regarding complaints. Outcomes are reported in summary in the annual PSC Integrity report. The Shire's Code of Conduct for Employees and Contractors references Public Interest Disclosure (PID) and reference complying with Public Interest Disclosure Act 2003. The Shire's PID policy and procedures are in the PID Information Guidelines Refer also Risk Management Criteria 4 d) Internal processes for determining

Executive Summary & Action Plan

Below is a summary and suggested task table for executive staff, assigning responsible officers and completion dates for the highest-priority Regulation 17 improvement actions. This table will be taken to the next available Executive Team meeting to be communicated and updated as appropriate.

Risk management

Update Risk Management Policy and Framework (RM 1.1, 1.2, 1.3, 1.4, 1.5, 1.6)

- Action:
 - Update Risk Management Policy to AS/NZS ISO 31000:2018 and embed risk appetite, consequence and likelihood criteria.
 - Review and update Risk Management Framework, including escalation and reporting, and add explicit requirement for risk assessments for Major Events.
 - Undertake full review of Corporate Risk Register (Nov 2023 version) and report outcomes to FARM/Council.
 - Embed broader obligation in all PDFs/PDs to adhere to the Risk Management Policy.
 - Implement risk awareness program (toolbox talks, staff meetings, intranet updates, induction refresh).
- Responsibility: CEO (policy/strategic settings); Manager Finance & Corporate Services (MFCS) (framework, register, education program); EMT for implementation.
- Priority: High.
- Timeframe:
 - Policy/Framework update and PD wording: within 3 months of Council receiving the report.
 - Corporate Risk Register review and FARM report: within 6 months.
 - Risk education program: commence within 3 months and ongoing.

Business Continuity and IT disaster recovery (RM 2.1, 2.2, 3.1, 3.2)

- Action:
 - Review and update Business Continuity Plan, confirming alternate operating sites (e.g. Recreation & Community Centre) and dependencies.
 - Plan and conduct a BCP test exercise, then schedule at least biennially.
 - Conduct a crisis exercise incorporating critical IT data failure/cyber-breach scenario.
 - Test backup and recovery procedures under the Irwin–Chapman Valley managed services agreement and document results/actions.
- Responsibility: CEO (overall), MFCS and ICT/managed services provider; input from Works, WHS and key service leads.
- · Priority: High.
- Timeframe:
 - . BCP review: within 4 months.
 - First BCP and IT crisis exercises and backup/restore test: within 9 months.

Finance processes documentation (RM 4b.1, LC 5.1)

- Action:
 - Broaden Finance Policy, Procedures & Guidelines Manual to include detailed procedures for: supplier set-up and changes, purchasing, month-end reconciliations, payroll, rates, annual and mid-year budget processes, monthly variance analysis and Aged Debtors monitoring.
- Responsibility: MFCS and Management Accountant.
- Priority: Medium-High.
- Timeframe: Draft within 6 months, finalised and implemented within 9 months.

Fraud, corruption, misconduct and integrity (RM 4d.1, 4d.2, 11.1; IC 1; IC 10)

Action:

- Att: 8.3.2 Task List for Executive Discussion (1)
- Develop and adopt a Fraud, Corruption and Misconduct Policy, supporting procedures and a simple Integrity Framework, aligned to PSC/OAG expectations.
- Ensure all new employees (and periodically existing staff) sign acknowledgement of the Code of Conduct; automate and record through SkyTrust where possible.
- Ensure fraud and misconduct risks are explicitly described and reassessed in the next corporate risk profile review.
- Implement annual performance review for all officers with a training-needs component and link fraud/ethics awareness into that cycle.
- Responsibility: CEO (policy position), MFCS and HR/People & Culture lead (framework, processes), WHS/Compliance where applicable.
- Priority: High.
- Timeframe:
 - Policy and Integrity Framework: within 6 months.
 - Code of Conduct sign-off embedded in onboarding: within 3 months.
 - Inclusion of fraud/misconduct in corporate risk review: next review cycle, within 12 months
 - Annual performance review process: design within 6 months, full cycle delivered within 18 months.

Environmental risk and works manuals (RM 4e.1, 4e.2)

- Action:
 - Review and update Works & Services Manual to explicitly address environmental risks (e.g. refuse site, depot, spill management, dust/noise, contaminated materials) and operational controls.
 - Ensure environmental risks are separately identified and assessed in the strategic/operational Risk Register at next annual review.
- Responsibility: Works & Services Manager, with MFCS and WHS/Environmental Health input.
- Priority: Medium.
- Timeframe: Manual update within 9 months; environmental risk inclusion in next risk register review (within 12 months).

Corporate risk profile and risk reporting (RM 5.1-5.6, 7.1)

- Action:
 - Establish a formal corporate risk profiling process (criteria, methodology, frequency) aligned to the Framework.
 - Undertake initial corporate risk profile, including fraud, misconduct and environmental risks, and report outcomes to FARM and Council.
 - Introduce regular (e.g. 6-monthly) corporate risk report to FARM covering key risks, treatments, trend and status of mitigations.
 - Ensure internal control issues identified by OAG, Dry Kirkness, LG People & Culture and this Reg 17 report are incorporated into the Audit Actions Register (see below) and monitored via FARM.
- Responsibility: CEO and MFCS; FARM for oversight.
- Priority: High.
- Timeframe:
 - Design of process and first corporate risk profile: within 6 months.
 - First 6-monthly risk report to FARM: within 9 months.

Audit Actions Register and follow-up (RM 5.3–5.5, 7.1)

- Action:
 - Create a central Audit Actions Register capturing recommendations, agreed actions, responsible officer, due date and status for: OAG audits, Reg 5, Reg 17, internal audits (e.g. LG People & Culture), LGIS risk reports and other relevant reviews.
 - Populate with all outstanding Dry Kirkness 2023 recommendations (including Workforce Plan) and any unresolved internal audit actions, and mark priorities.
 - Report the Register to FARM at least 6-monthly until all high-risk and significant items are closed.
- Responsibility: MFCS (owner), CEO (sponsor), FARM (monitoring).
- Priority: High.

- Timeframe:
 - Register established and populated: within 2 months.
 - First formal FARM report: within 4 months.

Internal control and ICT

Delegations and policy publication (IC 2.1, IC 2 & 9, 8, 3)

- Action:
 - Replace the 2022 Delegations Register on the website with the Council-approved 2025
 Delegations Register and ensure future updates are synchronised promptly with
 website publication.
 - Reinforce linkage between Delegations, PDs and current policy manuals in staff training and induction.
- Responsibility: CEO and Governance Officer (or MFCS if governance sits there).
- Priority: High (transparency/compliance).
- Timeframe: Website update within 1 month; process for ongoing updates documented within 3 months.

