# 6.6 Procedures for question time for the public

Procedures for question time for the public are dealt with in the Regulations.

# 6.7 Other procedures for question time for the public

- (1) A member of the public who raises a question during question time, is to state his or her name and address.
- (2) A question may be taken on notice by the Council for later response.
- (3) When a question is taken on notice the CEO is to ensure that:
- (a) a response is given to the member of the public in writing; and
- (b) a summary of the response is included in the agenda of the next meeting of the Council.
- (4) Where a question relating to a matter in which a relevant person has an interest is directed to the relevant person, the relevant person is to:
- (a) declare that he or she has an interest in the matter; and
- (b) allow another person to respond to the question.
- (5) Each member of the public with a question is entitled to ask up to 2 questions before other members of the public will be invited to ask their questions.
- (6) Where a member of the public provides written questions then the Presiding Member may elect for the questions to be responded to as normal business correspondence.
- (7) The Presiding Member may decide that a public question shall not be responded to where:
- (a) the same or similar question was asked at a previous meeting, a response was provided and the member of the public is directed to the minutes of the meeting at which the response was provided;
- (b) the member of the public uses public question time to make a statement, provided that the Presiding Member has taken all reasonable steps to assist the member of the public to

phrase the statement as a question; or

- (c) the member of the public asks a question that is offensive or defamatory in nature, provided that the Presiding Member has taken all reasonable steps to assist the member of the public to phrase the question in a manner that is not offensive or defamatory.
- (8) A member of the public shall have two minutes to submit a question.
- (9) The Council, by resolution, may agree to extend public question time.
- (10) Where an answer to a question is given at a meeting, a summary of the question and the answer is to be included in the minutes.

# 5 Applications for Leave of Absence

# 6 Disclosure of Interest

# Local Government Act 1995 Administration Part 5 Disclosure of financial interests and gifts Division 6

s. 5.59

Members should fill in Disclosure of Interest forms for items in which they have a financial, proximity or impartiality interest and forward these to the Presiding Member before the meeting commences.

#### Section 5.60A:

"a person has a financial interest in a matter if it is reasonable to expect that the matter will, if dealt with by the local government, or an employee or committee of the local government or member of the council of the local government, in a particular way, result in a financial gain, loss, benefit or detriment for the person."

# Section 5.60B:

"a person has a proximity interest in a matter if the matter concerns -

(a) a proposed change to a planning scheme affecting land that adjoins the person's land; or (b) a proposed change to the zoning or use of land that adjoins the person's land; or (c) a proposed development (as defined in section 5.63(5)) of land that adjoins the person's land."

# Regulation 34C (Impartiality):

"interest means an interest that could, or could reasonably be perceived to, adversely affect the impartiality of the person having the interest and includes an interest arising from kinship, friendship or membership of an association."

# 7 Presentations

# 6.9 Deputations

- (1) Any person or group wishing to be received as a deputation by the Council is to either:
- (a) apply, before the meeting, to the CEO for approval; or
- (b) with the approval of the Presiding Member, at the meeting, address the Council.
- (2) The CEO may either:
- (a) approve the request and invite the deputation to attend a meeting of the Council; or
- (b) refer the request to the Council to decide by simple majority whether or not to receive the deputation.
- (3) Unless the council resolves otherwise, a deputation invited to attend a Council meeting:
- (a) is not to exceed 5 persons, only 2 of whom may address the Council, although others may respond to specific questions from Members;
- (b) is not to address the Council for a period exceeding 10 minutes without the agreement of the Council; and,
- (c) additional members of the deputation may be allowed to speak with the leave of the Presiding Member.
- (4) Any matter which is the subject of a deputation to the Council is not to be decided by the Council until the deputation has completed its presentation.

# 6.10 Petitions

- (1) A petition is to -
- (a) be addressed to the President;
- (b) be made by electors of the district;
- (c) state the request on each page of the petition;
- (d) contain the name, address and signature of each elector making the request, and the date each elector signed;
- (e) contain a summary of the reasons for the request; and
- (f) state the name of the person to whom, and an address at which, notice to the petitioners can be given.
- (2) Upon receiving a petition, the local government is to submit the petition to the relevant officer to be included in his or her deliberations and report on the matter that is the subject of the petition, subject to subclause (3).
- (3) At any meeting, the Council is not to vote on any matter that is the subject of a petition presented to that meeting, unless:
- (a) the matter is the subject of a report included in the agenda; and
- (b) the Council has considered the issues raised in the petition.

