ROAD INFRASTRUCTURE COMMITTEE

Agenda

Meeting Date Thursday 21 March 2024 Meeting Time 11:00 am To be held at Chapman Valley Administration Office 3270 Chapman Valley Road, Nabawa WA 6532, Council Chambers.

ACKNOWLEDGEMENT OF COUNTRY

The Shire of Chapman Valley would like to respectfully acknowledge the Naaguja peoples who are the traditional owners and first people of the land on which we stand.

We would like to pay our respect to the elders past, present and emerging for they hold the memories, the traditions, the culture and hopes of the Naaguja peoples.

DISCLAIMER

No responsibility whatsoever is implied or accepted by the Shire of Chapman Valley for any act, omission or statement or intimation occurring during Council Meeting. The Shire of Chapman Valley disclaims any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement or intimation occurring during Council of Committee Meetings.

Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council Meeting does so at that person's or legal entity's own risk.

The Shire of Chapman Valley warns that anyone who has any application or request with the Shire of Chapman Valley must obtain and should rely on written confirmation of the outcome of the application or request of the decision made by the Shire of Chapman Valley.

COMMITTEE PURPOSE & DELEGATIONS

Undertake an annual review of the following:

- Road Works Program
- Road Hierarchy
- Heavy Haulage Vehicle Permit Roads
- Any other works infrastructure item referred to the Committee by Council
- Review the plant replacement program
- Delegations Nil

4 Disclosure of Interest

Local Government Act 1995 Administration Part 5

Disclosure of financial interests and gifts Division 6

s. 5.59

Members should fill in Disclosure of Interest forms for items in which they have a financial, proximity or impartiality interest and forward these to the Presiding Member before the meeting commences.

Section 5.60A:

"a person has a financial interest in a matter if it is reasonable to expect that the matter will, if dealt with by the local government, or an employee or committee of the local government or member of the council of the local government, in a particular way, result in a financial gain, loss, benefit or detriment for the person."

Section 5.60B:

"a person has a proximity interest in a matter if the matter concerns -

(a) a proposed change to a planning scheme affecting land that adjoins the person's land; or (b) a proposed change to the zoning or use of land that adjoins the person's land; or (c) a proposed development (as defined in section 5.63(5)) of land that adjoins the person's land."

Regulation 34C (Impartiality):

"interest means an interest that could, or could reasonably be perceived to, adversely affect the impartiality of the person having the interest and includes an interest arising from kinship, friendship or membership of an association."

5 Petitions/Deputations/Presentations

5.1 Petitions

The Council has not received any petitions at the time of writing this report

5.2 Presentations

The Council does not anticipate any presentations at the time of writing this report.

5.3 Deputations

The Council has not received any deputations at the time of writing this report.

6 Confirmation of Minutes from previous meetings

Recommendation

That the Minutes of the Road Infrastructure Committee Meeting held on 16 March 2023 be confirmed as true and accurate.

CARRIED UNANIMOUSLY

Minute Reference RIC 2023/03-2

Disclosure of Interest

No officer declared an interest under the Local Government Act 1995, Subdivision 1 (LGA 1995) in the preparation of this report.

Background

The purpose of this Item is to present the Committee the current endorsed *Road Hierarchy Management Procedure (IMP-025)* for discussion and review.

Council dealt with the Road Hierarchy Procedure (IMP-025) in isolation with the following being resolved the following at the March 2021 OCM:

"Minute Reference RIC 03/22-2

The Road Infrastructure Committee recommends Council endorses the Road Hierarchy Procedure (IMP-025) as presented at Attachment 9.1(a) without change."

The current Shire of Chapman Valley endorsed roads/routes under the Roads 2040 Strategies for Significant Local Government Roads in the Mid West Region are as follows:

- Coronation Beach Road
- Balla Whelarra Road
- Dartmoor/Dartmoor Lake Nerramyne Route
- Durawah Road/Station Road (between Durawah & Station Valentine Rd Junctions)/Station Valentine Route
- Chapman Valley Road
- East Bowes Road
- East Chapman Road
- East Nabawa Road
- Narra Tarra Road
- Northampton Nabawa Road
- Valentine Road
- Yuna Tenindewa Road

An application has been lodged with the MWRRG for the Nabawa Yetna Road (Tip Road) to also be considered a Significant Local Government Road as this road is currently recognised as a Local Distributor road in the Main Roads WA latest *Road Hierarchy for Western Australia* document. This listing should give the application support, yet the determining factors will be how the road meets the current assessment criteria set by the MWRRG for road to be considered Significant Local Government Road.

The MWRRG Assessment Criteria can be found at Appendix 1 of the MWRRG Policy & Procedures Manual (see <u>Attachment C</u> in Management Procedure IMP-025 (Refer to attachment Road Hierarchy Procedure IMP-025)

Comment

The existing *Road Hierarchy Procedure (IMP-025)* has all the roads within the Shire of Chapman Valley the local government is responsible for place into the following categories:

- A. Main Arterial Roads (Significant Roads and approved by the RRG only);
- B. Main Feeder Roads;
- C. Minor Feeder Roads;
- D. Major Access Roads; and
- E. Minor Access Roads

A copy of the *Road Hierarchy Procedure (IMP-025)* is provided as **Attachment Road Hierarchy Procedure IMP-025** under separate cover.

Statutory Environment

No Financial Implications Identified.

Policy/Procedure Implications

A Policy or Procedure is affected:

Works and Services Policy & Procedures

Financial Implications

No Financial Implications Identified.

Strategic Implications

It is imperative Council carefully considers where resources are allocated in future road works programs to ensure the higher priority roads are catered for. As previously mentioned, the Shire's Road Hierarchy identifies the priority roads into the following categories:

- A. Main Arterial Roads (Significant Roads and approved by the MWRRG only);
- B. Main Feeder Roads;
- C. Minor Feeder Roads;
- D. Major Access Roads; and
- E. Minor Access Roads

It is also important the process stipulated in Corporate Management Procedure IMP-017 to amend the Road Hierarchy is adhered to. This will ensure the integrity of the Road Hierarchy list and therefore the integrity of how Council allocates its resources to road works within the Shire.

Strategic Community Plan/Corporate Business Plan Implications

COMMUNITY HEALTH & LIFESTYLE

- 1.4 Maintain and enhance community safety and security.
- 1.4.1 Maintain safe roads and infrastructure.

Consultation

The Chief Executive Officer consulted with the Manager Works & Services and Works Leading Hand when reviewing the Road Hierarchy presented to Council.

Risk Assessment

An Insignificant Service Disruption Risk of Level 1 - Which will likely resulting in no material Ly resulting service disruption.

An Insignificant Property Risk of Level 1 - Likely resulting in inconsequential or no damage.

Disclosure of Interest

No officer declared an interest under the Local Government Act 1995, Subdivision 1 (LGA 1995) in the preparation of this report.

Background

The purpose of this item is to present Councillors with a proposed 2023/2024 & Ten-Year Road Works Programs for consideration.

Determination from the Road Infrastructure Committee will form a recommendation to Council for consideration and endorsement for allocation of funding to the forthcoming Draft Budget.

Comment

Council resolved the following at the February 2022 OCM:

ROAD INFRASTRUCURE COMMITTEE /STAFF RECOMMENDATION (Option 2)

The Road Infrastructure Committee recommends Council endorse the 10 Year Road Works Program 2022/23 to 2031/2032 as presented at **Attachment 9.2(a)** with the following changes and this Program be used as a basis for resource allocation into the Draft 2022/2023 Budget:

- Include gravel sheeting of Nanson Showground internal track to Chapman Valley Agricultural Society
- 2. Include gravel sheeting of Wandana and Newmarracarra Roads
- 3. Include Nanson Showgrounds access track within Minor Maintenance Program

Voting F6/A0

CARRIED

Minute Reference RIC 02/22-5

Proposed 2023/2024 Road Works Program

It is hoped all road projects scheduled for 2022/2023 will be completed; however, there is invariably slippages in the program of works estimated timeline and the recommended 2023/2024 Roadworks Program will always attempt to adhere to Council priorities i.e.

- Priority 1 Grant funded projects
- Priority 2 Own resource projects (carried over & new)
- Priority 3 Maintenance works

It must be understood in reality road work maintenance issues at times will take precedence over other road works projects (e.g. own resource projects).

The Mid West Regional Road Group (MWRRG) projects have been approved by the Mid-West Regional Road Group and formal notification has been received from Main Roads WA advising of the projects the Shire will be funded for in 2023/2024. Therefore, these particular projects cannot be adjusted.