FARM Terms of Reference and ARIC transition (IC 4.1, 4.2, 4, 10, 6, 7)

- Action:
 - Draft a clear Terms of Reference for FARM, covering purpose, authority, membership, reporting lines, scope (audit, risk, improvement), meeting schedule and relationship with Council and CEO.
 - Develop and implement a plan to transition FARM to an Audit, Risk and Improvement Committee in accordance with the Local Government Amendment Act 2024, including any required changes to membership, independent chair arrangements and reporting.
- Responsibility: CEO and Governance Officer; FARM and Council for endorsement.
- Priority: High (legislative compliance).
- Timeframe:
 - Draft TOR to FARM within 3 months and Council adoption within 5 months.
 - ARIC transition plan and necessary governance documents in place for FY26, with preparation completed by 30 June 2026.

IT governance and access (IC 5.1, 11, 19.1, 20)

- Action:
 - Develop an Information Technology Policy, Procedures & Guidelines Manual covering access control, acceptable use, cyber-security, backups, monitoring, incident response and third-party arrangements (Irwin/Oracle, EFTSure, etc.).
 - Embed explicit ICT use expectations (professional, secure, ethical use; confidentiality; security; IP; monitoring) into Code of Conduct or supporting ICT guidelines as recommended.
 - Formalise role-based access and system administrator arrangements, including periodic user access reviews and documentation of quarterly audit trail reviews already being done.
- Responsibility: MFCS (lead, as corporate systems owner) with Management Accountant and ICT/managed service provider; CEO approves.
- Priority: High.
- Timeframe:
 - Draft ICT Policy/Manual and updated Code wording: within 6 months.
 - First documented user-access review under new arrangements: within 9 months.

Legislative compliance and financial oversight

Month-end and variance procedures (LC 5.1 - also supports RM 8, IC 21)

- Action:
 - Document the full end-of-month timetable and responsibilities (reconciliations, controls, review steps), including the program-level variance review by MFCS and escalation thresholds for reporting to Council.
 - Ensure procedures support continuity and handover in the event of staff turnover.

- Responsibility: MFCS and Management Accountant.
- Priority: Medium-High.
- Timeframe: Integrated into the Finance Manual updates within 9 months (see item 3).

Ongoing CAR and compliance calendar monitoring (LC 1-3, 9, 10)

- Action:
 - Maintain and periodically review the Compliance Calendar; ensure CAR findings and any emerging themes feed into the corporate risk profile and Audit Actions Register.
 - Continue to table CAR through FARM with explicit commentary on any integrity or ethics matters.
- Responsibility: CEO and Governance Officer; MFCS for financial elements; FARM for oversight.
- Priority: Medium.
- Timeframe: Ongoing, but linkages to risk profile and Audit Actions Register to be made within 6 months.

Summary table of key actions

No.	Priority task (from Reg 17 recommendations)	Responsible officer (suggested)	Target completion date (suggested)
1	Update the Risk Management Policy and Framework to reflect AS/NZS ISO 31000:2018 and review risk criteria and escalation processes (RM 1.1)	CEO / Manager Finance & Corporate Services (MFCS)	30 June 2026
2	Formally adopt risk consequence/likelihood criteria and risk appetite via Audit, Risk & Improvement Committee and Council (RM 1.2)	CEO	30 June 2026
3	Review and update the Corporate Risk Register (last reviewed Nov 2023) and report outcome to Committee and Council (RM 1.3)	MFCS / Executive Management Team	31 May 2026
4	Review and update the Business Continuity Plan, including confirmation of alternative operating locations (RM 2.1)	CEO / MFCS	30 June 2026
5	Conduct and document a test of the Business Continuity Plan, then schedule regular testing (RM 2.2)	CEO / MFCS / WHS Coordinator	30 September 2026
6	Hold a crisis exercise simulating a critical IT data failure or breach (RM 3.1)	CEO / MFCS / IT Service Provider	31 October 2026
7	Test cloud backup and recovery procedures under the managed services agreement and document results (RM 3.2)	Finance & Digital Services Coordinator(FDSC)	31 October 2026
8	Broaden Finance Policy, Procedures and Guidelines Manual to cover key finance processes (suppliers, purchasing, reconciliations, payroll, rates, budget cycles) (RM 4b.1)	MFCS	30 September 2026
9	Develop and adopt a Fraud, Corruption and Misconduct Policy, procedures and an Integrity Framework (RM 4d.1)	CEO / HR / WHS Coordinator	30 September 2026
10	Implement process for all new employees to sign acknowledgement of the Code of Conduct, captured in SkyTrust (RM 4d.2)	CEO / HR / WHS Coordinator	30 June 2026

11	Review Works & Services Manual to explicitly address key environmental risks and their operational management (RM 4e.1)	CEO / Works & Services Manager	31 October 2026
12	Ensure environmental risk is specifically considered and documented in annual strategic/operational risk review (RM 4e.2)	CEO / MFCS / Works & Services Manager	30 November 2026
13	Establish a formal process to identify and assess the corporate risk profile, with regular monitoring and reporting to Executive and Committee (RM 5.1, RM 5.6)	CEO / MFCS	30 September 2026
14	Create and implement an Audit Actions Register for all internal, external and regulatory audit recommendations, with 6-monthly reporting to Committee (RM 5.4, RM 5.5, RM 7.1)	MFCS / CEO	31 May 2026
15	Revisit and complete outstanding actions from the Internal Audit Report (Jan 2024 – LG People & Culture) and Dry Kirkness Financial Management Review 2023, recording all items in the Audit Actions Register (RM 5.3, RM 5.4)	MFCS / CEO / Executive Management Team	31 December 2026

No responsibility whatsoever is implied or accepted by the Shire of Chapman Valley for any act, omission or statement or intimation occurring during Council Meeting. The Shire of Chapman Valley disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement or intimation occurring during Council or Committee Meetings.

Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council Meeting does so at that person's or legal entity's own risk.

The Shire of Chapman Valley warns that anyone who has any application or request with the Shire of Chapman Valley must obtain and should rely on WRITTEN CONFIRMATION of the outcome of the application or request of the decision made by the Shire of Chapman.

Shire Vision

A thriving and diverse community, embracing our coastline, ranges and rural settings to support growth and prosperity, while enjoying our peaceful and quiet lifestyle.

3270 Chapman Valley Road, Nabawa WA 6532 Tel: (08) 9920 5011

Email: cso@chapmanvalley.wa.gov.au

Presidents Message

Together with Jamie Criddle, CEO of the Shire of Chapman Valley, I am delighted to present this message for the 2024–2025 Annual Report.