# **6.11 Presentations**

- (1) In this clause, a presentation means the acceptance of a gift or an award by the Council on behalf of the local government or the community.
- (2) A presentation may be made to the Council at a meeting only with the prior approval of the CEO.

## Staff Recommendation

That Council:

- Pursuant to Section 58 of the *Land Administration Act 1997* initiate closure action for the unconstructed, unnamed road reserve across Lot 2075 Old-Nabawa Northampton Road, Nabawa and its amalgamation into Lot 2075 as shown upon the plan included as Figure 10.1.1(a) to this report.
- Request that the Department of Planning, Lands & Heritage waive its costs (inclusive of land valuation/acquisition costs and document preparation fees/costs) relating to the closure and disposal of the road reserve across Lot 2075 and provide copy of the supporting correspondence from the Naaguja Warangkarri Aboriginal Corporation to the Department.

#### Disclosure of Interest

No officer declared an interest under the *Local Government Act 1995*, Subdivision 1 (LGA 1995) in the preparation of this report.

# **Background**

An unformed 450m long road reserve runs across Lot 2075 Old Nabawa-Northampton Road which is considered surplus to Shire requirements and negatively impacts the landowner. This report recommends that Council commence the public advertising period of the road closure process (following which the matter is required to be returned to Council for further consideration). This report also recommends that Council request that the Department of Planning Lands & Heritage (DPLH) waive the land purchase cost and associated fees for the landowner in this instance.

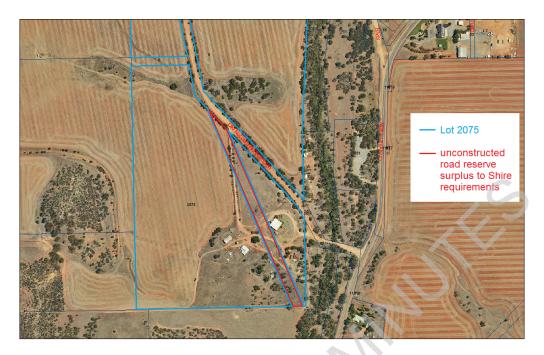

## Comment

Lot 2075 Old Nabawa-Northampton Road, Nabawa is owned by the Naaguja Warangkarri Aboriginal Corporation and contains the residence, cultural centre and farm outbuildings that serve the wider farm landholding.

A 450m long, 20m wide road reserve with an approximate area of 9,517m² runs across Lot 2075 splitting the cultural centre from the residence and sheds. The road reserve is not constructed on-ground and is surplus to Shire requirements.

The closure and disposal of the unconstructed road reserve would benefit the Shire by removing an unrequired asset and would benefit the Naaguja Warangkarri Aboriginal Corporation as the alignment runs in immediate proximity to, and between, the buildings upon their farm.

Figure 10.1.1(a) - Aerial Photo of Unconstructed Road Reserve impacting Lot 2075

As part of the Nanson Showground Land Exchange, whereby 9.7ha of privately owned land is to be provided by the neighbouring landowner (Ballycastle Pty Ltd) to amalgamate into the Nanson Showground in exchange for 10.21ha of Crown Land being provided to the private landowner, the Shire was required to reach agreement for the taking of native title rights.

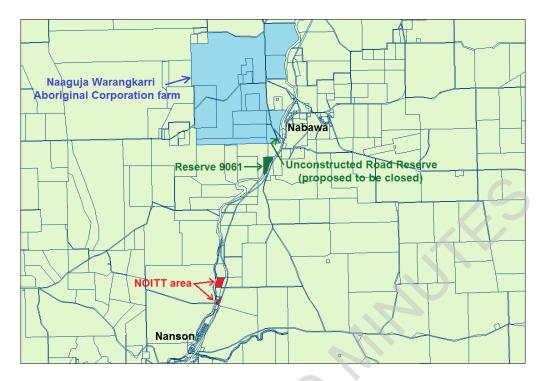

The Shire identified that the 9.5657ha Reserve 9061 on the western side of Chapman Valley Road (opposite the Nabawa Cemetery) was surplus to its requirements and considered it appropriate that this parcel should be included in the native title settlement. As a side matter the Shire also considered that the 9,517m² unformed road reserve that runs across Lot 2075 should also form part of the native title settlement.