MWRRG grant applications are lodged with Main Roads WA (MRWA) by the 31st August each year. The Shire of Chapman Valley submission in accordance with Council's approved Ten Year Road Works Program with the approved projects, estimated costs and score for 2022/2023 being as follows in **Attachment 2023-24 Capital Roadwork Program**:

The MWRRG Policies and Procedures include the following restrictions:

- \$300,000 Maximum allowable grant fund per individual project;
- Every LGA will have there highest priority project funded, irrespective of the project score
- 20% of Pool Residual after every LGAs first project costs are deducted from the total Pool amount.

These conditions have been changed and will be affective from the 2023/2024 as it was felt by the MWRRG a few LGAs where continually receiving the maximum allocation of 20% of the Total Pool, resulting in those LGAs with the lower scoring projects not getting funding, other than the minimum amount set of \$150,000.

Based on the 2023/2024 total pool estimated amount of \$8,758,237 the maximum an LGA can take from the Pool, under the new conditions, in 23/24 is \$963,733. Therefore the Shire of Chapman Valleys approved projects for 2023/2024 is this maximum amount available

Below is a comparison of RRG grants received over past years:

14/15 - \$573,333

15/16 - \$371,000

16/17 - \$1,083,334

17/18 - \$1,162,000

18/19 - \$1,170,666

19/20 - \$1,140,333

20/21 - \$1,200,000

22/23 - \$1,009,060

23/24 - \$1,068,000

As mentioned last year, it was expected the Shire's ability to attract similar MWRRG Grant Funds in 22/23 and future years was expected to diminish from previous years due to amendments to the grant fund allocation guidelines.

The R2R Funding Program will continue for a further four years after 20/21 (i.e. the current Program ends in 2023/2024) at the anticipated current rate of \$328,620 per financial year.

The *Proposed 10 Year Road Works Program (2022/2023 to 2031/2032)* reflects the anticipated MWRRG & R2R grant funding. However, it must be understood this funding could vary as MWRRG grant funds are annually contestable and R2R grant funds are not guaranteed beyond 2023/2024.

Ten (10) Year Road Works Program

Attached is the <u>Proposed</u> 10 Year Road Works Program adding the year 2031/2032, Chapman Valley Reseal Program, Chapman Valley Priority 2-3 Own Resources Program & 22-23 200k Purchase Orders

The CEO, Manager Works & Service (Esky Kelly) and the Works Leading Hand (Marty Elks) have reviewed the Program.

The Proposed 10 Year Road Works Program continues to reflect the following:

- The opportunity to attract MWRRG grant funds for recognised Significant Roads within the Shire of Chapman Valley may diminish over the period of the ten-year program.
- The opportunity to attract MWRRG grant funds for recognised Significant Roads within the Shire of Chapman Valley may gradually revert to reseal project, which are basically 100% external costs (materials & contract) and will not assist with supporting the Shire own internal costs (i.e. labour, plant, etc.).
- 3. As the MWRRG grant funds projects drop off, less external funds will be available and more internal own resource road works projects will be undertaken (e.g. Gravel Sheeting on roads not recognised as MWRRG Significant Roads).
- 4. The previously endorsed list of gravel sheeting roads from the Shire's own resources has not been altered in order of priority from the current program.

- 5. The previously endorsed list of reseal program from grants and the Shire's own has not been altered in order of priority from the current program.
- 6. There has been an effort to spread the effect of less MWRRG grants across the whole 10-year period, rather than the alternative of a sudden loss of grant funds from this source.
- 7. The issue of external funds (e.g. grants, contributions) covering the contract and materials costs for the annual road works program also needed to be address. An average contract & materials component has been calculated using historical data for the type of works; however, this can fluctuate when a more detailed cost analysis is undertaken for each specific project.

Therefore, based on the historical data, the *Proposed 10 Year Road Works Program* has been continued to calculate the differential between Contracts & Materials – v – Grant/Contributions received. Again, the proposed program has attempted to ease the effect of grants being a source to fully cover contracts & materials and to supplement the Shire internal resource costs (labour, plant, etc.).

- 8. In previous programs the ten-year programs includes an annual amount for "Additional Employee Costs & Contract/Materials Contingency". This pool of funds is made up of the following components:
- \$75,000 Casuals and Guaranteed & Additional overtime paid to road works crew as required; and
- ii. \$200,000 External contingency used to hire external contractors and purchase materials as required (this amount can vary).

The proposed program continues to quarantine the \$75,000 for casuals and guaranteed & additional overtime components every year, yet uses the \$200,000 contracts/materials contingency as a balancing aid across the program. Therefore, it will be noted how this figure continues to fluctuate across the ten-year period. The 2022/2023 program has \$250,000 allocated i.e.

- \$75,000 Casuals and Guaranteed & Additional overtime paid to road works crew as required; and
- ii. \$175,000 External contingency used to hire external contractors and purchase materials as required
 - 9. The concept of placing funds into the Roadworks Reserve Fund to assist with funding the proposed program of works in years the later years of the Program has been retained.

Page 16 of 26

Statutory Environment

Budgetary Implications

The budget will be affected in the following ways:

Policy/Procedure Implications

A Policy or Procedure is affected:

Works and Services Policy & Procedures

Attached IMP - 20 MIDWEST REGIONAL ROAD GROUP (MWRRG) - SIGNIFICANT ROAD POLICY

Attached IMP - 17 ROAD WORK FUNDING ALLOCATION PROCESS

Financial Implications

Budgetary Implications

The budget will be affected in the following ways:

Road program cost will be reflected in the 2023/24 Annual Budget

Strategic Implications

It is imperative Council carefully considers where resources are allocated in future road works programs to ensure the higher priority roads are catered for. The Shires Road Hierarchy identifies the priority roads into the following categories:

- A. Main Arterial Roads (Significant Roads approved by the MWRRG only);
- B. Main Feeder Roads;
- C. Minor Feeder Roads;
- D. Major Access Roads; and
- E. Minor Access Roads

The Road Hierarchy list will be reviewed as part of the Road Infrastructure Committees purpose and is listed for discussion at Agenda Item 9.1.

Strategic Community Plan/Corporate Business Plan Implications

COMMUNITY HEALTH & LIFESTYLE

- 1.4 Maintain and enhance community safety and security.
- 1.4.1 Maintain safe roads and infrastructure.

Consultation

The Chief Executive Officer conferred with the Consultant Engineer, Manager Works & Services and Works Leading Hand when developing the *Proposed Ten-Year Road Works Programs* presented to Council.

Risk Assessment

A Moderate Health Risk of Level 3 - Which could result in medical type injuries.

Attachment IMP-017 ROAD WORK FUNDING ALLOCATION PROCESS

Attachment IMP-022 HEAVY HAULAGE VEHICLE PERMITS

Attachment IMP-025 ROAD HIERACHY PROCEDURE

Financial Implications

Budgetary Implications

The budget will be affected in the following ways:

Road works is the largest income and expenditure component of the Shires operations, which makes it important to ensure the limited resources made available by grants and those allocated by Council to this function are maximized.

Strategic Implications

It is imperative Council carefully considers where resources are allocated in future road works programs to ensure the higher priority roads are catered for.

Strategic Community Plan/Corporate Business Plan Implications COMMUNITY HEALTH & LIFESTYLE

- 1.4 Maintain and enhance community safety and security.
- 1.4.1 Maintain safe roads and infrastructure.

Consultation

The Chief Executive Officer conferred with the Manager Works & Services and Works Leading Hand when reviewing the Heavy Haulage Vehicle Permit Roads Management Procedure presented to the Committee.

Attachment RAV Ratings & Speed Conditions

Risk Assessment

An Insignificant Health Risk of Level 1 - Which could result in negligible injuries.

Disclosure of Interest

No officer declared an interest under the Local Government Act 1995, Subdivision 1 (LGA 1995) in the preparation of this report.

Background

The Shire's *Plant Replacement Program* is reviewed annually to assist with the development of the Annual Budget for the forthcoming year. This review is also to consider the effect of the Long Term Financial Plan (LTFP) which has plant replacement as an aspect to its overall costs estimates within the Plan.