Partway through the year, I had the honour of assuming the role of Shire President following Kirrilee Warr's successful campaign and subsequent election as the Member for Geraldton. I extend my sincere thanks to Kirrilee for her profound commitment to Chapman Valley during her time as councillor and President. Her leadership and dedication have left a lasting legacy for our community.

The 2024–2025 financial year unfolded against a backdrop of widespread economic pressures that continue to challenge communities, and in Chapman Valley, we have remained committed to our people, our assets, and infrastructure. This is essential to ensure we all remain connected, and resilient.

Throughout the year, the Shire continued to support local groups through the long-standing Community Growth Fund, empowering community-driven projects and events. Set against the backdrop of Chapman Valley's picturesque landscapes, our community has flourished as a vibrant hub of activity and celebration. From the lively Chapman Valley Music Festival to the exhilarating Backroads Gravel Bike Race and the much-loved Chapman Valley Show, these events showcase the Valley's spirit, creativity, and natural beauty, reinforcing its reputation as a place where people come together to enjoy and thrive.

We have been successful in sourcing funds to invest in projects such as the Nabawa Recreation Centre Upgrade, which will deliver modern facilities for sport, recreation, and community gatherings, as well as the development of our Tourism and Economic Development Plan, designed to strengthen local business, attract visitors, and create sustainable opportunities for growth.

The State Government Regional Roads Grant continues to be instrumental in enabling the Shire to deliver significant road construction projects to a high standard, ensuring safe and reliable infrastructure for our residents and visitors.

3270 Chapman Valley Road, Nabawa WA 6532 Tel: (08) 9920 5011

Email: cso@chapmanvalley.wa.gov.au

Achieving our goals is only possible through collaboration. We are sincerely grateful for the support of our community volunteers, local businesses, regional organisations, neighbouring councils, all levels of government, and private partners. Your contributions throughout the 2024–2025 financial year have been vital to our success. It is your passion, dedication, and generosity that make Chapman Valley such a remarkable place to live.

A special thank you also goes to our staff and the members of the Audit and Risk Improvement Committee for their efforts in achieving another excellent audit result.

To all our residents, I encourage you to keep celebrating our rural lifestyle and supporting our shared vision of a thriving community. Together, we can embrace our coastline, ranges, and landscapes to grow with pride and purpose.

Nicole Batten
SHIRE PRESIDENT

Council Elections

Councillors are elected for four-year terms with Council elections held every two years on the third Saturday in October.

The Shire of Chapman Valley held an election on 21 October 2023.

Councillors Kirrilee Warr (President), Nicole Batten (Deputy President), Trevor Royce, Liz Eliott-Lockhart, Catherine Low retained their positions on council. And the newly elected members from 21 October election being Emma Rodney & Philip Blakeway.

The next Council elections will be held in October 2025.

Annual Meeting of Electors

An Annual Meeting of Electors is held each financial year in accordance with Part 3 of the Local Government (Administration) Regulations 1996 and the Local Government Act 1995 Part 5, Division 2, Subdivision 4, Section 5.27. The purpose of the meeting is to, firstly, present the Annual Report (including the Auditor's Report) to electors, and then to discuss any other general business. Under Section 5.33, all decisions made at an electors meeting are to be considered at the next Ordinary meeting of Council.

The previous Annual Meeting of Electors was held on 17 February 2025 at the Council Chambers 3270 Chapman Valley Road, Nabawa.

Councillor Expenses

It is important that Councillors can carry out their role without being unduly financially disadvantaged. The Shire's Councillor Allowances, Expenses and Recognition policy outlines what support will be provided by the Shire taking into account the responsibilities and commitment of serving as community representatives. The policy provides for electronic equipment, training, travel and reimbursement of expenses. Allowances, expenses and fees paid by the Shire of Chapman Valley to Councillors for the financial year are outlined below:

Councillor	Member's Allowance/fee	Travelling Allowance	ICT Allowances	Total
Nicole Batten	\$16,715	\$50	\$3500	\$20,265
Philip Blakeway	\$10,286	\$50	\$3500	\$13,836
Liz Eliott-Lockhart	\$10,286	\$50	\$3500	\$13,836
Catherine Low	\$10,286	\$50	\$3500	\$13,836
Emma Rodney	\$10,286	\$50	\$3500	\$13,836
Trevor Royce	\$11,572	\$50	\$3500	\$15,122
Kirrilee Warr	\$10,286	\$25	\$1750	\$12,061

^{*}ICT = Information and communications technology, also referred to as telecommunications allowance

3270 Chapman Valley Road, Nabawa WA 6532 Tel: (08) 9920 5011

Email: cso@chapmanvalley.wa.gov.au

Register of Complaints

All complaints against the Shire of Chapman Valley's elected members that result in a finding by a standards panel (under Section 5.110(2) (a) of the Local Government Act 1995) and where a minor breach has occurred must be recorded in a Register of Complaints.

Section 5.121(3) requires the CEO to publish an up-to-date version of the register of complaints on the Shire's official website.

There were no complaints included on the Shire of Chapman Valley's Register of Complaints, made under Section 5.121 of the Local Government Act 1995 during the 2024/2025 financial year.

The Local Government Standards Panel found that no minor breach of regulation 19 & 20 had occurred, and no sanction was imposed.

More information can be found in the Shire of Chapman Valley's Register of Complaints, available on the Shire's website.

Public Interest Disclosures (PIDs)

The Public Interest Disclosure Act was established by the Commissioner for Public Sector Standards under Section 20 of the Public Interest Disclosure Act 2003. One of the principles of the legislation is not just to provide protection to those who make disclosures (and those who are the subject of disclosures) but also to encourage a system of transparency and accountability in the way government officials act and utilise public monies.

Matters that fall into the category of Public Interest include:

- Improper Conduct (irregular or unauthorised use of public resources)
- An offence under State Law including corruption (substantial unauthorised or irregular use of, or substantial mismanagement of, public resources).

3270 Chapman Valley Road, Nabawa WA 6532 Tel: (08) 9920 5011

Email: cso@chapmanvalley.wa.gov.au

Matters that relate to the Shire of Chapman Valley should be referred to the Shire's Public Interest Disclosure Officer (PID Officer). Disclosures made can be made not just about officers of a local authority but also about its elected members.

There is an obligation on the PID Officer in the Public Interest Disclosure Act to ensure that the disclosure is confidential and that the person making a disclosure is provided adequate protection from reprisals, civil and criminal liability, dismissal or breach of confidentiality.