Council resolved at its 18 March 2020 meeting as follows:

#### "That Council:

- Advise the Yamatji Marlpa Aboriginal Corporation that it agrees to Reserve 9061 being included within the Yamatji Nation Indigenous Land Use Agreement in exchange for the withdrawal of its objection to Notice of Intention to Take N982297.
- Advise the Department of Planning, Lands & Heritage of Council's resolution relevant to Reserve 9061 and, as a separate matter, advise the Department that Council supports the inclusion of the approximately 9,517m² unconstructed road reserve running across Lot 2075 Old Nabawa-Northampton Road, Nabawa into the Yamatji Nation Land Use Agreement and it being provided into the surrounding Naaguja Warangkarri Aboriginal Corporation freehold title landholding."

Figure 10.1.1(b) – Land parcels in the native title discussions relevant to the Nanson Showground Land Exchange

The native title claimants advised on 3 August 2020 that the objection to the native title notice of intent (NOITT) had been withdrawn enabling the Shire and the DPLH to commence finalisation of the Nanson Showground Land Exchange with Ballycastle Pty Ltd.

Reserve 9061 was included in the Yamatji Nation Indigenous Land Use Agreement Committed Land package.

However, the DPLH advised that due to timing it was unable to coordinate the inclusion of the road reserve across Lot 2075 into the Yamatji Nation Land Use Agreement, but that this could be considered as a separate formal road closure and disposal action.

The Shire made query with DPLH as to whether the land purchase costs that would normally be required to be paid to the DPLH by the acquiring landowner (in this case being the Naaguja Warangkarri Aboriginal Corporation) could be waived in this instance as the road reserve would have been provided free of cost if it had been included in the native title settlement package.

The DPLH advised that waiving, reducing or minimising fees and charges was a matter that its Assistant Director General would need to authorise.

The Shire therefore made contact with the Naaguja Warangkarri Aboriginal Corporation seeking a letter of support to assist it in its request to DPLH to waive the costs and fees involved in the road closure process.

The Naaguja Warangkarri Aboriginal Corporation have provided to the Shire correspondence which has been provided as Attachment 10.1.1.1 outlining their connection to country and their role in the community. It is recommended that a copy of this supporting correspondence be provided to the DPLH along with a Council request for the DPLH to waive the fees and costs it would normally charge for a road closure action (including land valuation and purchase costs).

Shire staff support the closure and disposal of the road reserve across Lot 2075 on the following basis:

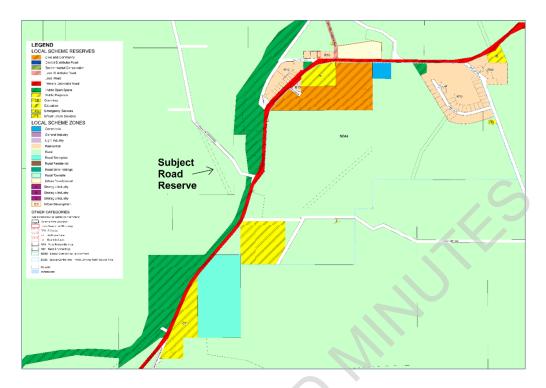

- the road reserve is unconstructed and does not provide general access;
- the road reserve is considered surplus to Shire requirements as it does not provide a through purpose and duplicates a parallel constructed road;
- the road reserve is not required to be constructed in future as the only other lot that it connects with (Lot 450) already has a constructed road frontage to Old Nabawa-Northampton Road;
- the closure of the unconstructed road would benefit the Shire by removing an unrequired asset, management responsibility and public liability concerns;
- the closure of the unconstructed road would benefit the landowner as the alignment runs between their cultural centre and the residence and farms sheds;
- the amalgamation of the road reserve into the surrounding lot will improve farm security for the landowner and ensure that the cadastral layout for the area corresponds with the on-ground reality and farming operations;
- the road already appears on-ground to form part of the landowner's property;
- it is considered that the subject land would be better managed under the private ownership of the adjoining landowner rather than under public ownership;
- the road closure process will provide the opportunity to consult with the adjoining landowners and all relevant service authorities to ensure that they have no objection to the proposed road disposal action.

# **Statutory Environment**

The report complies with the requirements of the:
Shire of Chapman Valley Local Planning Scheme No.3

The subject road reserve is zoned is zoned 'Rural' under the Shire of Chapman Valley Local Planning Scheme No.3 which corresponds with the surrounding Lot 2075 that it is proposed to be amalgamated into.