Council resolved the following at the February 2022 OCM:

The Road Infrastructure Committee recommends Council endorses the *Proposed Plant Replacement Program* as presented at *Attachment 9.4(a)* with the following changes and request the Chief Executive Officer use this Program as a basis for resources to be allocated in the forthcoming budget

- 1. Include a quote on catchers for mowers
- 2. Include Traffic Management Lights
- 3. Increase the value of purchase for the Prime Mover by \$40,000

Voting F6/A0

Minute Reference RIC 02/22-9

The Plant Replacement Program was presented to the 22/23 Budget Workshops and again at the Special Meeting of Council where the 22/23 Budget was formally adopted. The Program was adjusted to reflect the decisions and determinations at these meetings.

Comment

As previously reported, the most recent fair value review of the Shire's Plant & Equipment indicated Council's standard of plant is high in comparison to similar type and sized local government authorities. Though such an outcome is welcomed it is important Council is mindful of not letting the life and standard of key items of plant and equipment to extend to the point this effects the organisations operational needs.

Statutory Environment

N/A

Policy/Procedure Implications

No Policy or Management Procedure affected.

Financial Implications

Budgetary Implications

The budget will be affected in the following ways:

It is important Council annually review its *Plant Replacement Program* to ensure an informed decision-making process is evident when allocating resources update the Asset Management Plan, which is integrated with updates to the Long Term Financial Plan and the Annual Draft Budgets for the change-over/upgrading of Council's plant & equipment.

Strategic Implications

It is strategically sound for Council to have a robust and realistic Plant Replacement Program.

Strategic Community Plan/Corporate Business Plan Implications COMMUNITY HEALTH & LIFESTYLE

- 1.4 Maintain and enhance community safety and security.
- 1.4.1 Maintain safe roads and infrastructure.

Consultation

The Chief Executive Officer consulted with the Manager Works & Services and Works Leading Hand when developing the Proposed Plant Replacement Program presented to Council.

Changes to the current Plant Replacement Program are tracked on the Proposed Plan provided as **Attachment Proposed Plant Replacement Program 2023**.

Risk Assessment

A Minor Financial Impact Risk of Level 2 - Which will likely be between \$1,001 to \$10,000.

A Minor Service Disruption Risk of Level 2 - Which will likely result in short term temporary interruptions with backlogs cleared in less than one day.

2:56 pm - Cr Nicole Batten left the meeting.

9 Urgent Business Approved by the Presiding Member or by a Decision of the Committee

Nil

10 Closure

The Shire President thanked Elected Members and Staff for their attendance and closed the Road Infrastructure Committee Meeting at 2:59 pm.

Staff Recommendation

STAFF RECOMMENDATION (Option 1)

The Road Infrastructure Committee recommends Council endorses the *Road Hierarchy Procedure (IMP-025)* as presented at *Attachment 8.1.1* without change.

- OR -

STAFF RECOMMENDATION (Option 2)

The Road Infrastructure Committee recommends Council endorses the *Road Hierarchy Procedure (IMP-025)* as presented at *Attachment 8.1.1* with the following Changes:

- 1.
- 2.

Disclosure of Interest

No officer declared an interest under the Local Government Act 1995, Subdivision 1 (LGA 1995) in the preparation of this report.

Background

The purpose of this Item is to present the Committee the current endorsed *Road Hierarchy Management Procedure (IMP-025)* for discussion and review.

Council dealt with the Road Hierarchy Procedure (IMP-025) in isolation with the following being resolved the following at the March 2021 OCM:

"Minute Reference RIC 03/23-2

The Road Infrastructure Committee recommends Council endorses the Road Hierarchy Procedure (IMP-025) as presented at Attachment 9.1(a) without change."

The current Shire of Chapman Valley endorsed roads/routes under the Roads 2040 Strategies for Significant Local Government Roads in the Mid West Region are as follows:

- Coronation Beach Road
- Balla Whelarra Road
- Dartmoor/Dartmoor Lake Nerramyne Route
- Durawah Road/Station Road (between Durawah & Station Valentine Rd Junctions)/Station Valentine Route
- Chapman Valley Road
- East Bowes Road
- East Chapman Road
- East Nabawa Road
- Narra Tarra Road
- Northampton Nabawa Road
- Valentine Road
- Yuna Tenindewa Road
- Nabawa Yetna Road
- Ogilvie East Road (Shire of Northampton) / Nolba Stock Route / Nolba Stock Route
 Road / Nolba Road Note multiple roads classified as a route

While the Nabawa Yetna Road & Nolba Stock Route / Nolba Stock Route Road / Nolba Road have been added (subject to approval) to the Roads 2040 list, there is no real need to change their status on the Road Heirachy table at this stage. This may change once the roads are upgraded and usage increases.

The MWRRG Assessment Criteria can be found at Appendix 1 of the MWRRG Policy & Procedures Manual (see <u>Attachment C</u> in Management Procedure IMP-025 (Attachment 8.1.1)

Comment

The existing *Road Hierarchy Procedure (IMP-025)* has all the roads within the Shire of Chapman Valley the local government is responsible for place into the following categories:

- A. Main Arterial Roads (Significant Roads and approved by the RRG only);
- B. Main Feeder Roads;
- C. Minor Feeder Roads;
- D. Major Access Roads; and
- E. Minor Access Roads

A copy of the *Road Hierarchy Procedure (IMP-025)* is provided as *Attachment 8.1.1* under separate cover.

In addition to the aforementioned Procedure, Council has also adopted the following Management Procedure (IMP-017) regarding the *Road Funding Allocation Process:*

| MANAGEMENT | IMP-017 |
|----------------------|--------------------------------------|
| PROCEDURE No. | |
| MANAGEMENT | ROAD WORK FUNDING ALLOCATION PROCESS |
| PROCEDURE | |
| RESPONSIBLE OFFICER | CHIEF EXECUTIVE OFFICER |
| PREVIOUS | 15.220 |
| POLICY/PROCEDURE No. | |
| RELEVANT DELEGATIONS | |

OBJECTIVES:

To set guidelines and procedures for categorising road hierarchy network and funding allocation priorities

MANAGEMENT PROCEDURE STATEMENT/S:

- 1. Council review existing Road Hierarchy List based upon Councillor(s) submissions and staff recommendation(s).
- 2. Council review existing Regional Road Group priorities based upon Councillor(s) submissions and staff recommendation(s).
- 3. Council reviews other grant programs (e.g. Black Spot, R2R) based upon Councillor(s) submissions and staff recommendation(s).
- 4. Taking into account the delegations under Infrastructure Policy IMP-022, Council review existing Heavy Haulage Roads.
- 5. Council review existing Program of Road Works based Councillor(s) submissions and upon staff recommendation(s).
- 6. Councillors retain the right to present, and justify, changes to any of the above either via Chief Executive Officer's report or directly to the meeting.
- 7. No changes to be made to any of the above unless fully endorsed by Council.

Statutory Environment

Long Term Financial Plan

No major effect is anticipated on the Long Term Financial Plan.

Policy/Procedure Implications

A Policy or Procedure is affected:

Works and Services Policy & Procedures

Financial Implications

Long Term Financial Plan

No major effect is anticipated on the Long Term Financial Plan.

Road Works remains the largest expenditure component of the Shires operations, which makes it important to ensure the limited resources made available by grants and those allocated by Council to this function are maximised.

Strategic Implications

It is imperative Council carefully considers where resources are allocated in future road works programs to ensure the higher priority roads are catered for. As previously mentioned, the Shire's Road Hierarchy identifies the priority roads into the following categories:

- A. Main Arterial Roads (Significant Roads and approved by the MWRRG only);
- B. Main Feeder Roads;
- C. Minor Feeder Roads;
- D. Major Access Roads; and
- E. Minor Access Roads

It is also important the process stipulated in *Corporate Management Procedure IMP-017* to amend the Road Hierarchy is adhered to. This will ensure the integrity of the *Road Hierarchy* list and therefore the integrity of how Council allocates its resources to road works within the Shire.

Strategic Community Plan/Corporate Business Plan Implications

COMMUNITY HEALTH & LIFESTYLE

- 1.4 Maintain and enhance community safety and security.
- 1.4.1 Maintain safe roads and infrastructure.

PHYSICAL & DIGITAL INFRASTRUCTURE

- 4.1 Develop, manage, and maintain built infrastructure.
- 4.1.1 Asset Management Plan.

PHYSICAL & DIGITAL INFRASTRUCTURE

- 4.2 Manage and maintain roads, drainage, and other essential infrastructure.
- 4.2.1 Capital Road Works Programs.

Consultation

The Chief Executive Officer consulted with the Manager Works & Services and Works Leading Hand when reviewing the Road Hierarchy presented to Council.