The Shire of Chapman Valley had no public interest disclosures during the year-ended 30th June 2025.

National Competition Policy (NCP)

The Competition Principles Agreement (CPA) is a contractual agreement between Federal Government and all State and Territory Governments which aims to ensure that all public enterprises operate in a transparent manner in the best interests of the public. Under the CPA, public enterprises are required to review their operations to ensure they have no competitive advantage or disadvantage as a result of their public status.

Competitive Neutrality

The principle of competitive neutrality is that government businesses should not enjoy a competitive advantage, or suffer a disadvantage, simply as a result of their public sector ownership. Measures should be introduced to effectively neutralize any net competitive advantage flowing from government ownership.

3270 Chapman Valley Road, Nabawa WA 6532 Tel: (08) 9920 5011

Email: cso@chapmanvalley.wa.gov.au

Competitive neutrality should apply to all business activities that generate a user pays income of over \$200,000 per annum, unless it can be shown it is not in the public interest. A public benefit test is used to determine if competitive neutrality is in the public interest. This involves assessing the benefits of implementing competitive neutrality against the costs. If the benefits exceed the costs, competitive neutrality should be implemented.

The Shire of Chapman Valley does not control any business activity with a user pays income in excess of \$200,000 in 2024/2025.

Freedom of Information

The Shire of Chapman Valley is subject to the provisions of the Freedom of Information Act 1992, which gives individuals and organisations a general right of access to information held by the Shire. The Act also provides the right to appeal in relation to decisions made by the Shire to refuse access to information applied under the Act.

The Shire of Chapman Valley received one (1) request for information during the period of 2024/2025.

In accordance with section 5.53 of the Local Government Act and the associated Local Government (Rules of Conduct) Regulations 2007, no complaints made against councillors for 2024/2025.

Number of entries in register - Nil

How the complaints were handled – Not Applicable

Record Keeping

Under the State Records Act 2000, the Shire and its employees are obliged to comply with the Shire's Record Keeping Plan. A revised plan was endorsed by the State Records Office of WA in March 2020 and remains valid.

3270 Chapman Valley Road, Nabawa WA 6532 Tel: (08) 9920 5011

Email: cso@chapmanvalley.wa.gov.au

Local Laws

The Shire currently has three (3) Local Laws:

- Standing Orders Local Law 2016
- Activities in Thoroughfares in Public Places and Trading Local Law 2016
- Dog Local Law 2016

Pursuant to section 3.16 of the Local Government Act 1995, local governments are required to commence a periodic review of local laws every eight (8) years. The next review is due in 2024.

Federal Government Financial Assistance Grants

The Shire of Chapman Valley received \$1,048,403 in Financial Assistance Grants in 2024/2025. These grants contribute to annual maintenance of community infrastructure and general operations of the local government and are a vital source of revenue to support the Shire's operations.

Register of Financial Interest for Elected Members and Senior Staff

In accordance with the requirements of het Local Government Act 1995, this register is held in the Shire's administration office and is also available on the shire website for viewing by the public.

3270 Chapman Valley Road, Nabawa WA 6532 Tel: (08) 9920 5011

Email: cso@chapmanvalley.wa.gov.au

The Shire supports, and is committed to, the achievement of its diversity management and equal opportunity goals. That means the Shire is continually aiming to ensure that it provides a workplace free from all forms of discrimination, harassment and bullying and that there are equality and fairness in all aspects of employment and customer service delivery in the organisation.

Policies, practices and services are adapted to meet the needs of a diverse and evolving community and the Shire reviews and updates all relevant policies annually to ensure they align with legislative requirements and the needs of the workforce.

These policies are:

- Equal Employment Opportunity Policy
- Discrimination, Harassment and Bullying Policy
- Information and Communication Technology Use Policy

Remuneration

Regulation 19B (2) of Local Government (Administration) Regulations 1996 requires the Annual Report to detail the number of employees who are entitled to an annual salary of \$130,000 or more and to break those employees down into bands of \$10,000.

As of 30 June 2025, the Shire of Chapman Valley had the following:

3270 Chapman Valley Road, Nabawa WA 6532 Tel: (08) 9920 5011

Email: cso@chapmanvalley.wa.gov.au

The Total Reward Package is comprised of Base Salary, Association Membership Fees, Personal Benefit Value of Motor Vehicle, Fringe Benefits Tax, Clothing Allowance, Superannuation and Utilities.

Disability Access and Inclusion

Western Australian local governments are required under the Disability Services Act 1993 to develop and implement a Disability Access and Inclusion Plan (DAIP). The purpose of a DAIP is to help local governments plan and deliver improvements to access and inclusion across seven key outcome areas: services and events, buildings and facilities, information, quality of service, complaints, consultation processes, and employment.

Additional legislation supporting access and inclusion includes the Western Australia Equal Opportunity Act 1984 and the Commonwealth Disability Discrimination Act 1992, both of which make it unlawful to discriminate against a person on the basis of disability.

3270 Chapman Valley Road, Nabawa WA 6532 Tel: (08) 9920 5011

Email: cso@chapmanvalley.wa.gov.au

The Shire is committed to promoting inclusion and accessibility for people with disability by continually improving access to its services, facilities, and information. Council recognises the importance of providing equitable access for residents and visitors of all abilities. The DAIP provides the framework for achieving this commitment through targeted strategies that ensure services, events, facilities, information, and employment opportunities are available to everyone in the community.

Each year, local governments must submit a report to the Disability Services Commission outlining progress toward the DAIP outcomes. This reporting includes achievements such as enhanced accessibility to services, improved built infrastructure, accessible communication methods, quality service delivery, effective consultation processes, and equitable employment practices.

The seven outcome areas of a DAIP are:

- 1. People with disability have the same opportunities as others to access the services and events of a public authority.
- 2. People with disability have the same opportunities as others to access public buildings and facilities.
- 3. People with disability receive information from a public authority in formats that are as accessible as those available to others.
- 4. People with disability receive the same level and quality of service from staff as other community members.
- 5. People with disability have the same opportunities as others to make complaints to a public authority.
- 6. People with disability have the same opportunities as others to participate in public consultation processes.
- 7. People with disability have the same opportunities as others to obtain and maintain employment with a public authority.

Ensuring the needs of all community members are met is vital to building an inclusive and accessible future. The Shire of Chapman Valley remains committed to implementing, monitoring, and reviewing its DAIP to ensure accessibility and inclusion are embedded across all facets of its operations.