Figure 10.1.1(c) - Nabawa Townsite Zoning Map

Road closures are undertaken pursuant to Section 58 of the Land Administration Act 1997

- "58 Closing roads
- (1) When a local government wishes a road in its district to be closed permanently, the local government may, subject to subsection (3), request the Minister to close the road.
- (2) When a local government resolves to make a request under subsection (1), the local government must in accordance with the regulations prepare and deliver the request to the Minister.
- (3) A local government must not resolve to make a request under subsection (1) until a period of 35 days has elapsed from the publication in a newspaper circulating in its district of notice of motion for that resolution, and the local government has considered any objections made to it within that period concerning the proposals set out in that notice.
- (4) On receiving a request delivered to him or her under subsection (2), the Minister may, if he or she is satisfied that the relevant local government has complied with the requirements of subsections (2) and (3)
  - (a) by order grant the request; or
  - (b) direct the relevant local government to reconsider the request, having regard to such matters as he or she thinks fit to mention in that direction; or
  - (c) refuse the request.
- (5) If the Minister grants a request under subsection (4)
  - (a) the road concerned is closed on and from the day on which the relevant order is registered; and
  - (b) any rights suspended under section 55(3)(a) cease to be so suspended.
- (6) When a road is closed under this section, the land comprising the former road
  - (a) becomes unallocated Crown land; or

(b) if a lease continues to subsist in that land by virtue of section 57(2), remains Crown land."

In the event that the road closure process is concluded by Council to the satisfaction of the DPLH, the DPLH can then issue Crown Survey instruction for the preparation of a survey diagram to amalgamate the land into the surrounding lot and dispose of the Crown Land pursuant to Section 87 of the *Land Administration Act 1997*.

# **Policy/Procedure Implications**

No Policy or Management Procedure affected.

# **Financial Implications**

# **Long Term Financial Plan**

No major effect is anticipated on the Long Term Financial Plan.

The DPLH have advised that this road closure process would incur the following costs:

- \$2,500 GST exclusive Land Valuation; &
- \$1,356 DPLH Document Preparation Fee.

The Shire and Naaguja Warangkarri Aboriginal Corporation have prepared information that would be submitted to the DPLH outlining the reasons why the land valuation and purchase costs should be waived in this instance. This includes the cultural association of the Naaguja people to the subject land, its immediate relevance to the Naaguja farm, and that the land should have been included in the native title settlement package as it was identified by the Shire and native title claimants through joint discussion prior to the finalisation of the Yamatji Nation Indigenous Land Use Agreement, and if the land has been included in the agreement there would not have been a purchase or conveyancing cost.

The Shire will also make argument that for this reason the survey cost of a Deposited Plan being prepared that amalgamates the road reserve (in the event it is formally closed) should also be borne by the DPLH. However, should the DPLH not agree to this aspect the Shire has ability to cover this cost within its Surveying & Land Expenses Account 7052. The Shire has sought quote from a local surveyor and the anticipated cost of preparation of the Deposited Plan would be approximately \$2,000.

# Strategic Implications

The closure and disposal of the road reserve that impacts the Naaguja cultural centre would align with the following objectives of both the Western Australian and Mid West Tourism Development Strategy:

"Aboriginal. Outcome: Provide every visitor with the opportunity to have an Aboriginal tourism experience: facilitate and support opportunities for access to land and tenure for the development of tourism; supporting industry in interfacing with government, maximising involvement in government tourism programs; opportunities and pathways for Aboriginal employment in tourism and hospitality, including through traineeships and cadetships". (MWDC, page 11)

Strategic Community Plan/Corporate Business Plan Implications
COMMUNITY HEALTH & LIFESTYLE

- 1.1 Nurture the sense of community and unity across the Shire, while supporting towns and their volunteers in local issues.
- 1.1.2 Determine a whole of Shire community integration approach.

# **COMMUNITY HEALTH & LIFESTYLE**

- 1.4 Maintain and enhance community safety and security.
- 1.4.1 Maintain safe roads and infrastructure.

## Consultation

Should Council initiate the road closure process, it is required under Section 58 of the *Land Administration Act 1997* to be publicly advertised for 35 days and would include the following actions inviting comment:

- notice being placed in the Mid West Times;
- advisory letters being sent to surrounding landowners;
- advisory letters being sent to relevant service/government authorities (this would be considered to be ATCO, Australian Gas Infrastructure Group, Telstra, Water Corporation and Western Power); &
- a sign detailing the proposed road closure being erected onsite.

At the conclusion of the advertising period the proposal is required to be returned to a meeting of Council for consideration of any received submission and determination.