Risk Assessment

An Insignificant Service Disruption Risk of Level 1 - Which will likely resulting in no material service disruption.

A Minor Reputational Risk of Level 2 - Which will likely result in substantiated, low impact, low news item.

ATTACHMENT 9.1(a)

| 3. Degree of Connectivity | Predominantly connects to other Primary and Distributor roads. | High. Predominantly connects to Primary and/or other Distributor roads. | High. Predominantly connects to Category A roads. | Medium. Predominantly connects to Category B roads. | Medium. Predominantly connects to Category C roads | Low. Provides mainly for property access. |

Road Infrastructure Committee 21 March 2024 - Agenda

Att: 8.1.1 Att Road Hierarchy Procedure (IM P-025)

| 4. Predominant Purpose | Movement of inter-regional and/or cross town/city traffic e.g. freeways, highways and main roads. | Roads recognized under the Midwest Roads 2030 Regional Strategy for Significant Roads. Criteria specified for this Road Type as stipulated by the Mid West Regional Road Group is shown at <i>Attachment C</i> . | High order local government roads, which perform a similar function to Category A roads yet with reduced capacity. These are roads ineligible and not recognised in the Midwest Roads 2030 Regional Strategy as Significant Roads, yet form a main feeder role within the Shire's road network to/from Primary Distributor (PD) & Main Arterial (Category A) roads. These roads will also have: Significant commercial agricultural activity to road and feeder roads; Significant collector road for PD & A Category roads | Roads which are not PD, Category A or B yet which link to/from these roads for efficient movement of people and goods within the Shire. These are medium order local government roads which provide for: • lower number of properties servicing commercial agricultural activities; • Access to a specific facility; • Local traffic only. | Connect predominantly to other Shire Roads as access routes only. Not district (shire) local feeder roads, yet which are designed for efficient movement of people and goods from properties to PD, Category A, B or C roads These are lower order local government roads which provide for: • lower number of properties servicing commercial agricultural activity than Category C roads; • Local traffic only. | Provide local access to abutting properties and predominantly link (yet not limited to) Category D roads. Includes unformed roads/tracks within a road reserve used by the public |
|-------------------------------------|---|--|--|--|---|--|
| 5. Indicative Traffic Volume (AADT) | In accordance with Classification Assessment Guidelines. | In accordance with the Significant Roads Categories & Road Type Description sections of the Mid West Regional Road Group Policy & Procedures Manual (See Extract from MWRRG Policy Manual at Attachment B) | Not specified, yet should be greater than C; D & E category Roads | Not specified, yet should be greater than D & E category Roads | Not specified, yet should be greater than E Category Roads | Not specified. |
| Recommended Operating Speed | 50 – 110 km/h (depending on design characteristics). | 50 – 110 km/h (depending on design characteristics, RAV conditions). | 50 – 110 km/h (depending on design characteristics, RAV conditions). | 50 – 110 km/h (depending on design characteristics, RAV conditions). | 50 – 110 km/h (depending on design characteristics, RAV conditions). | 50 – 110 km/h (depending on design characteristics, RAV conditions). |
| 7. Heavy Vehicles permitted | Yes. (as determined by MRWA Heavy Vehicle Services) | Yes. (Subject to RAV Category & Conditions) | Yes. (Subject to RAV Category & Conditions) | Yes. (Subject to RAV Category & Conditions) | Yes. (Subject to RAV Category & Conditions) | Yes. (Subject to RAV Category & Conditions) |

Road Infrastructure Committee 21 March 2024 - Agenda

Att: 8.1.1 Att Road Hierarchy Procedure (IM P-025)

| 8. Intersection treatments | Controlled with appropriate measures e.g. high-speed traffic management, signing, line marking, grade separation. | Controlled with measures such as signing and line marking where appropriate. Line marking installs in accordance with MRWA guidelines. | Controlled with minor Local Area Traffic Management or measures such as signing. | Controlled with minor Local Area Traffic Management or measures such as signing. | Controlled with minor Local Area Traffic Management or measures such as signing or Self-controlling with minor measures. | Controlled with minor Local Area Traffic Management or measures such as signing or Self-controlling with minor measures. |

DEFINITIONS/ACRONYMS

| AADT | Annual Average Daily Traffic |
|--------------------|---|
| ESA | Equivalent Standard Axles |
| Built Up Areas | See Note 3 below. The criteria was provided by the Western Australian Local Government Grants Commission (WALGGC). |
| MWRRG | Mid West Regional Road Group |
| MRWA | Main Roads Western Australia |
| Primary Criteria | A road, or road section, must meet all of these criteria to qualify for the category. |
| Secondary Criteria | These criteria are provided as indicators of the likely characteristics of a road designated under a particular road type. Ideally, a road should have all of these characteristics, but it is recognised that is unlikely to occur in a number of instances, particularly for traffic volumes in rural areas. |
| VPD | Vehicles Per Day |

NOTES

- 1. The type designated to each road should represent the <u>role that the road is intended</u> to perform. It may not necessarily reflect the current conditions on the road.
- 2. Declared Roads under the Main Roads Act ('highways' and 'main roads')
- 3. Built Up Areas (as defined by the Western Australian Local Government Grants Commission) Built up areas are identified because roads within them generally involve greater expenditure than roads in non-built up areas. This is because roads in built up areas:
 - have high traffic volumes;
 - have large numbers of intersections, necessitating intersection treatments, pavement markings, signs, etc.;
 - require kerbing for traffic control and or drainage;
 - require an asphalt surface where traffic volumes are high, or where noise reduction is important;
 - require underground drainage because surface drainage is impractical;
 - involve high cost of service alterations during reconstruction;
 - involve high costs because road works have to be carried out under heavy traffic.

The following definition is intended to limit built up areas to localities where the above conditions prevail.

Residential localities, which have lots with areas less than 0.45 ha, and commercial and industrial areas that meet the following criteria are classed as built up:

- at least half the blocks are developed;¹
- existing roads have a minimum standard of a gravel road for old subdivisions and a sealed road for new subdivisions.

Areas serving sporting complexes, schools and caravan parks are classed as built up where:

- they are located in an area which is developed as residential; or
- the existing roads serving these facilities are already sealed and kerbed.

A road connecting two built up areas is classed as a road in a built-up area where the connecting road is less than 300m in length.

Page 46 of 84

¹ Roads within new subdivisions being developed in accordance with a Structure Plan should be designed and constructed in accordance with the planned use of the road once the area is fully developed. They should be categorised on the basis of the intended purpose.

ATTACHMENT A

DESCRIPTION & FUNCTION OF ROAD HIERARCHY CATEGORIES

| Road Category | Description | Function |
|------------------|---|---|
| | WA Responsibility | |
| PD | Primary Distributor | Provide for major regional and inter-regional traffic movement and carry large volumes of generally fast-moving traffic. Some are strategic freight routes and all are State Roads. They are managed by Main Roads Western Australia. |
| Shire of Cha | apman Valley Responsibility | |
| A | Main Arterial (Significant Roads 2030) | Roads recognized under the Midwest Roads 2030 Regional Strategy for Significant Roads. Criteria specified for this Road Type as stipulated by the Mid West Regional Road Group is shown at Attachment C. |
| В | Main Feeder Roads | High order local government roads, which perform a similar function to Category A roads yet with reduced capacity. These are roads ineligible and not recognised in the Midwest Roads 2030 Regional Strategy as Significant Roads, yet form a main feeder role within the Shire's road network to/from Primary Distributor (PD) & Main Arterial (Category A) roads. These roads will also have: Significant commercial agricultural activity to road and feeder roads; Significant collector road for PD & A Category roads |
| С | Minor Feeder Roads | Roads which are not PD, Category A or B yet which link to/from these roads for efficient movement of people and goods within the Shire. These are medium order local government roads which provide for: • lower number of properties servicing commercial agricultural activities; • Access to a specific facility; • Local traffic only. |
| D | Major Access Roads | Connect predominantly to other Shire Roads as access routes only. Not district (shire) local feeder roads, yet which are designed for efficient movement of people and goods from properties to PD, Category A, B or C roads These are lower order local government roads which provide for: • lower number of properties servicing commercial agricultural activity than Category C roads; • Local traffic only. |
| E | Minor Access Roads | Provide local access to abutting properties and predominantly link (yet not limited to) Category D roads. Includes unformed roads/tracks within a road reserve used by the public |

ATTACHMENT C

MID WEST REGIONAL ROAD GROUP REGIONAL STRATEGY FOR SIGNIFICANT ROADS CRITERIA

1. Freight & Community Access

- 1.1 Roads connecting areas of significant population (>500).
- 1.2 A road which performs a district distributor function in major urban centres.
- 1.3 A road which forms part of an inter-regional route.
- 1.4 A road which links inter-regional or regional routes.
- 1.5 The development of parallel routes should be avoided.
- 1.6 A road which connects major transport terminals or connects a major transport terminal to a major route.
- 1.7 A road which serves a major resource or industrial site.
- 1.8 A road providing access to regional institutions or community service centres.
- 1.9 A road used for hauling grain from an off-road rail bin to a rail head.
- 1.10 A road which forms part of a regional heavy haulage route.
- 1.11 A road which provides access to a remote community with a population of more than 250.
- 1.12 A road which is the only land access between a remote community (population more than 50) and at least one town centre.