3270 Chapman Valley Road, Nabawa WA 6532 Tel: (08) 9920 5011

Email: cso@chapmanvalley.wa.gov.au

The Local Government Act requires each local government to have an Integrated Planning and Reporting Framework (IPRF), which has three levels of strategic planning, informed and supported by appropriate resourcing and asset management plans. The key components of the IPRF are:

- Strategic Community Plan (Level 1)
- Corporate Business Plan (Level 2)

The Annual Report measures our progress against priorities and aspirations that were developed in consultation with the community and documented in the Shires long term vision, the Strategic Community Plan 2022/2032.

The Shires Corporate Business Plan 2022-2027 provides clarity on the initiatives and services that the Shire is planning or implementing over the next five years, with emphasis on the delivery of the strategic priorities outlined in our Strategic Community Plan 2022-2032.

Strategic Community Plan/Corporate Business Plan Overview

This report is based on the Strategic Community Plan that was adopted in 2022 and in review 2024 and the accompanying Corporate Business Plan that was updated in 2023.

Section 5.53(i) of the Local Government Act 1995 requires the Annual Report to include "an overview of the Plan for the Future of the district made in accordance with section 5.56, including major initiatives that are proposed to commence of continue in the next financial year.

Chief Executive Officers Report

It is with great pleasure that I present the Chief Executive Officer's Report for the Shire of Chapman Valley for the financial year ended 30 June 2025. This report encapsulates the achievements, challenges, and strategic steps that the Council and our dedicated workforce have undertaken in our commitment to serving the residents of this valued community.

Summary of the Year Achievements and Highlights

- Delivery of projects and services in accordance with the 2024/25 adopted budget, maintaining financial sustainability while investing in vital infrastructure and community initiatives.
- Progress in Economic Development & Tourism Strategy, advancing local business opportunities and regional visitation, including targeted marketing and event support.
- Successful review of the Disability Access & Improvement Plan which will play a key role in improving access to public facilities, ensuring more inclusive community participation.
- Grant success securing DFES Community Benefit funding for emergency management enhancements, and LRCIP funding used to upgrade local roads and recreational infrastructure.

Challenges

- Workforce and skills retention remain ongoing priorities, particularly in specialised infrastructure and community services roles. The Shire has continued recruitment improvements and provided professional development support for staff.
- Rural and remote service delivery presents logistical challenges, but strong partnerships with neighbouring councils and agencies, together with robust community feedback mechanisms, have fostered resilience and adaptive solutions.

Strategic Direction and Performance

- Strategic Community Plan 2022–2032: All major projects and initiatives have been mapped to community priorities in our ten-year plan, with strong progress in transport, rural service upgrades, local business growth, and social infrastructure.
- Corporate Business Plan objectives: Performance targets for asset renewals, financial management, and service delivery are being met, with ongoing review against operational benchmarks.
- Disability Access and Inclusion Plan: Improvements to Shire website accessibility, enhanced community consultation processes, and physical infrastructure upgrades ensure equitable access for all residents.

3270 Chapman Valley Road, Nabawa WA 6532 Tel: (08) 9920 5011

Email: cso@chapmanvalley.wa.gov.au

Financial Performance

- The Shire has maintained prudent fiscal management, holding appropriate reserve balances for future needs and delivering services within adopted budget parameters resulting in the finance team who were awarded one of the top 20 Best Practice Entities in the State for the 23/24 financial year based on their financial reporting practices such as timeliness, quality of financial report, quality of working papers and clear audit opinion.
- External grant funding (DFES, LRCIP, CSRFF, DRF) has enabled capital works and community initiatives without undue pressure on rates, supporting sustainability and economic diversification.

Community Engagement

- The Shire conducted extensive community engagement, including workshops and surveys on key projects, Economic Development & Tourism Strategy actions, Strategic Community Plan 2022-2032 and the Disability Access and Inclusion Plan 2024-2029.
- Feedback directly influenced delivery priorities, accessibility improvements, and informed Council's approach to youth, aged care, and agricultural development.

Looking Ahead

- Planned priorities for 2025/26 include major transport asset upgrades.
- Continued advancement of the Economic Development & Tourism Strategy.
- The redevelopment of the Nabawa Recreation Centre. Stage 1 is expected to commence in the new year with grant applications submitted for Stage 2.

I would like to express my sincere gratitude to:

The Council and Elected Members: For their leadership, strategic direction, and governance of the Shire throughout the year. Their commitment to community service and good governance sets the standard for our organisation.

The Shire's Staff: For their professionalism, dedication, and commitment to service excellence. The delivery of quality services to our community depends entirely on the competence and commitment of our workforce.

Our Community: For their engagement, feedback, and support. Community participation in local government strengthens our decision-making and ensures that the Shire remains responsive to community needs.

As we move forward, the Shire remains committed to:

- Delivering quality, responsive local government services;
- · Managing our financial and physical assets responsibly;
- · Engaging meaningfully with our community;
- Supporting regional economic development and sustainability;
- Maintaining governance best practice and accountability.

3270 Chapman Valley Road, Nabawa WA 6532 Tel: (08) 9920 5011

Email: cso@chapmanvalley.wa.gov.au

I am confident that with continued focus on these priorities and the ongoing support of our Council, staff, and community, the Shire of Chapman Valley will further strengthen its position as a sustainable, inclusive, and vibrant regional community for all.

1. BASIS OF PREPARATION

The financial report of the Shire of Chapman Valley which is a Class 4 local government comprises general purpose financial statements which have been prepared in accordance with the Local Government Act 1995

Local Government Act 1995 requirements
Section 6.4(2) of the Local Government Act 1995 read with the Local Government (Financial Management) Regulations 1996 prescribe that the financial report be prepared in accordance with the Local Government Act 1995 and, to the extent that they are not inconsistent with the Local Government Act 1995, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied except for disclosure requirements of:
• AASB 7 Financial Instruments Disclosures

- AASB 16 Leases paragraph 58
 AASB 101 Presentation of Financial Statements paragraph 61
- AASB 107 Statement of Cash Flows paragraphs 43 and 45
 AASB 116 Property, Plant and Equipment paragraph 79
- AASB 137 Provisions, Contingent Liabilities and Contingent Assets paragraph 85
- AASB 140 Investment Property paragraph 75(f)
- AASB 1052 Disaggregated Disclosures paragraph 11
 AASB 1054 Australian Additional Disclosures paragraph 16

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 *Leases* which would have required the Shire to measure any vested improvements at zero cost.