# Comment

The FabCV committee has completed a Waiver of Fees and Charges application which is attached to this agenda item seeking further ongoing support in 2023/2024 budget year.

There are two sets of thought process to be considered for this application. One being that as an active group and advocate for our community removing financial barriers is assists in fostering inclusivity, promoting engagement, and enhancing the overall well-being of our community.

- Fostering Inclusivity: By waiving fees & charges for this community group we
  encourage individuals from all socio-economic backgrounds can participate without
  facing financial constraints. This inclusivity promotes diversity, encourages
  representation, and creates an environment where everyone's voice can be heard,
  regardless of their financial circumstances.
- Promoting Engagement: By removing the financial burden, we encourage increased involvement, leading to a more vibrant and connected community. This engagement, in turn, strengthens social bonds and fosters a sense of belonging across all our community.
- Enhancing Well-being: Our community groups play a pivotal role in enhancing the
  overall well-being of our residents. By offering a waiver of fees, we enable individuals
  to access valuable resources, opportunities, and recreational activities that contribute
  to their physical, mental, and emotional health. This support aligns with our shared
  goal of promoting a thriving and resilient community.

The second consideration is the long-term financial impacts of reduced revenue for the waiving fees & charges against ongoing building maintenance, electricity, water, cleaning costs etc.

- Financial Implications: Waiving fees for events, groups or bookings reduces the revenue we are able to raise during the year to assist in covering the ongoing costs across the buildings the shire must maintain.
- Equity and Fairness: While the intention of the waiver is to promote inclusivity, it may
  inadvertently create inequities within the community. Those who pay fees may
  perceive the waiver as an unfair advantage, leading to potential dissatisfaction
  among community groups.

 Resource Allocation: Waiving fees may lead to an increased demand for services and resources (cleaning, mowing, specific maintenance) which would otherwise be adequately met without stretching the organization's capacity to meet those needs.

It is essential to strike a balance between providing access to all while maintaining fairness and equity.

Instead of a blanket waiver of fees & charges I would encourage alternative solutions which address the financial concerns of the group. A sliding scale structure as we have seen in the past of an annual booking fee which allows access across various facilities for the budget year. Full fees and charges for Bill Hemsley Park Community Centre, Nabawa Community Centre & Yuna Community Centre would be \$1,758.00 for 2x uses per week for a local community member. To scale this back to one fee across all three venues would equate to annual venue hire of \$586.00 (\$1758/3) for 0.66x (104/3) uses per week at one of the three venues ie: 34 uses per year at each venue. I would suggest this would adequately cover any events, meetings, workshops, or educational programs which FabCV wish to promote.

# **Statutory Environment**

The report complies with the requirements of the: Local Government Act 1995

The council has a legal process to follow regarding wavering fees and charges: All waivers of Fees & Charges are to be reported in the Annual Financial Report.

Local Government Act, 1995 – Section 6.12 – Power to Defer, Grant Discount, Waive or Write off Debts

- (1) Subject to subsection (2) and any other written law, a local government may —
- (a) when adopting the annual budget, grant\* a discount or other incentive for the early payment of any amount of money; or
- (b) waive or grant concessions in relation to any amount of money; or
- (c) write off any amount of money,

which is owed to the local government.

- \* Absolute majority required.
  - (2) Subsection (1)(a) and (b) do not apply to an amount of money owing in respect of rates and service charges.
  - (3) The grant of a concession under subsection (1)(b) may be subject to any conditions determined by the local government.
  - (4) Regulations may prescribe circumstances in which a local government is not to exercise a power under subsection (1) or regulate the exercise of that power.

#### Disclosure of Interest

No officer declared an interest under the Local Government Act 1995, Subdivision 1 (LGA 1995) in the preparation of this report.

#### **Background**

In the rapidly evolving global landscape, local governments (LGA's) are facing the challenge of adapting to emerging industries and technologies. As Australia moves towards net zero emissions LGAs are increasing being approached by industry proponents, state and federal government representatives, companies and organisations.

To this end, what is the role of LGAs in the evolving landscape, and how does local government engage and "stay in the lane"? recognising demands on LGAs are increasing, and day-to-day operations and compliance requirements are modernising and a focal priority.

To navigate this dynamic environment successfully, it is crucial for LGA's to develop a robust engagement framework that fosters collaboration with future industries, levels of government, supporting industries/ organisations and community.