2. Tourism/Recreation

- 2.1 Roads which provide access to tourist attractions or recreation areas of State or regional significance.
- 2.2 Roads which form part of a State or regionally significant tourist drive.
- 2.3 Roads which have a high visual quality proven through a formal visual assessment using a methodology approved by the Australian Institute of Landscape Architects.
- 2.4 Roads which connect the region with a significant tourist destination and give travel time and distance savings.

3. Road Function

Whether the road services predominantly through traffic or local traffic.

DEFINITIONS

Regional Route: Shall be defined as a road that provides a connection between inter-regional routes or between areas of significant population.

Inter-Regional Route: Shall be defined as a road that provides the main connection between this

region, other regions in the State and interstate.

Major Route: A road which provides both regional and inter-regional access.

Staff Recommendation

STAFF RECOMMENDATION (Option 1)

The Road Infrastructure Committee recommends Council to endorse:

- 1. The 10 Year Road Works Program 2024/25 to 2031/2032 as presented at Attachment Proposed 10 year RW Program without change
- 2. The LRCIP Roads Funding for East Chapman & Eliza Shaw Drive and this Program be used as a basis for resource allocation into the Draft 2024/2025 Budget.
- The actions of the CEO in presenting the Nabawa-Yetna Road and Ogilvie East Road (Shire of Northampton)/ Nolba Stock Route / Nolba Stock Route Road / Nolba Road to the Batavia Regional Road Group for endorsement on the Roads 2040 document.

-OR

STAFF RECOMMENDATION (Option 2)

The Road Infrastructure Committee recommends Council endorse:

- The 10 Year Road Works Program 2024/25 to 2031/2032 as presented at
 Attachment Proposed 10 year RW Program with the following changes and this
 Program be used as a basis for resource allocation into the Draft 2024/2025 Budget:
- 2. The LRCIP Roads Funding for East Chapman & Eliza Shaw Drive and this Program be used as a basis for resource allocation into the Draft 2024/2025 Budget.

Disclosure of Interest

No officer declared an interest under the Local Government Act 1995, Subdivision 1 (LGA 1995) in the preparation of this report.

Background

The purpose of this Item is to present Councillors with a proposed 2024/2025 & Ten-Year Road Works Programs for consideration.

Determination from the Road Infrastructure Committee will form a recommendation to Council for consideration and endorsement for allocation of funding and resources to the forthcoming Draft Budget.

Comment

Council resolved the following at the February 2023 OCM:

ROAD INFRASTRUCURE COMMITTEE /STAFF RECOMMENDATION (Option 2)

The Road Infrastructure Committee recommends Council endorse the 10 Year Road Works

Program 2023/24 to 2031/2032 as presented at Attachment Proposed 10 Year Road Program with the following changes and this Program be used as a basis for resource allocation into the Draft 2023/2024 Budget:

- 1. 1. Apply to include the following roads to the "Roads 2040" priority listing, Nabawa-Yetna Road, Nolba Stock Route Road and Wandana Road.
- 2. 2. 24/25 Year be listed as East Nabawa and either Nanson-Howathara or Durawah/Station/Station Valentine Road.

Proposed 2024/2025 Road Works Program

It is hoped all road projects scheduled for 2023/2024 will be completed; however, there is invariably slippages in the program of works estimated timeline and the recommended 2022/2023 Roadworks Program will always attempt to adhere to Council priorities i.e.

- Priority 1 Grant funded projects
- Priority 2 Own resource projects (carried over & new)
- Priority 3 Maintenance works

It must be understood in reality road work maintenance issues at times will take precedence over other road works projects (e.g. own resource projects).

The Mid West Regional Road Group (MWRRG) projects have been approved by the Mid-West Regional Road Group and formal notification has been received from Main Roads WA advising of the projects the Shire will be funded for in 2024/2025. Therefore, these particular projects cannot be adjusted.

MWRRG grant applications are lodged with Main Roads WA (MRWA) by the 31st August each year. The Shire of Chapman Valley submission in accordance with Council's approved Ten Year Road Works Program with the approved projects, estimated costs and score for 2024/2025 being as follows:

| Road | Works Description | Score | Total Project Cost Estimate | MWRRG Grant \$ | Shire Minimum Contrib \$ |
|----------------------------------|--|--|---|----------------------|---|
| Durawah/Stn /Stn Valentine | 3.5 to 7.0 SLK – 3.0Kms Upgrade to 7.2m seal | 91.67 | 450,000 | 300,000 | 150,000 |
| East Nabawa (West) | 12.05 to 15.05 SLK – 3Kms Upgrade to 7.2m seal | 97.38 | 465,000 | 300,000 | 165,000 |
| Nanson Howatharra | 4.5 to 11.85 – 7.35 kms Reseal Existing Pavement | being 20% deducted not be fully Submission Total Projem MWRRG Shire Con The final a subject to | after every LC from the total F y funded. on was for: ect Cost\$450,0 Grant\$300,000 trib\$150,000 amount of funds the Total Pool on MRWA's co | | costs are s project will I receive will pove figures |
| | Estimat | ed Totals | \$1,365,000 | \$900,000 | \$465,000 |

The MWRRG Policies and Procedures include the following restrictions:

• \$300,000 - Maximum allowable grant fund per individual project;

- Every LGA will have there highest priority project funded, irrespective of the project score
- 20% of Pool Residual after every LGAs first project costs are deducted from the total Pool amount.

These conditions have been changed and will be affective from the 2023/2024 as it was felt by the MWRRG a few LGAs where continually receiving the maximum allocation of 20% of the Total Pool, resulting in those LGAs with the lower scoring projects not getting funding, other than the minimum amount set of \$150,000.

Based on the 2023/2024 total pool estimated amount of \$8,758,237 the maximum an LGA can take from the Pool, under the new conditions, in 23/24 is \$963,733. Therefore the Shire of Chapman Valleys approved projects for 2024/2025 is this maximum amount available

Below is a comparison of RRG grants received over past years:

| 14/15 | \$573,333 |
|-------|-------------|
| 15/16 | \$371,000 |
| 16/17 | \$1,083,334 |
| 17/18 | \$1,162,000 |
| 18/19 | \$1,170,666 |
| 19/20 | \$1,140,333 |
| 20/21 | \$1,200,000 |
| 21/22 | \$1,499,667 |
| 22/23 | \$1,009,060 |
| 23/24 | \$1,068,000 |
| 24/25 | \$900,000 |

As mentioned last year, it was expected the Shire's ability to attract similar MWRRG Grant Funds in 23/24 and future years was expected to diminish from previous years due to amendments to the grant fund allocation guidelines.

In addition to the Regional Road group funding, the Federal Government have allocated \$210,791 as part of the Local Roads and Community Infrastructure Program Phase 4A – Roads Funding. The following projects have been suggested for the works:

East Chapman Reconstruction \$180,791

Eliza Shaw Drive Drainage Improvements \$30,000

The R2R Funding Program will continue for a further four years after 23/24, while we are unsure of the amount, it will be considerably more than the existing, increasing each year (existing rate is \$328,620 per financial year).

The *Proposed 10 Year Road Works Program (2023/2024 to 2031/2032)* reflects the anticipated MWRRG & R2R grant funding. However, it must be understood this funding could vary as MWRRG grant funds are annually contestable and R2R grant funds are not guaranteed beyond 2024/2025.

Ten (10) Year Road Works Program

Attached is the <u>Current</u> 10 Year Road Works Program (2021/2022 to 2030/2031) with the <u>Proposed</u> 10 Year Road Works Program adding the year 2031/2032 **Attachment Proposed** 10 year RW Program

The CEO, Manager Works & Service (Esky Kelly) and the Works Leading Hand (Marty Elks) have reviewed the Program.