The Local Government (Financial Management) Regulations 1996 provide that

- land and buildings classified as property, plant and equipment;or
- infrastructure; or vested improvements that the local government controls;

and measured at reportable value, are only required to be revalued every five years. Revaluing these non-financial assets every five years is a departure from AASB 116 Property, Plant and Equipment, which would have required the Shire to assess at each reporting date whether the carrying amount of the above mentioned non-financial assets materially differs from their fair value and, if so, revalue the class of non-financial asse

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities

Critical accounting estimates and judgementsThe preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying amounts of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these

As with all estimates, the use of different assumptions could lead to material changes in the amounts reported in the financial report.

The following are estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and further information on their nature and impact can be found in the relevant note:

- · Fair value measurement of assets carried at reportable value including:
 - Property, plant and equipment note 8
 - Infrastructure note 9
- Measurement of employee benefits note 15 Fair value heirarchy information can be found in note 23

The local government reporting entity

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 28 of the financial report.

Initial application of accounting standards
During the current year, the following new or revised Australian Accounting Standards and Interpretations were applied for the

- AASB 2020-1 Amendments to Australian Accounting Standards Classification of Liabilities as Current or Non-current
- AASB 2022-5 Amendments to Australian Accounting Standards
 Lease Liability in a Sale and Leaseback
- AASB 2022-6 Amendments to Australian Accounting Standards - Non-current Liabilities with Covenants
- AASB 2023-3 Amendments to Australian Accounting Standards
 Disclosure of Non-current Liabilities with Covenants: Tier 2
- AASB 2024-1 Amendments to Australian Accounting Standards
 Supplier Finance Arrangements: Tier 2 Disclosures
- AASB 2023-1 Amendments to Australian Accounting Standards
 Supplier Finance Arrangements

These amendments did not have a material impact on the financial report on initial application.

AASB 2022-10 Amendments to Australian Accounting Standards - Fair Value Measurement of Non-Financial Assets of Not-for-Profit Public Sector Entities

The Shire will apply AASB 2022-10 prospectively in the year of revaluation for

New accounting standards for application in future years

The following new accounting standards will have application to local government in future years:

- AASB 2014-10 Amendments to Australian Accounting Standards - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture
- AASB 2024-4b Amendments to Australian Accounting Standards
- Effective Date of Amendments to AASB 10 and AASB 128 [deferred AASB 10 and AASB 128 amendments in AASB 2014-10 apply]
- AASB 2022-9 Amendments to Australian Accounting Standards
- Insurance Contracts in the Public Sector AASB 2023-5 Amendments to Australian Accounting Standards
- Lack of Exchangeability
- AASB 18 (FP) Presentation and Disclosure in Financial Statements (Appendix D) [for for-profit entities]
- AASB 18 (NFP/super) Presentation and Disclosure in Financial Statements
 (Appendix D) [for not-for-profit and superannuation entities]
- AASB 2024-2 Amendments to Australian Accounting Standards
 Classification and Measurement of Financial Instruments
- AASB 2024-3 Amendments to Australian Accounting Standards
 Annual Improvements Volume 11

These amendments are not expected to have any material impact on the financial report on initial application.

2. REVENUE AND EXPENSES

(a) Revenue

Contracts with customers

Recognition of revenue is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

Revenue category	Nature of goods and services	When obligations typically satisfied	Payment terms	Returns/refunds/ warranties	Timing of revenue recognition
Grants, subsidies and contributions	Community events, minor facilities, research, design, planning evaluation and services	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Output method based on project milestones and/or completion date matched to performance obligations
Capital grants, subsidies and contributions	Community developments, facilities and infrastructure, research, design, planning evaluation and services	Over time	Fixed terms transfer of funds based on agreed project milestones and reporting	Contract obligation if project not complete	Output method based on project milestones and/or completion date matched to performance obligations
Grants with no contractual commitments	General appropriations and contributions with no specific contractual commitments	No obligations	Not applicable	Not applicable	When assets are controlled
Fees and charges - licences, registrations, approvals	Building, planning, development and animal management.	Single point in time	gle point in time Full payment prior to None issue		On payment of the licence, registration or approval
Fees and charges - waste management entry fees	Refuse site charges (Non- residents only)	Single point in time	Payment in advance at gate or on normal trading terms if credit provided	None	On entry to facility
Fees and charges - other services	Venue hire, administration services, PO box, inspections.	Single point in time	Full payment prior to issue	None	At point of service
Fees and charges - sale of stock	Petroleum based fuel stocks	Single point in time	Monthly in arrears	Refund for faulty goods	At point of sale
Other revenue - private works	Contracted private works	Single point in time	Monthly in arrears	None	At point of service

Revenue recognition

Rate revenue was recognised from the rate record as soon as practicable after the Shire resolved to impose rates in the financial year as well as when the rate record was amended to ensure the information in the record was current and correct.

Revenue recognised during the year under each basis of recognition by nature of goods or services is provided in the table below:

For the year ended 30 June 2025

Tor the year ended 50 burie 2020	Contracts with	Capital	Statutory

17	2,950,487	3,037,905
	5,207,092	5,721,554

MATERIAL ACCOUNTING POLICIES

Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

Restricted financial assets

Restricted financial asset balances are not available for general use by the local government due to externally imposed restrictions. Restrictions are specified in an agreement, contract or legislation. This applies to reserve accounts, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement.

4. OTHER FINANCIAL ASSETS

(a) Non-current assets

Financial assets at fair value through profit or loss

Units in Local Government House Trust - opening balance Movement attributable to fair value increment

Financial assets at fair value through profit or loss

Units in Local Government House Trust - closing balance

MATERIAL ACCOUNTING POLICIES

Financial assets at fair value through profit or loss

The Shire classifies the following financial assets at fair value through profit or loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- equity investments which the Shire has elected to recognise as fair value gains and losses through profit or loss.

	71,070	4,859	20,840

MATERIAL ACCOUNTING POLICIES

Rates and statutory receivables

Rates and statutory receivables are non-contractual receivables arising from statutory requirements and include amounts due from ratepayers for unpaid rates and service charges and other statutory charges or fines.

Rates and statutory receivables are recognised when the taxable event has occurred and can be measured reliably.

Trade receivables

Trade receivables are amounts receivable from contractual arrangements with customers for goods sold, services performed or grants or contributions with sufficiently specific performance obligations or for the construction of recognisable non financial assets as part of the ordinary course of business.

GST receivable

GST receivable represents the net amount of Goods and Services Tax (GST) paid by the Shire on eligible goods and services during the reporting period that is recoverable from the Australian Taxation Office (ATO).

Measurement

Note

Trade and other receivables are recognised initially at the amount of the transaction price, unless they contain a significant financing component, and are to be recognised at fair value.