This paper aims to raise the necessity of a universal comprehensive framework that LGA's can utilise to engage with and support future industries effectively.

The Shire of Chapman Valley believes a universal framework is essential for Western Australia Local Governments to understand the opportunities, threats, challenges, risks, and leverage associated with future industries, and respectfully request WALGA to undertake research and development of such policy and framework.

#### Comment

The rapid advancing of net zero policies and transition to renewables and future industries, such as green hydrogen and ammonia requires careful planning and consideration. We don't know what we don't know! LGAs welcome a greater understanding of future industries and developing an engagement framework they can reference and adopt while dealing with multiple large-scale infrastructure and future industry projects all while attaining best possible outcomes for their community. Key points to help scope such a strategy.

- Economic and Social Impact
- Technological Advancements
- Workforce Transformation
- Infrastructure, Investment, and Development
- Policy and Regulatory Alignment
- Collaboration and Partnerships
- Environmental & Synergistic
- Funding and Investment Mechanisms
- Engagement Strategies

#### **OPPORTUNTIES AND PROPOSED ACTIONS:**

Development of best practices and case studies via

1. International Examples

Highlight successful engagement frameworks implemented by international cities and regions to illustrate best practices and lessons learned in engaging with future industries.

2. National Examples

Highlight successful engagement frameworks implemented by other Australian state, regional, or cities/towns to illustrate best practices and lessons learned in engaging with future industries.

3. Local Success Stories

Several LGAs in WA have already had development in future industries approved and constructed, which provides a learning point. Showcase case studies of local governments that have effectively engaged with future industries, demonstrating the positive outcomes, tangible benefits achieved through collaboration and strategic planning along with any negative detractions and lessons learnt.

Development of an MOU to support partnerships across levels of government and stakeholders.

#### **DESIRED OUTCOMES:**

A Local Government Future Industries Engagement Framework serves as a blueprint for LGA's to navigate the complexities of emerging industries successfully. By adopting a proactive approach and implementing effective strategies, LGA's can harness the potential of future industries to drive economic growth, foster innovation, and improve the overall well-being of their communities. With a comprehensive framework in place, LGA's can become key facilitators of sustainable development in the era of rapid technological advancements and transformative industries.

### MONTHLY FINANCIAL REPORT FOR THE PERIOD ENDED 31 MAY 2023

#### **BASIS OF PREPARATION**

#### **BASIS OF PREPARATION**

The financial report has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying Regulations.

The *Local Government Act 1995* and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

#### THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 14 to these financial statements.

#### SIGNIFICANT ACCOUNTING POLICES

#### CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities not readily apparent from other sources.

Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimation of fair values of certain financial assets
- estimation of fair values of fixed assets shown at fair value
- impairment of financial assets

#### GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

#### **ROUNDING OFF FIGURES**

All figures shown in this statement are rounded to the nearest dollar.

#### **CURRENT AND NON-CURRENT CLASSIFICATION**

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. Unless otherwise stated assets or liabilities are classified as current if expected to be settled within the next 12 months, being the Council's operational cycle.

#### KEY INFORMATION

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 4 - Other assets.

#### KEY INFORMATION

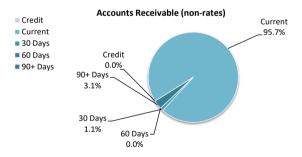

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

#### Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

#### KEY INFORMATION

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the period that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

#### SIGNIFICANT ACCOUNTING POLICIES

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

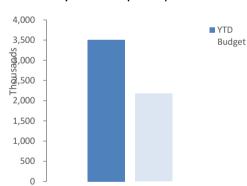

#### Initial recognition and measurement for assets held at cost

Plant and equipment including furniture and equipment is recognised at cost on acquisition in accordance with *Financial Management Regulation 17A*. Where acquired at no cost the asset is initially recognise at fair value. Assets held at cost are depreciated and assessed for impairment annually.

## Initial recognition and measurement between mandatory revaluation dates for assets held at fair value

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and first the cost of the project and an appropriate proportion of variable and first the cost of the cost of

The Shire has no unspent debenture funds as at 30th June 2022, nor is it expected to have unspent funds as at 30th June 2023.

#### KEY INFORMATION

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Non-current borrowings fair values are based on discounted cash flows using a current borrowing rate.