The Proposed 10 Year Road Works Program continues to reflect the following:

- The opportunity to attract MWRRG grant funds for recognised Significant Roads within the Shire of Chapman Valley may diminish over the period of the ten-year program.
- 2. The opportunity to attract MWRRG grant funds for recognised Significant Roads within the Shire of Chapman Valley may gradually revert to reseal project, which are basically 100% external costs (materials & contract) and will not assist with supporting the Shire own internal costs (i.e. labour, plant, etc.).
- 3. As the MWRRG grant funds projects drop off, less external funds will be available and more internal own resource road works projects will be undertaken (e.g. Gravel Sheeting on roads not recognised as MWRRG Significant Roads).
- 4. The previously endorsed list of gravel sheeting roads from the Shire's own resources has not been altered in order of priority from the current program.
- 5. The previously endorsed list of reseal program from grants and the Shire's own has not been altered in order of priority from the current program.
- 6. There has been an effort to spread the effect of less MWRRG grants across the whole 10-year period, rather than the alternative of a sudden loss of grant funds from this source.
- 7. The issue of external funds (e.g. grants, contributions) covering the contract and materials costs for the annual road works program also needed to be address. An average contract & materials component has been calculated using historical data for the type of works; however, this can fluctuate when a more detailed cost analysis is undertaken for each specific project.

Therefore, based on the historical data, the *Proposed 10 Year Road Works Program* has been continued to calculate the differential between Contracts & Materials -v- Grant/Contributions received. Again, the proposed program has attempted to ease the effect of grants being a source to fully cover contracts & materials and to supplement the Shire internal resource costs (labour, plant, etc.).

- 1. In previous programs the ten-year programs includes an annual amount for "Additional Employee Costs & Contract/Materials Contingency". This pool of funds is made up of the following components:
- i. \$75,000 Casuals and Guaranteed & Additional overtime paid to road works crew as required; and
- ii. \$200,000 External contingency used to hire external contractors and purchase materials as required (this amount can vary).

The proposed program continues to quarantine the \$75,000 for casuals and guaranteed & additional overtime components every year, yet uses the \$200,000 contracts/materials contingency as a balancing aid across the program. Therefore, it will be noted how this figure continues to fluctuate across the ten-year period. The 2024/2025 program has \$250,000 allocated i.e.

\$75,000 – Casuals and Guaranteed & Additional overtime paid to road works crew as required; and

\$175,000 – External contingency used to hire external contractors and purchase materials as required

 The concept of placing funds into the Roadworks Reserve Fund to assist with funding the proposed program of works in years the later years of the Program has been retained.

Statutory Environment

Long Term Financial Plan

No major effect is anticipated on the Long Term Financial Plan.

Policy/Procedure Implications

A Policy or Procedure is affected: Works and Services Policy & Procedures

Financial Implications

Long Term Financial Plan

No major effect is anticipated on the Long Term Financial Plan.

Road Works is the largest expenditure component of the Shires operations, which makes it important to ensure the limited resources made available by grants and those allocated by Council to this function are maximised.

Long Term Financial Plan (LTFP):

The Proposed Road Works Program has been structured in a way to maintain the Shire's Own Resources contribution towards the overall program irrespective of the grants received. This will complement the estimated expenditure allocation in the current LTFP.

Strategic Implications

It is imperative Council carefully considers where resources are allocated in future road works programs to ensure the higher priority roads are catered for. The Shires Road Hierarchy identifies the priority roads into the following categories:

- A. Main Arterial Roads (Significant Roads approved by the MWRRG only);
- B. Main Feeder Roads;
- C. Minor Feeder Roads;
- D. Major Access Roads; and
- E. Minor Access Roads

The Road Hierarchy list will be reviewed as part of the Road Infrastructure Committees purpose and is listed for discussion in Agenda Item 8.1.1.

Strategic Community Plan/Corporate Business Plan Implications

COMMUNITY HEALTH & LIFESTYLE

- 1.4 Maintain and enhance community safety and security.
- 1.4.1 Maintain safe roads and infrastructure.

PHYSICAL & DIGITAL INFRASTRUCTURE

- 4.1 Develop, manage, and maintain built infrastructure.
- 4.1.1 Asset Management Plan.

PHYSICAL & DIGITAL INFRASTRUCTURE

- 4.2 Manage and maintain roads, drainage, and other essential infrastructure.
- 4.2.1 Capital Road Works Programs.

Consultation

The Chief Executive Officer conferred with the Consultant Engineer, Manager Works & Services and Works Leading Hand when developing the *Proposed Ten-Year Road Works Programs* presented to Council.

Risk Assessment

An Insignificant Financial Impact Risk of Level 1 - Which will likely be less than \$1,000. An Insignificant Service Disruption Risk of Level 1 - Which will likely resulting in no material service disruption.

An Insignificant Reputational Risk of Level 1 - Which will likely result in unsubstantiated, low impact, low profile or 'no news' item.

TEN YEAR ROADWORKS PROGRAM

COMMITTEE ENDORSED - MARCH 2021 Council Resolution: 03/21-3 The Road Infrastructure Committee recommends Council endorse the 10 Year Road Works Program 2021/22 to 2030/2031 as presented at Attachment 9.2(a) with the following changes and this Program be used as a basis for resource allocation into the Draft 2021/2022 Budget: i.Extend seal on McCagh Road to Golf Club entrance; ii. Remove Parkfalls Estate Shoulder works from future Program road works; iii. Ensure own resource projects from previous year not completed are prioritised in 2021/2022 budget; iv.Budget consideration for additional roadworks staff member v. Doncept Forum discussion on investigating improvement options Parkfalls Estate bridle paths; and vi. Praffic Counters to be placed on Nolba Road, Olsen Road, Nabawa Yetna Road; however grant project roads to take priority. Per KM average cost for work types ESTIMATED AVERAGE COST BASED ON CURRENT YEAR COSTS (Note these can vary due to culvert numbers, lead distance, alignments, location, project size, etc.) Aver/Km Dist Est Cost Gravel Sheeting Average 4.00 \$268,401 \$67,100 Gravel Sheeting \$155,000 Reconstruct from Gravel to 7.2m Seal 12.65 \$1,944,869 \$153,745 Recnst to 7.2m seal \$130,000 Widen from 4m to 7.2m Seal NA \$130.000 Widen 4m to 7.2m \$130.000 \$75,000 Shoulder Reconstruction \$75,000 \$75,000 Shoulder Reconst NA \$5 Reseal 14mm per m2 ated Total Pro Length SLK or Area Year Type of work (Excl Trnsfers to Infrast. | MANAGEMENT PROCEDURE No. | IMP-020 |
|-------------------------------|---------------------------------------|
| MANAGEMENT PROCEDURE | MIDWEST REGIONAL ROAD GROUP (MWRRG) - |
| | SIGNIFICANT ROAD POLICY |
| RESPONSIBLE OFFICER | CHIEF EXECUTIVE OFFICER |
| PREVIOUS POLICY/PROCEDURE No. | 15.40; IP-001 |
| LEGISLATION | STATE ROAD COUNCIL / REGIONAL ROAD |
| RELEVANT DELEGATIONS | |

OBJECTIVES:

To list roads under the control of the Shire of Chapman Valley as those recognised by the Mid-West Regional Road Group as *Significant Roads*.

MANAGEMENT PROCEDURE STATEMENT:

Roads under the control of the Shire of Chapman Valley recognised as being significant roads by the Mid-West Regional Road Group are: -

| Rd No. | Road Name | RAV |
|------------|---|----------|
| | | Category |
| 19 | Balla Whelarra | 6 |
| 130 | Chapman Valley | - |
| 34 | Coronation Beach | 4 |
| 8 | Dartmoor | 6 |
| 21 | Dartmoor Lake Nerramyne | 6 |
| 12 | East Bowes | 6 |
| 1; 15 & 14 | ~ Durawah; | 6 |
| | ~ Station (between Durawah & Station Valentine Rd Junctions), | |
| | ~ Station Valentine | |
| 150 | East Chapman | 6 |
| 16 | East Nabawa | 6 |
| 10 | Nanson Howatharra | 4 |
| 7 | Narra Tarra | 4 |
| 131 | Northampton – Nabawa | 6 |
| 132 | Yuna – Tenindewa | 7 |
| 13 | Valentine | 6,7 |

ADDITIONAL EXPLANATORY NOTES:

The above list of *Significant Roads* are the only roads eligible for funding through the Mid-West Regional Road Group Program.

| MANAGEMENT PROCEDURE | HEAVY HAULAGE VEHICLE PERMITS |
| RESPONSIBLE OFFICER | MANAGER WORKS & SERVICES |
| PREVIOUS POLICY/PROCEDURE No. | 15.110; IP-003 |
| LEGISLATION | ROAD TRAFFIC ACT, 1974 - HEAVY VEHICLE |
| RELEVANT DELEGATIONS | 2012 |

OBJECTIVES:

To identify a heavy haulage route for roads under the control of the Shire of Chapman Valley.