Classification and subsequent measurement

2025

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

6. INVENTORIES

_	Note	2025	2024
Current		\$	\$
Liquid Fuels - Diesel		4,019	2,419
		4,019	2,419
The following movements in inventories occurred during the year:			
Balance at beginning of year		2,419	5,931
Inventories expensed during the year		(144,825)	(149,767)
Additions to inventory		146,425	146,255
Balance at end of year		4,019	2,419

MATERIAL ACCOUNTING POLICIES

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

7. OTHER ASSETS

Other assets - current Prepayments

2025	2024
\$	\$
54,752	54,570
54,752	54,570

MATERIAL ACCOUNTING POLICIES Other current assets

Other non-financial assets include prepayments which represent payments in advance of receipt of goods or services or that part of expenditure made in one accounting period covering a term extending beyond that period.

8. PROPERTY, PLANT AND EQUIPMENT

9. INFRASTRUCTURE (Continued)

(b) Carrying amount measurements

Asset class	Fair value hierarchy	Valuation technique	Basis of valuation	Date of last valuation	Inputs used
(i) Fair value - as determined at the last v	valuation date				
Infrastructure - roads	3	Cost approach using depreciated replacement cost	Management Value based around Independent Registered Valuer Report	June 2023	Construction costs, current conditions, residual values and remaining useful life assessments.
Infrastructure - footpaths	3	Cost approach using depreciated replacement cost	Management Value based around Independent Registered Valuer Report	June 2023	Construction costs, current conditions, residual values and remaining useful life assessments.
Infrastructure - drainage	3	Cost approach using depreciated replacement cost	Management Value based around Independent Registered Valuer Report	June 2023	Construction costs, current conditions, residual values and remaining useful life assessments.
Infrastructure - carparks	3	Cost approach using depreciated replacement cost	Management Value based around Independent Registered Valuer Report	June 2023	Actual construction costs, residual values, asset conditions and remaining useful life assessments

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used to determine the fair value of infrastructure using level 3 inputs.

10. FIXED ASSETS

(a) Depreciation

Depreciation rates

Typical estimated useful lives for the different asset classes for the current and prior years are included in the table below:

Asset class Land - freehold land Buildings - specialised Furniture and equipment Plant and equipment Tools and equipment	Sub Class	Component	Useful life Not depreciated 10 to 100 years 2 to 10 years 2 to 15 years 2 to 15 years
Right of Use - Land and building Infrastructure - Roads	Sealed	Pavement	Based on remaining lease 80 years
Infrastructure - Roads	Sealed	Formation	Not depreciated
Infrastructure - Roads	Sealed	Surface	15 to 60 years
Infrastructure - Roads	Unsealed	Pavement	10 years
Infrastructure - Roads	Unsealed	Formation (Formed/Unformed)	Not depreciated
Infrastructure - Roads	Drainage	Kerbs	40 years
Infrastructure - Roads	Drainage	Table Drains	Not depreciated
Infrastructure - Footpaths			50 years
Infrastructure - Drainage	Culvert	Box	80 years
Infrastructure - Drainage	Culvert	Circular	80 years

10. FIXED ASSETS (Continued)

MATERIAL ACCOUNTING POLICIES Initial recognition

An item of property, plant and equipment or infrastructure that qualifies for recognition as an asset is measured at its cost.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Local Government (Financial Management) Regulation 17A(5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Individual assets that are land, buildings and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the Shire's revaluation policy, are recognised at cost and disclosed as being at reportable value.

Measurement after recognition

Plant and equipment including furniture and equipment and right-of-use assets (other than vested improvements) are measured using the cost model as required under *Local Government (Financial Management) Regulation 17A(2)*. Assets held under the cost model are carried at cost less accumulated depreciation and any impairment losses being their reportable value.

Reportable value

In accordance with Local Government (Financial Management)
Regulation 17A(2), the carrying amount of non-financial assets that are
land and buildings classified as property, plant and equipment,
investment properties, infrastructure or vested improvements that the
local government controls.

Reportable value is for the purpose of *Local Government (Financial Management) Regulation 17A(4)* is the fair value of the asset at its last valuation date minus (to the extent applicable) the accumulated depreciation and any accumulated impairment losses in respect of the non-financial asset subsequent to its last valuation date.

Gains or losses on disposal

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

Depreciation

The depreciable amount of all property, plant and equipment and infrastructure, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Depreciation on revaluation

When an item of property, plant and equipment and infrastructure is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

(i) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset; or(ii) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

Impairmen

In accordance with Local Government (Financial Management)
Regulations 17A(4C), the Shire is not required to comply with
AASB 136 Impairment of Assets to determine the recoverable amount
of its non-financial assets that are land or buildings classified as
property, plant and equipment, infrastructure or vested improvements
that the local government controls in circumstances where there has
been an impairment indication of a general decrease in asset values.

In other circumstances where it has been assessed that one or more of these non-financial assets are impaired, the asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Revaluation

Land and buildings classified as property, plant and equipment, infrastructure or vested improvements that the local government controls and measured at reportable value, are only required to be revalued every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on land vested in the Shire.

Whilst the regulatory framework only requires a revaluation to occur every five years, it also provides for the Shire to revalue earlier if it chooses to do so.

For land, buildings and infrastructure, increases in the carrying amount arising on revaluation of asset classes are credited to a revaluation surplus in equity.

Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Subsequent increases are then recognised in profit or loss to the extent they reverse a net revaluation decrease previously recognised in profit or loss for the same class of asset.

11. LEASES

(a) Right-of-use assets

	Movement in the balance of each class of right-of-use asset between the beginning and the end of the current financial year.	Note	Right-of-use assets - land and buildings \$	Total right-of-use assets

(Current		8,517	,
I	Non-current		17,703	
		26(c)	26,220	34,521

Secured liabilities and assets pledged as security

Lease liabilities are effectively secured, as the rights to the leased assets recognised in the financial statements revert to the lessor in the event of default.

MATERIAL ACCOUNTING POLICIES

eases

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified for a period of time in exchange for consideration.

At the commencement date, a right-of-use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

All contracts that are classified as short-term leases (i.e. a lease with a term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Details of individual lease liabilities required by regulations are provided at Note 26(c).

Right-of-use assets - measurement

Right-of-use assets are measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost (i.e. not recognised in the Statement of Financial Position). The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which are reported at fair value.

Refer to Note 10 under revaluation for details on the material accounting policies applying to vested improvements.

Right-of-use assets - depreciation

Right-of-use assets are depreciated over the lease term or useful life of the underlying asset, whichever is the shorter. Where a lease transfers ownership of the underlying asset, or the cost of the right-of-use asset reflects that the Shire anticipates to exercise a purchase option, the specific asset is depreciated over the useful life of the underlying asset.