#### **KEY INFORMATION**

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is or contains a lease, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At the commencement date, a right of use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

All contracts classified as short-term leases (i.e. a lease with a remaining term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

#### KEY INFORMATION

#### Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

#### **Employee Related Provisions**

#### Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

#### Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

#### Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

#### Capital grant/contribution liabilities

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

### **Voting Requirements**

Simply Majority

### **Staff Recommendation**

That Council endorse amendments, deletions and additions to Corporate Management Procedure within the Shire of Chapman Valley Policies & Management Procedures manual as presented.

### **Disclosure of Interest**

No officer declared an interest under the Local Government Act 1995, Subdivision 1 (LGA 1995) in the preparation of this report.

### **Background**

The Western Australian Industrial Relations Commission (WAIRC) issues a State Wage Case General Order (State Wage Order) annually in June which sets the WA minimum wage for adults, apprentices and trainees, and adjusts wage rates under the State awards. The State Wage Order now applies to all Local Governments in WA (with the exception of the Shire of Christmas Island and the Shire of Cocos (Keeling) Islands). Local Governments must ensure that the wages paid to employees are the same as, or higher than, the State minimum wage.

### Comment

As a general rule, many Local Governments provide much higher rates of pay than the State minimum wage which is important for the attraction and retention of staff. Annually WAIRC considers factors pertaining to the state of the economy and reviews the minimum wage. Submissions are sought from all sectors with the WA Local Government Association providing a response from the WA Local Government sector. Council sits as one of approximately 58 WA Local Governments out of 137 covered by either the State awards or the new state instrument – Local Government Industry Award 2020 industrial agreement, which are generally the smaller Salaries & Wages Tribunal band 4 Local Governments that have more limited revenue and capacity to pay. Council needs to

strike a balance between the need for fair wages to attract and retain essential skillsets with the requirement to carefully manage their budgets in the interest of their communities.

### **Statutory Environment**

The report complies with the requirements of the: Local Government Act 1995

Local Government Act 1995 – Section 2.7(2)(b)

Role of Council

- 1. The council:
- 1. Governs the local government's affairs; and
- 2. Is responsible for the performance of the local government's function.
- 2. Without limiting subsection (1), the council is to:
- a. Oversee the allocation of the local government's finances and resources; and
- b. Determine the local government policies.

The legislation has no specific period for the review of Policies, yet Council has attempted to undertake a review annually.

### **Policy/Procedure Implications**

A Policy or Procedure is affected: HR & Induction Policy & Procedures Finance Policy & Procedures

All of the Shire of Chapman Valley existing policies & procedures are reviewed annually by Senior Staff, with those being recommended for amendments, adoption or deletion presented to Council for consideration.

### **Financial Implications**

### **Long Term Financial Plan**

No major effect is anticipated on the Long-Term Financial Plan.

### **Strategic Implications**

It is important Councillors and staff are fully conversant with Policies and Procedures of the organisations in the first instance and for these to be accessible to the Elected Members, Staff and the community to ensure all ambiguity are removed regarding how the Shire operates.

It is also important Councillors and staff review the policies & procedures to ensure these remain current and relevant.

### Strategic Community Plan/Corporate Business Plan Implications

### **GOVERNANCE & ACCOUNTABILITY**

- 5.1 Ensure governance and administration systems, policies and processes are current and relevant.
- 5.1.1 Review policy categories and set ongoing accountability for review processes.

### Consultation

All Responsible Staff members are given opportunity to recommend to the CEO any amendments, deletions and additions to the existing policies & procedures, which forms the basis of the Staff Recommendation presented for Council consideration.

### **Risk Assessment**

An Insignificant Compliance Risk of Level 1 - Which will likely result in no noticeable regulatory or statutory impact.

There is a risk associated with the organisation's Policies and Management Procedures being antiquated and not relevant, which could lead to poor operations and possible areas of non-compliance with legislation.

### **Voting Requirements**

**Absolute Majority** 

### **Staff Recommendation**

That Council write-off a portion of interest on Rate Assessment Numbers A1693, A1064 & A1692 for the period (November 2022 to April 2023) due to an administrative error on Councils behalf totalling:

A1693 \$150.25 A1064 \$538.42 A1692 \$680.39 \$1,369.06

### **Disclosure of Interest**

No officer declared an interest under the Local Government Act 1995, Subdivision 1 (LGA 1995) in the preparation of this report.

### **Background**

Council have received correspondence from Matt & Brenda Williamson pertaining to statements received for outstanding Rates & Charges (including penalty interest) on lots 6822 (A1692), 6095, 6818, 5, 3, 4 (A1064), 6789 (A1692) which were part of the sale between DK Williamson and M & B Williamson on 2<sup>nd</sup> May 2023.