POLICY STATEMENT/S:

The Shire adopt the current approved Main Roads WA's Restricted Access Vehicle (RAV) roads and conditions associated with approved roads within the Shire of Chapman Valley.

Procedures for the establishment of a new or amendment to an existing Heavy Haulage Route:

- a) Application to be sent to MRWA Heavy Vehicle Services (HVS) Route Assessment Section.
- b) HVS to forward application to Shire of Chapman Valley for comments.
- c) Shire staff inspect route to determine suitability in accordance with basic MRWA criteria.
- d) Shire staff put recommendation to MRWA to reject or progress the application.
- e) MRWA HVS will send the application to MRWA regional office to inspect route and make appropriate recommendation back to MRWA HVS
- f) MRWA HVS reviews the route assessment then approves or rejects route and advised Shire of Chapman Valley accordingly.

Once a route has been approved it remains relevant to all operators who then make direct application to MRWA for a permit (not to the Shire).

Refer to the current Main Roads WA's Restricted Access Vehicle (RAV), website (links below) for the approved list of roads within the Management Procedure;

Staff Recommendation

STAFF RECOMMENDATION (Option 1)

The Road Infrastructure Committee recommends Council endorses the *Management Procedure (IMP-025) – Heavy Haulage Vehicle Permits* as presented without change.

- OR -

STAFF RECOMMENDATION (Option 2)

The Road Infrastructure Committee recommends Council endorses the *Management Procedure (IMP-025) – Heavy Haulage Vehicle Permits* as presented with the following changes:

- 1.
- 2.

Disclosure of Interest

No officer declared an interest under the Local Government Act 1995, Subdivision 1 (LGA 1995) in the preparation of this report.

Background

The purpose of this Item is to present the Committee the current endorsed *Heavy Haulage Vehicle Permit (Policy IP-003)* for discussion and review.

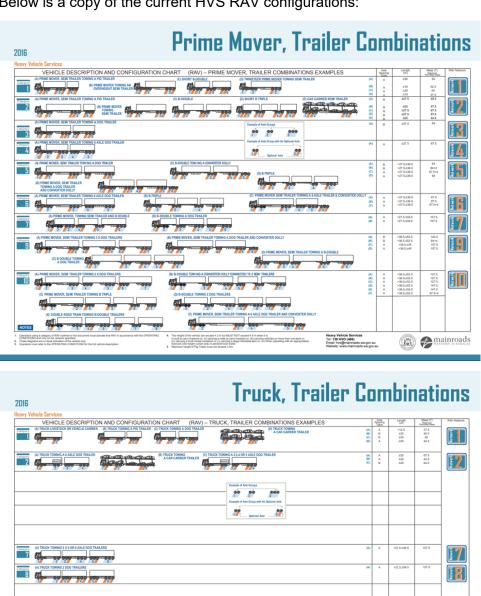

Council resolved the following at the March 2023 OCM:

"Minute Reference RIC 03/23-6

The Road Infrastructure Committee recommends Council endorses the Management Procedure (IMP-025) - Heavy Haulage Vehicle Permits as presented without change."

Comment

Below is a copy of the current HVS RAV configurations:

Policy/Procedure Implications

A Policy or Procedure is affected:

Works and Services Policy & Procedures

Management Procedure IMP-022 being reviewed is shown below:

| MANAGEMENT PROCEDURE No. | IMP-022 | |
|-------------------------------|--|--|
| MANAGEMENT PROCEDURE | HEAVY HAULAGE VEHICLE PERMITS | |
| RESPONSIBLE OFFICER | MANAGER WORKS & SERVICES | |
| PREVIOUS POLICY/PROCEDURE No. | 15.110; IP-003 | |
| LEGISLATION | ROAD TRAFFIC ACT, 1974 – HEAVY VEHICLE OPERATIONS | |
| RELEVANT DELEGATIONS | 2012 | |

OBJECTIVES:

To identify a heavy haulage route for roads under the control of the Shire of Chapman Valley.

POLICY STATEMENT/S:

The Shire adopt the current approved Main Roads WA's Restricted Access Vehicle (RAV) roads and conditions associated with approved roads within the Shire of Chapman Valley.

Procedures for the establishment of a new or amendment to an existing Heavy Haulage Route:

- (a) Application to be sent to MRWA Heavy Vehicle Services (HVS) Route Assessment Section.
- (b) HVS to forward application to Shire of Chapman Valley for comments.

- (c) Shire staff inspect route to determine suitability in accordance with basic MRWA criteria.
- (d) Shire staff put recommendation to MRWA to reject or progress the application.
- (e) MRWA HVS will send the application to MRWA regional office to inspect route and make appropriate recommendation back to MRWA HVS
- (f) MRWA HVS reviews the route assessment then approves or rejects route and advised Shire of Chapman Valley accordingly.

Once a route has been approved it remains relevant to all operators who then make direct application to MRWA for a permit (not to the Shire).

Refer to the current Main Roads WA's Restricted Access Vehicle (RAV), website (links below) for the approved list of roads within the Management Procedure;

https://www.mainroads.wa.gov.au/UsingRoads/HeavyVehicles/notices/Pages/pmtc.aspx https://mrapps.mainroads.wa.gov.au/RavNetworkMap

Refer to relevant Policy/Procedure when exercising this delegation

This Management Procedure also refers to Delegation 2012 which states:

"The Chief Executive Officer is delegated the authority to endorse the Heavy Haulage Vehicle Permits Applications in accordance with Management Procedure (IMP-022) for the determination of variations to the RAV Network within the Shire of Chapman Valley subject to this delegation being restricted to RAV7 level. Any applications beyond this RAV level are to be put to Council for consideration."

In addition to the aforementioned Management Procedure Council has also adopted the following Management Procedure (IMP-017) regarding the *Road Funding Allocation Process:*

| MANAGEMENT PROCEDURE No. | IMP-017 |
|---------------------------|--------------------------------------|
| MANAGEMENT PROCEDURE | ROAD WORK FUNDING ALLOCATION PROCESS |
| RESPONSIBLE OFFICER | CHIEF EXECUTIVE OFFICER |
| PREVIOUS POLICY/PROCEDURE | 15.220 |
| No. | |
| RELEVANT DELEGATIONS | |

OBJECTIVES:

To set guidelines and procedures for categorising road hierarchy network and funding allocation priorities

MANAGEMENT PROCEDURE STATEMENT/S:

- 1. Council review existing Road Hierarchy List based upon Councillor(s) submissions and staff recommendation(s).
- 2. Council review existing Regional Road Group priorities based upon Councillor(s) submissions and staff recommendation(s).
- 3. Council reviews other grant programs (e.g. Black Spot, R2R) based upon Councillor(s) submissions and staff recommendation(s).
- 4. Taking into account the delegations under Infrastructure Policy IMP-022, Council review existing Heavy Haulage Roads.
- 5. Council review existing Program of Road Works based Councillor(s) submissions and upon staff recommendation(s).
- 6. Councillors retain the right to present, and justify, changes to any of the above either via Chief Executive Officer's report or directly to the meeting.
- 7. No changes to be made to any of the above unless fully endorsed by Council.

Financial Implications

Long Term Financial Plan

No major effect is anticipated on the Long Term Financial Plan.

Road works is the largest income and expenditure component of the Shires operations, which makes it important to ensure the limited resources made available by grants and those allocated by Council to this function are maximized.

Long Term Financial Plan (LTFP):

The Heavy Haulage Vehicle Permit Management Procedure has been structured in a way to ensure each request for an upgrade the RAV rating to any particular road must go through a MRWA approved process.

There appears to be an increasing demand on the Shire road network by larger and heavier vehicles, which will no doubt have an adverse effect on the Shire roads and therefore the resources allocated by Council to roads.