12. TRADE AND OTHER PAYABLES

35,757	25,184
983	1,143
1,065,789	732,872

MATERIAL ACCOUNTING POLICIES

Financial liabilities

Financial liabilities are initially recognised at fair value when the Shire becomes a party to the contractual provisions of the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and any consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are usually paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

Prepaid rates

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises income for the prepaid rates that have not been refunded.

	950,000	1,150,000

MATERIAL ACCOUNTING POLICIES

Contract liabilities

Contract liabilities represent the Shire's obligation to transfer goods or services to a customer for which the Shire has received consideration from the customer.

Contract liabilities represent obligations which are not yet satisfied. Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

Capital grant/contribution liabilities

2025

Capital grant/contribution liabilities represent the Shire's obligations to construct recognisable non-financial assets to identified specifications to be controlled by the Shire which are yet to be satisfied. Capital grant/contribution liabilities are recognised as income when the obligations in the contract are satisfied.

14. BORROWINGS

			2025		2024		
	Note	Current	Non-current	Total	Current	Non-current	Total
Secured		\$	\$	\$	\$	\$	\$

Total secured borrowings	26(a)	100,478	480,614	581,092	95,932	581,092	677,024

Secured liabilities and assets pledged as security

Debentures were secured by a floating charge over the assets of the Shire of Chapman Valley during the 2025 financial year.

The Shire of Chapman Valley has complied with the financial covenants of its borrowing facilities during the 2025 financial year.

MATERIAL ACCOUNTING POLICIES Borrowing costs

The Shire has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Borrowings fair values are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy (see Note 23(i)) due to the unobservable inputs, including own credit risk.

Risk

Details of individual borrowings required by regulations are provided at Note 26(a).

Provision is made for benefits accruing to employees in respect of wages and salaries, annual leave and long service leave and associated on costs for services rendered up to the reporting date and recorded as an expense during the period the services are delivered.

Annual leave liabilities are classified as current, as there is no unconditional right to defer settlement for at least 12 months after the end of the reporting period.

MATERIAL ACCOUNTING POLICIES

Employee benefits

The Shire's obligations for employees' annual leave, long service leave and other employee leave entitlements are recognised as employee related provisions in the Statement of Financial Position.

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

(b) Key management personnel (KMP) compensation				
The total of compensation paid to KMP of the Shire during the year are as follows:				
,				
Short-term employee benefits		808,760		768,335
Post-employment benefits		150,638		126,995
Employee - other long-term benefits		81,376		77,513
Council member costs	21(a)	102,792		87,117
	. ,	1,143,566	_	1,059,960

Short-term employee benefits

These amounts include all salary and fringe benefits awarded to KMP except for details in respect to fees and benefits paid to council members which may be separately found in the table above.

Post-employment benefits

These amounts are the current-year's cost of the Shire's superannuation contributions made during the year.

Other long-term benefits

These amounts represent annual leave and long service leave entitlements accruing during the year.

Council member costs

These amounts represent payments of member fees, expenses, allowances and reimbursements during the year.

21. RELATED PARTY TRANSACTIONS (Continued)

(c) Transactions with related parties

No transactions between related parties have occurred during the 2024/2025 financial year. If any transactions were to occur in future financial years, they will be subject to normal commercial terms and conditions, no more favourable than those available to other parties.

(d) Related parties

The Shire's main related parties are as follows:

i. Key management personnel

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the Shire, directly or indirectly, including any council member, are considered key management personnel.

ii. Other Related Parties

Outside of normal citizen type transactions with the Shire, there were no other related party transactions involving key management personnel and/or their close family members and/or their controlled (or jointly controlled) entities.

iii. Entities subject to significant influence by the Shire

There were no such entities requiring disclosure during the current or previous year.

22. EVENTS OCCURRING AFTER THE END OF THE REPORTING PERIOD

The Shire of Chapman Valley did not have any events occurring after the reporting date that have a significant effect on the financial statements.

23. OTHER MATERIAL ACCOUNTING POLICIES

a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the Shire applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that have a material effect on the statement of financial position, an additional (third) Statement of Financial Position as at the beginning of the preceding period in addition to the minimum comparative financial report is presented.

e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

f) Superannuation

The Shire contributes to a number of Superannuation Funds on behalf of employees. All funds to which the Shire contributes are defined contribution plans.

g) Fair value of assets and liabilities

Fair value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the machinement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

h) Interest revenue

Interest revenue is calculated by applying the effective interest rate to the gross carrying amount of a financial asset measured at amortised cost except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

i) Fair value hierarchy

AASB 13 Fair Value Measurement requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Laval 3

Measurements based on unobservable inputs for the asset or liability

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation technique

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of the service

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

j) Impairment of assets

In accordance with Australian Accounting Standards the Shire's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount except for non-financial assets that are:

- land and buildings classified as property, plant and equipment;
- infrastructure; or
- vested improvements that the local government controls, in circumstances where there has been an impairment indication of a general decrease in asset values.

These non-financial assets are assessed in accordance with the regulatory framework detailed in Note 10.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116 Property, Plant and Equipment) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

All reserves are supported by cash and cash equivalents and financial assets at amortised cost and are restricted within equity as Reserve accounts.

In accordance with council resolutions or adopted budget in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:

Name of reserve account

Restricted by legislation/agreement

(a) Cash-in-lieu of public open space reserve

Restricted by council

- (b) Leave reserve
- (c) Water reserve
- (d) Communication & information technologies reserve
- (e) Plant & light vehicle reserve
- (f) Legal reserve
- (g) Land development reserve
- (h) Infrastructure reserve
- (i) Building reserve

Purpose of the reserve account

To be used to set aside funds received from developers in lieu of land. The funds are to be used to purchase land open spaces including parks, recreation grounds and general spaces.

To be used to fund annual and long service leave requirements.

To be used for the construction and operational costs of facilities for fire fighting purposes.

To be used to replace Information and Communications Technology equipment.

To be used for the purchase of and/or major repair of major plant and light vehicles.

To be used to fund legal expenses incurred as a result of tribunals, hearings, litigation etc.

To be used for further subdivisional development in the Shire of Chapman Valley.

To be used to fund road and building infrastructure projects, including yet not limited to, natural disasters upfront or insurance excess costs, annual roadworks maintenance and construction works.

To be used for the construction of shire buildings or capital upgrades of existing buildings, including yet not limited to, covering insurance excess component of claims for repair/replace buildings.

28. TRUST FUNDS