The sale occurred on 2<sup>nd</sup> November 2022 but due to Council's external rates contractor not picking up the change of ownership until Council bought the function back "in-house" and the error of ownership being corrected in early May. This meant that the new owners were not aware of the overdue amounts (including interest) until this time.

Once the new owners were aware of the outstanding amount, the rates were paid, they are now just questioning the interest charged during the November 2022 to April 2023 period and are happy to pay the remainder.

The Chief Executive Officer has delegated authority to write off amounts of under \$100, but in this case as there was an error on our part in sending the rate notices to the new owners, it seems fair that Council write-off a portion of interest (November 2022 to April 2023), but the remainder rest with the new owners.

A1693 \$150.25 A1064 \$538.42 A1692 \$680.39 \$1,369.06

### Comment

The total arrears owing on the assessments (\$19,755.42) rates with late payment interest fees (\$2,934.36) relates to these arrears.

Due to a changeover in staff (going from external back 'in-house'), a small error was picked up in that the rate record didn't update the ownership until recently (early May), resulting in the new owners (M & B Williamson) only receiving the overdue notice in early May.

### **Statutory Environment**

The report complies with the requirements of the: Local Government Act 1995

### 6.12. Power to defer, grant discounts, waive or write off debts

- (1) Subject to subsection (2) and any other written law, a local government may
  - (a) when adopting the annual budget, grant\* a discount or other incentive for the early payment of any amount of money;
  - (b) waive or grant concessions in relation to any amount of money; or
  - (c) write off any amount of money,

which is owed to the local government.

- \* Absolute majority required.
- (2) Subsection (1)(a) and (b) do not apply to an amount of money owing in respect of rates and service charges.
- (3) The grant of a concession under subsection (1)(b) may be subject to any conditions determined by the local government.
- (4) Regulations may prescribe circumstances in which a local government is not to exercise a power under subsection (1) or regulate the exercise of that power.

### **Policy/Procedure Implications**

A Policy or Procedure is affected: Finance Policy & Procedures

Delegation 3007 allows the Chief Executive Officer to write off penalty and legal fees up to the value of \$100.

### **Financial Implications**

### **Budgetary Implications**

The budget will be affected in the following ways:

Should Council approve the write-off of interest, the amount being written-off is \$1,369.06

### **Strategic Implications**

### **Strategic Community Plan/Corporate Business Plan Implications**

### **GOVERNANCE & ACCOUNTABILITY**

5.2 Be accountable and transparent while managing human and physical resources effectively

5.2.2 Long Term Financial Management.

### **Risk Assessment**

An Insignificant Financial Impact Risk of Level 1 - Which will likely be less than \$1,000. A Minor Reputational Risk of Level 2 - Which will likely result in substantiated, low impact, low news item.

### 11 Elected Members Motions

# Local Government Act 1995 SHIRE OF CHAPMAN VALLEY Standing Orders Local Law 2016

### Part 5 - Business of a meeting

### 5.3 Motions of which previous notice has been given

- (1) Unless the Act, Regulations or this local law otherwise provide, a Member may raise at a meeting such business as he or she considers appropriate, in the form of a motion, of which notice has been given in writing to the CEO and which has been included on the agenda.
- (2) A notice of motion under subclause (1) is to be given at least 10 clear working days before the meeting at which the motion is moved.
- (3) A notice of motion is to relate to the good governance of the district.
- (4) The CEO -
- (a) may, with the concurrence of the President, may exclude from the notice paper any notice of motion deemed to be, or likely to involve, a breach of any of this local law or any other written law;
- (b) will inform Members on each occasion that a notice has been excluded and the reasons for that exclusion;
- (c) may, after consultation with the Member where this is practicable, make such amendments to the form but not the substance as will bring the notice of motion into due form; and
- (d) may provide to the Council relevant and material facts and circumstances pertaining to the notice of motion on such matters as policy, budget and law.
- (5) A motion of which notice has been given is to lapse unless:
- (a) the Member who gave notice of it, or some other Member authorised by the originating Member in writing, moves the motion when called on; or
- (b) the Council on a motion agrees to defer consideration of the motion to a later stage or date.
- (6) If a notice of motion is given and lapses under subclause (5), notice of a motion in the same terms or to the same effect is not to be given again for at least 3 months from the date of such lapse.

The Council has not received any notice of motion from an elected member at the time of writing this report.