It has also become obvious the Local Government Authority (LGA) is losing control of the level of heavy haulage vehicle using local roads under the control of the LGA. Though MRWA do consult with the LGA on every application made to introduce or upgrade the RAV rating on a local road the LGA cannot stop such applications if MRWA is comfortable the road meets *their* specification.

Strategic Implications

It is imperative Council carefully considers where resources are allocated in future road works programs to ensure the higher priority roads are catered for.

Strategic Community Plan/Corporate Business Plan Implications

COMMUNITY HEALTH & LIFESTYLE

- 1.4 Maintain and enhance community safety and security.
- 1.4.1 Maintain safe roads and infrastructure.

PHYSICAL & DIGITAL INFRASTRUCTURE

- 4.2 Manage and maintain roads, drainage, and other essential infrastructure.
- 4.2.1 Capital Road Works Programs.

GOVERNANCE & ACCOUNTABILITY

- 5.2 Be accountable and transparent while managing human and physical resources effectively
- 5.2.1 Asset Management.

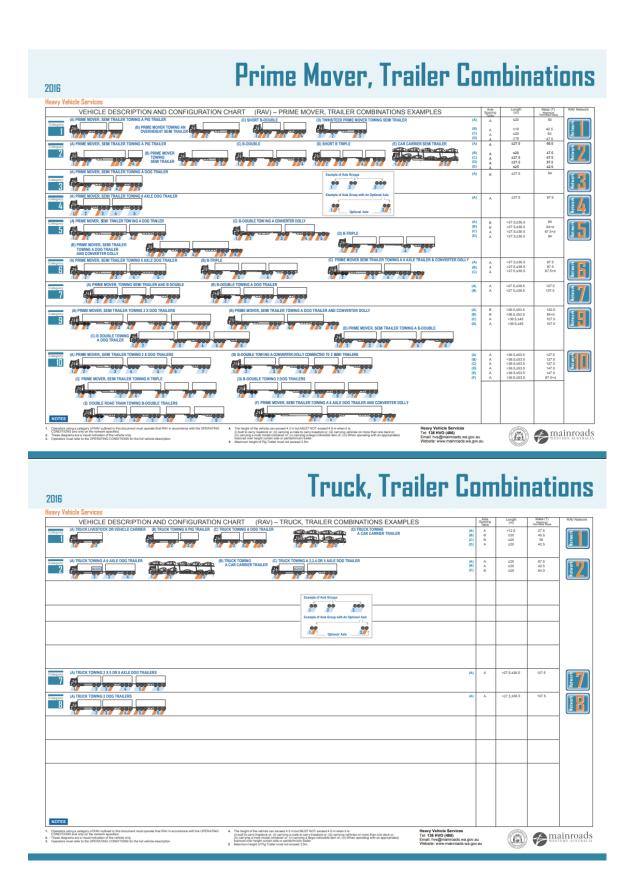

Consultation

The Chief Executive Officer conferred with the Manager Works & Services and Works Leading Hand when reviewing the *Heavy Haulage Vehicle Permit Roads Management Procedure* presented to the Committee.

Risk Assessment

An Insignificant Service Disruption Risk of Level 1 - Which will likely resulting in no material service disruption.

An Insignificant Reputational Risk of Level 1 - Which will likely result in unsubstantiated, low impact, low profile or 'no news' item.

Staff Recommendation

STAFF RECOMMENDATION (Option 1)

The Road Infrastructure Committee recommends Council endorses the 2024/25 year of the *Proposed Plant Replacement Program* as presented at *Attachment Proposed Plant Replacement Program* without change and request the Chief Executive Officer use this Program as a basis for resources to be allocated in the forthcoming budget and explore the philosophy of the Plant Replacement program and present to the April Council meeting for discussion and possible endorsement.

OR -

STAFF RECOMMENDATION (Option 2)

The Road Infrastructure Committee recommends Council endorses the 2024/25 year of the *Proposed Plant Replacement Program* as presented at *Attachment Proposed Plant Replacement Program* with the following changes and request the Chief Executive Officer use this Program as a basis for resources to be allocated in the forthcoming budget and explore the philosophy of the Plant Replacement program and present to the April Council meeting for discussion and possible endorsement.

1.

Disclosure of Interest

No officer declared an interest under the Local Government Act 1995, Subdivision 1 (LGA 1995) in the preparation of this report.

Background

The Shire's *Plant Replacement Program* is reviewed annually to assist with the development of the Annual Budget for the forthcoming year. This review is also to consider the effect of

the Long Term Financial Plan (LTFP) which has plant replacement as an aspect to its overall costs estimates within the Plan.

Council resolved the following at the February 2023 OCM:

That Council endorses the Proposed Plant Replacement Program as presented at Attachment Proposed Plant Replacement Program and request the Chief Executive Officer use this Program as a basis for resources to be allocated in the forthcoming budget.

For Cr Beverley Davidson, Cr Darrell Forth, Cr Elizabeth-Anne Eliott-Lockhart, Cr Katie Low, Cr Kirrilee Warr, Cr Peter Humphrey and Cr Trevor Royce **Against** Nil

7 / 0 CARRIED UNANIMOUSLY Minute Reference RIC 2023/03-9

The Plant Replacement Program was presented to the 23/24 Budget Workshops and again at the Special Meeting of Council where the 23/24 Budget was formally adopted. The Program was adjusted to reflect the decisions and determinations at these meetings.

Comment

As previously reported, the most recent fair value review of the Shire's Plant & Equipment indicated Council's standard of plant is high in comparison to similar type and sized local government authorities. Though such an outcome is welcomed it is important Council is mindful of not letting the life and standard of key items of plant and equipment to extend to the point this effects the organisations operational needs.

While the current year is what Council is currently concerned with to ensure that the plant that requires replacing is suitably done so, management would like to explore the philosophy of of the Plant Replacement program and present to the April Council meeting for discussion and possible endorsement. This will not affect the current years suggested budget allocation as it will be recommended as per the attached Proposed Plant Replacement Program. There is a concern that without a designated philosophy on plant replacement and the constant 'juggling' of the program, that the plant replacement and financial benefit is not optimilised.

Statutory Environment

Long Term Financial Plan

No major effect is anticipated on the Long Term Financial Plan.

Policy/Procedure Implications

No Policy or Management Procedure affected.

Financial Implications

Long Term Financial Plan

No major effect is anticipated on the Long Term Financial Plan.

It is important Council annually review its *Plant Replacement Program* to ensure an informed decision-making process is evident when allocating resources update the Asset Management Plan, which is integrated with updates to the Long Term Financial Plan and the Annual Draft Budgets for the change-over/upgrading of Council's plant & equipment.

Strategic Implications

It is strategically sound for Council to have a robust and realistic Plant Replacement Program.

Strategic Community Plan/Corporate Business Plan Implications

COMMUNITY HEALTH & LIFESTYLE

- 1.4 Maintain and enhance community safety and security.
- 1.4.1 Maintain safe roads and infrastructure.

PHYSICAL & DIGITAL INFRASTRUCTURE

- 4.2 Manage and maintain roads, drainage, and other essential infrastructure.
- 4.2.2 Plant Replacement Programs.

Consultation

The Chief Executive Officer consulted with the Manager Works & Services and Works Leading Hand when developing the Proposed Plant Replacement Program presented to Council.

Changes to the current Plant Replacement Program are tracked on the Proposed Plan provided at *Attachment Proposed Plant Replacement Program*

Risk Assessment

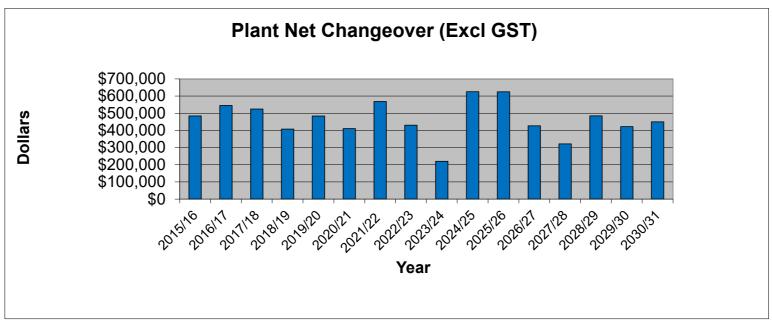

An Insignificant Financial Impact Risk of Level 1 - Which will likely be less than \$1,000. An Insignificant Service Disruption Risk of Level 1 - Which will likely resulting in no material service disruption.

An Insignificant Reputational Risk of Level 1 - Which will likely result in unsubstantiated, low impact, low profile or 'no news' item.
